JORDAN BOUND OVER

Man Accused of Killing Joe Layton at Scottsbluff Given Preliminary Hearing

Dan Jordan, who is charged with the murder of Joe Layton near Scottsbluff, was given a preliminary hearing before County Judge DeLaMatter at Scottsbluff Monday afternoon of last week.

Jordan did not have an attorney and stated to the court that he expected Lawyer Davies, of Butte, Nebraska, to defend him, but it is understood that Mr. Davies sent word to County Attorney F. A. Wright of Scottsbluff that he "did not expect to conduct the defense." Jordan was instructed as to his rights in the case, but did not wish to waive a preliminary examination.

No new testimony was offered, and only a few witnesses were examined. Jordan questioned Sheriff Aaron as

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. Write to MILES MEDICAL CO., Elkhart, Ind.

to where the bloodhounds were first put on the trail, otherwise taking no part in the examination. Neither Mrs. Layton, Mrs. Jordan nor Miss Esther Catlett were present. Upon the conclusion of the hearing, Judge DeLaMatter bound Jordan over to the district court, without bail. It is rumored that Judge Hobart may call a special term of court soon, in order that Jordan may be given trial, but this rumor is not substantiated yet.

Jordan does not show any bad results from his close confinement, nor did he present the appearance of a man who is worrying a great deal. Miss Catlett is suffering from an attack of the measles. The sensational developments that were forecast did not develop at the preliminary hearing, but it is probable that they will be brought out at the trial.

SELLING U. S. LANDS

145,000 Acres of Land in Former Flathead Reservation Will Be Offered for Sale in August

Approximately 145,000 acres of land, within the former Flathead Indian reservation, in Montana, will be offered for sale at Kalispell and Missoula, in Montana, during the month of August, under regulations announced today by Secretary Franklin K. Lane, of the Department of the Interior.

One hundred thousand acres of land is classified as agricultural land of the first class, as agricultural land of the second class, or as grazing land. It will be sold to the highest bidder, in tracts of 160 acres each, or less, for cash, at not less than its appraised value, which ranges from \$1.25 to \$7 an acre, most of it at prices varying from \$1.25 to \$2. A portion of the land will be offered for sale at Kalispell, on August 16, and a portion at Missoula, on August 23, 1915. Bids may be made in person or by agent, but will not be received through the mails. No one person will be permitted to purchase more than 640 acres in his individual right, although one may buy the maximum amount for himself and an like amount, as agent, for each person from whom he holds a properly executed power of attorney.

The remaining 45,000 acres is classified as barren, burned-over, and small-timber land. It will be offered for sale to the highest bidder in tracts of 160 acres, or less, at not less than its appraised value, which does not exceed \$1 an acre. If the purchase price is \$50, or less, it must be paid in cash at time of sale; but if more than \$50, partial payment of at least \$50, must be made in cash. If the sale price is \$100 or less, and full payment is not made at the time, the purchaser must pay the unpaid balance in one year from the date of sale; if more than \$100, he

must pay one-half of the balance in one year and the other half in two years from the date of sale. This land will be offered for sale, one portion at Kalispell, on August 13, and the other portion at Missoula, on August 25, 1915. Bids may be made in person or by agent, but will not be received through the mails. One may purchase any number of acres for which he, or his agent, is the highest bidder. Powers of attorney will not be required.

REPORTS WERE GOOD

Monthly reports of City Departments Make Good Showing for the Month of June, 1915

The reports of the city departments rendered to the council at the meeting last week were fine. The report of the city treasurer for June showed receipts in the general fund of \$525.20 and expenditures of \$1,412.65. Receipts in the water fund were \$505.54 and expenditures were \$790.69. Receipts in the light fund were \$2170.92 and expenditures were \$1304.48.

The report of the electric light department showed during June gross earnings of \$2330.91 as against \$2,374.42 for last month and \$2462.17 for the same month last year. Discounts allowed for the month were \$154.91 as against 158.38 for last month and \$167.05 for the same month last year. Operating expenses were \$1159.85 as against \$1528.17 for last month and \$1320.24 for the same month last year. Net earnings for June were \$1016.15 as against \$687.87 for last month and \$974.88 for the same month last year. Construction expenses for the month were \$79.03 as against \$532.19 for last month and \$568.70 for the same month last year. There are now a total of 577 customers, an increase over last month of seven.

