## Over 90 per cent of Business Men Fail

Men fail in business because they do not know the game. They lack system and a thorough knowledge of their business. The reason why so many would-be farmers fail is because they know little or nothing of the science of farming. They think anybody can farm and then are surprised to find that their crops will not grow. The farmer who is always behind, who always has bad luck with his crops, is the man who farms by guess and trusts to luck. If he were in the mercantile business he would be in the hands of a receiver within a year. He is a failure but he hangs on because the poorest farmer can get a living out of the land if he only plows and sows the seed.

### An Agricultural Education

The first thing a young man who intends to go into business should do is to take a course in a business college. Here he can become familiar with the first principles of business, without which he will fail. The first thing a man who expects to farm should do is to take a course in an agricultural college, if he can, but if he has not the time or the money to spend in a two-year course, he can get the same instruction at home by taking a course in the **Campbell Correspondence School of Soil Culture**. Everything is furnished—books and all—at a very slight cost, and the best thing about it, he does not have to leave the farm or his work.

He can choose from the following courses:

Soil Improvement Course	Cereal Culture Course
Horticultural Course	Dry Farming Course
Small Farming Course	Farm Engineering Course
	Soil Tillage Course

Summer is the time to study agriculture, and the farm and garden is the laboratory in which to work out the problems. Don't wait for fall or winter to begin, but get busy now. You will learn more in one summer applying your instruction in the fields than in a dozen winters sitting by the fire. Send for our catalog Number 3. It will not cost you a cent.

### NEIGHBORLY ADVICE

**Freely Given by Alliance Citizen**  
When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is of untold value to friends and neighbors. The following neighborly advice comes from an Alliance resident.

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted through my loins and it was hard for me to straighten. I tried many remedies, but all failed to help me until I used Doan's Kidney Pills. They brought relief in a short time and I continued using them until I was free from kidney complaint. I have had no reason to change my high opinion of Doan's Kidney Pills since I recommended them some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Whaley had. Foster-Milburn Co., Props., Buffalo, N. Y.

## LIVESTOCK PRICES AT SOUTH OMAHA

Cattle 10 to 15c Lower and Slow at the Decline.

HOG VALUES 10 TO 15C OFF.

Market on Sheep and Lambs Reacts, Due to Fair Local Run and Break at Chicago—Bids All of 50 Cents to \$1.00 Lower.

Union Stock Yards, South Omaha, June 15.—Cattle receipts were tolerably liberal yesterday, some 6,200 head arriving. On account of bad markets east, the trade here was slow and the bulk of the fat cattle sold at prices 10 to 15c lower than the close of last week. On a few of the more desirable cattle prices were not so very much lower than last week. It took choice yearlings to bring \$9.00, and prime heavy cattle went at \$8.75. There was not a great deal of change in the market for cows and heifers as compared with the latter part of last week. Veal calves were in good request and steady to a little lower, and bulls, stags, etc., found a very decent outlet at steady to somewhat lower figures. There was a good demand from all sources for stockers and feeders and trade was steady as far as it went.

Cattle quotations: Good to choice yearlings, \$8.60 to \$9.10; good to choice heaves, \$8.40 to \$8.80; fair to good heaves, \$8.20 to \$8.40; common to fair heaves, \$7.25 to \$8.15; good to choice heifers, \$7.00 to \$7.75; good to choice cows, \$6.75 to \$7.50; fair to good cows, \$5.75 to \$6.50; canners and cutters, \$4.00 to \$5.50; veal calves, \$8.00 to \$10.50; bulls, stags, etc., \$5.25 to \$7.25; good to choice feeders, \$7.60 to \$8.20; common to fair feeders, \$6.25 to \$7.00; stock heifers, \$5.75 to \$7.00; stock cows, \$5.50 to \$6.50; stock calves \$5.00 to \$8.00.

Some 8,300 hogs arrived yesterday. Shipping hogs suffered a 15c decline yesterday, making most of their purchases around \$7.20 to \$7.30, with a top of \$7.35. The bulk of the packers' purchases were made at 10 to 15c lower prices. Most of the sales were made at \$7.10 to \$7.15, and tops reached \$7.35.

Sheep and lamb receipts totaled 2,800 head. Packers, who have been paying the high prices under protest for the last two weeks, took advantage of sharp declines at other points to lower values, and bids on lambs early were quoted as much as 50c to \$1.00 lower. Up to a late hour no lambs had been cashed. Some range yearlings went to a feeder buyer at \$6.75. Some California yearlings were slower to move, but in the end they went at \$8.25.

Quotations on sheep and lambs: Lambs, good to choice \$9.75 to \$10.25; lambs, fair to good \$9.00 to \$9.75; lambs, spring \$9.50 to \$11.00; ewes, good to choice, \$5.50 to \$6.00; ewes, fair to good, \$4.00 to \$5.50.

**Bilious Attacks**  
When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clear out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.
