The city of Crawford is having its own troubles these days. Just now a number of the citizens are "sore" at Mayor Hungerford on account of his actions in the Perival-Henry case, in which the mayor took the case into his own hands and meted out justice. Their other trouble pertains to the city streets. A number of the citizens are agitating the oiling of the streets, while the city prefers paved streets. Verily, every town has troubles of its own.

An item of importance which was overlooked last week was the refinishing and improving of the Reddish block on the corner of Second and Box Butte. In addition to the building itself being thoroughly overhauled, a concrete sidewalk has been laid

along the south side of the building, from front to rear, which is a great improvement over the old board walk. The second floor of the building will be used as office rooms.

The curbing and guttering in the first three improvement districts—that is, districts 1, 2 and 3—was completed Tuesday night, and the force is now working on district 6. The contract for districts 4, 5 and 6 is still pending, but the city will probably advertise for bids soon. It is probable that there will be created one or two more districts.

SURPRISES MANY IN ALLIANCE

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka, the remedy which became famous by curing appendicitis, is surprising Alliance people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost immediately. Adler-I-ka is the most thorough bowel cleanser ever sold. H. THIELE, Druggist.