The report of the water department for the quarter ending June 15 showed receipts of \$2158.66 as against \$1872.84 for the same quarter last year, with uncollected balances of \$490.05. There are now 685 customers as against 670 for the same quarter a year ago.

GOOD SUGGESTION TO ALLIANCE PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Alliance agents for Adler-I-ka. H. THIELE, Druggist.

Exchange Gossip

D. O. Vaughn went over to Alliance Saturday morning and returned Monday evening, accompanied by his little great grandson. Two auto loads came to Chadron from Alliance Sunday—eating picnic dinner in the hills. Among the party were Mr. and Mrs. W. W. Norton and their son, Ward B. Norton and wife, who were guests at the Potts home.—Chadron Journal.

John W. Thomas, editor of the Alliance Herald, which for several years has been the official publication of the Nebraska Stock Growers Association, will with the month of July, begin the publication of the Nebraska Stockman. The paper will be devoted exclusively to Nebraska's great live stock industry. The Alliance Herald is among the leading papers of Nebraska and success is sure to crown the efforts of Editor Thomas in his new venture.—Ord Journal.

Dusty's Dabblings

Some men are born fools, some achieve foolishness, and others have exaggerated opinions of themselves.

It is claimed that man descended from monkey—and, oh, how rapid the descent has been in some cases.

When a man achieves fame or important office through dishonest methods and knows that other people are aware of it, he is seldom seen blowing his own horn to excess.

No man ever got far ahead in this life by sitting on the street corners and discussing the problems of the national government.

Since the complications have arisen between Germany and the United States, private citizens who have never been accused of having enough sense to solicit washings for their wives, have bobbed up all over the country, including Alliance, with solutions for the national difficulties. Any one of these poor boobies can tell you in five minutes everything that is wrong with the government and the officials, and he knows just how to remedy matters. Cut it out, brother—we shouldn't be surprised if Wilson knew nearly as much about it as you do.

Generally when a man walks around all the time with a chip on his shoulder he gets it knocked off in time.

A veterinarian claims that a corn diet is not the best for hogs. We believe many people will agree with us in saying that there are several hogs in Alliance that ought to be put on a corn diet for the rest of their lives.

It is now claimed that Edison will assist in building up the navy. We suppose he will use a phonograph, an electric light bulb and a portable cement house in the work.

All we can say about those aged men who are now on the stand accused of murder is that they ought to have known better.

The Alliance division, O. S. D. committee will hold its next meeting in Broken Bow some time after the twentieth of this month. There will be representatives here from the western part of the state and as many agents from this division as can possibly get away. On the same day the O. R. T. will meet here. In all there will probably be fifty representatives present. The Public Service club has tendered the use of its rooms on that day to both organizations.—Broken Bow Chief.

Mrs. E. T. Gregg was a visitor in Alliance over Tuesday night, the guest of her friend Mrs. Christina MacCray. * * * We hear of a queer freak of the lightning down at Lake

FRENCH INSPECTION

Alliance, Nebraska, at stock yards will begin again at 1:00 p. m. on **Friday, July 23** to continue indefinitely

Three classes will be accepted:

Cavalry - - \$115.00
Light Artillery \$135.00
Heavy Artillery \$157.50

Your horses will never be in better shape to sell Inspection under direction of Mitchell, Hilliker & Simpson

Commission \$2.00 per head. No sale, no commission.
10c per head per day yardage. Feed and pasture extra.

Alliance Commission Co.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally an evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

MOST DISTINGUISHED MAN

Professor Lawrence Bruner of Lincoln Given Distinction and will Attend Exposition as Such

Professor Lawrence Bruner, who has been connected with the University of Nebraska for almost thirty years, has been selected as "Nebraska's most distinguished man." As such he will attend the San Francisco exposition as this state's representative.

A number of Nebraska men were selected by the newspapers, but strange to say, not one in the list was considered. Prof. Bruner's name was not even in the list. It is not probable that the man who has been selected as the most distinguished of the population of Nebraska. His fame as a scientist extends across both oceans, but it seems that he has been so absorbed with his work that he has not had time to cultivate the acquaintance of home people.

Benefitted by Chamberlain's Liniment

"Last winter I used Chamberlain's Liniment for rheumatic pains and soreness and stiffness of the knees, and can conscientiously say that I never used anything that did me so much good."—Edward Craft, Elba, N. Y. Obtainable everywhere.
