The game played at Hemingford Saturday between the Hemingford and Alliance Methodists was a walk-away for the Hemingford boys, who took the game safely away in the first inning by running four scores. COME IN AND SEE this car which has created such a furore in motoring circles.
EVER SINCE THE BIG "AD" appeared announcing the Reo line for 1915, we have been besieged by enthusiasts who wanted to see, to study and to ride in this latest Reo creation.
FOR EXPERIENCED buyers have learned to look for the new Reo models from year to year, as an index to what the most progressive makers will do.
REO SETS THE PACE—the standard in quality, in design and in value—always.
THIS YEAR more than ever, Reo hits a stride others will find it difficult—if indeed possible—to follow.
THIS SIX IS SENSATIONAL not because it is a six but because it is a Reo.
FOR REO WAS NOT one of the first to embrace the "Six" idea. Reo was one of the last.
REO WILL NEVER BE one of the first to adopt any innovation—any new—any unproven idea. For Reo policy has ever been, not to sell ideas—innovations—but automobiles. Dependable automobiles.
AND YOU WILL ALWAYS find Reo "trailing" to just that extent. Reo will never be one of those to "take a chance" —with the customers' money.
NOT UNTIL EVERY uncertain or unknown quantity has become a certainty will any new type of car or motor or axle or part be offered with the Reo name-plate.
SO YOU CAN ALWAYS BE SURE—as you have in the past—that in buying this Six you are investing in no experiment.

THIS SIX IS THE RIPEST result of Reo engineering experience. The very fact that we make and offer it to you is evidence that the "Six" idea has now passed the realm of uncertainty.
AND FURTHER, let us assure you that, every one of the "sixty points of superiority" have been tried—proven—in fact, helped make the fame of Reo the Fifth—the Four that has for several years set the pace and is today setting it faster than ever.
OUR "SIX" DEMONSTRATOR has just arrived—or will have by the time you read this. We've been notified it is on the siding and it will be at our show rooms (in the morning) (this afternoon)
YOU ARE INVITED to come in and see it—look it over carefully, critically, and when you are convinced that it isn't possible to buy a better car or to get a better reputation with it—why then place your order and insure a definite—and an early—delivery date.
DEMAND IS TREMENDOUS. In all the years Reo has been in business the company has never, even with its matchless manufacturing facilities, been able to make enough cars to supply all who wanted Reos.
THIS SEASON the demand is greater than ever—unprecedented even in Reo history.
SEEMS AS IF the more careful folk become in the selection of their automobiles, the more do they select Reos. The longer they have motored, the more do they appreciate Reo stability. Seems like. And that's the reward Reo has been working for all these years.
SO COME—SEE—SELECT your Reo. Don't delay for many will surely be disappointed. Secure yours.
