by show, nail driving contest, crack-eating contest, and some handicap races for men, women and children. Suffice to say, there will be something doing every minute of the day, and the Commercial Club is offering \$500 as an inducement for the people to enter the contests and to pay for the single attractions.

Some of the eligibles in the fat man's race are Cal Cox, George Burke, Bud Betzold and Cy Laing. These men are now commencing to take long morning "hikes" through the country, and it is noticed that they have unconsciously quickened their gait in going on their business errands over town. While it is not thought that any of them will take such strenuous exercise that they will be disqualified on account of weight, it is hoped for their own benefit that they will confine their exercises to the early morning hours before there is danger of sunstroke.

Last year, just a few minutes before the contest was to start, it was discovered that the grease pig had mysteriously disappeared. Sheriff Cox and Detective Fisher started on the culprit's trail, and succeeded in locating the precious swine in time for the contest. This year it is planned to handcuff the pig, secure it with a log chain in one of the bank vaults, and set the time lock for five minutes before the contest is to start.

The small boys are urged to "fast" for about a week before the celebration, as it is possible that a pie-eating contest may be added. This year the town girls are practicing on the feminine events for the day, as the former girls last year outclassed them in almost every contest.

There is a prospect of a ball game between the farmers and the business men, and rivalry is already springing up between the two factions. It is reported that the farmers recently made a trip to Pine Ridge and there secured a number of small saplings that would do as baseball bats, and are using these in their practice work. They are proving very proficient with the imitations, but it is probable that they will be compelled to make another trip to the Ridge inside of the next week, owing to the great amount of interest being shown. The business men are confident of success, but they are practicing just the same in anticipation of a game. Sporting goods houses in Alliance are reducing their stocks in a hurry because of the many bats that are being broken.

Will Sell Plunge Tickets

A special meeting of the Alliance fire department was held Monday evening to take up the matter of paying off the balance of the cost of building the big plunge which is so popular with Alliance people. A portion of the necessary funds was subscribed by firemen.

A special committee will call on Alliance citizens within the next few days to sell tickets to the plunge. These tickets sell for five dollars. They are transferable. Each ticket entitles the holder to the use of the plunge twenty times with bath suit and towel furnished, or twenty-five times if the holder has his own bath suit. Alliance citizens should acknowledge the enterprise of the fire department by purchasing these tickets.

MANY POSITIONS OPEN

Civil Service Examinations for Many Important Positions Will Be Held in Alliance

The government wants men in the service, and wants them badly. Examinations in dozens of different departments will be held throughout the United States this fall. Between September 13 and November 10 there will be held examinations for elevator conductor, press feeder in government printing office, stenographers, stenographic clerk, typewriter in departmental and Panama Canal service, draftsmen, physicians, inspectors, chemists, postal clerks, veterinarian, engineers, and in the Indian service.

The commission states that they have been unable to supply the demand for male stenographers and typewriters at Washington, D. C., and young men who are willing to accept appointment at an entrance of \$840 to \$900 per annum have excellent opportunity for advancement. The government service offers a desirable field to bright and ambitious young men. Application forms and full particulars may be obtained from the secretary of the board of examiners at all the principal cities over the United States.

POLICE COURT QUIET

Not Much Doing This Week—Drunk Gets \$1 "And"

George W. Harris was fined \$1 and trimmings in police court Monday morning for being drunk and disorderly. Harris came to town from a farm near Alliance where he had been working, and for a tired feeling used wine as medicine. But he had no idea the medicine was so strong, and before he had taken the eleventh dose he was feeling extra well—so well, in fact, that he wanted to be a good fellow to everyone he met. He was advised that a "sick" man should hunt a comfortable bed wherein to lie until the sickness passed, but George decided to "walk it off". When he reached the place where the boys' band was playing Saturday evening, he thought it would be nice to play all the horns at once, in addition to beating the drums, but his efforts along this line proved his undoing, for the strong arm of the law reached out and clasped him. Monday morning, after his two-night-and-one-day sojourn in the station, he told his story. He was a clean, well-appearing young fellow, and it was not thought that he belonged in the "rounder" class but that he had just mistaken his capacity for "medicine". He paid his fine as soon as sentence was passed.

Judge Roberts, high tribunal at the police station, says that business in that institution has not been so rushing lately, and the officers have been given a chance to draw their breaths. The judge was unable to give any explanation for the decrease in business, but he thinks the unenviable weather of the past week has done down all criminal instincts in the would-be criminals of all classes.

NEIGHBORLY ADVICE

Freely Given by an Alliance Citizen

When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is of untold value to friends and neighbors. The following neighborly advice comes from an Alliance resident.

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted through my loins and it was hard for me to straighten. I tried many remedies, but all failed to help me until I used Doan's Kidney Pills. They brought relief in a short time and I continued using them until I was free from kidney complaint. I have had no reason to change my high opinion of Doan's Kidney Pills since I recommended them some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Whaley had. Foster-Milburn Co., Props., Buffalo, N. Y.

POLITICAL ANNOUNCEMENT

To the Republican Voters of Nebraska:

After mature consideration I have concluded to ask for the republican nomination for Governor of the State of Nebraska.

I have always been a progressive republican, and I believe in the principles and policies of men like Senator George W. Norris.

I believe in a better enforcement

and more respect for the laws of the state and nation.

I favor rigid retrenchment and reform in the expenditure of public money and am opposed to the increase or continuance of useless boards and tax-eating commissions.

I expect to discuss fully and frankly in this campaign the details of all issues that affect the welfare of the people of this state.

I am opposed to the American saloon, because a great majority of the saloon keepers join hands with gamblers, the underworld, and all other law-breakers in the controlling of elections and the debauching of public officials. The brewers and liquor dealers have elected a majority of the city officials of Omaha for years, and their work along the same line is seen throughout the state. So long as they exist they will stand in the way of all reform or progress in Nebraska.

Therefore, in the coming contest I will favor and support the proposed constitutional amendment to abolish the saloon in this state.

A. L. SUTTON, Omaha, Nebr.

FIREMEN ARE READY

Alliance Volunteer Fire Department Will Take Prominent Part in Labor Day Celebration

The Commercial Club has planned for the Alliance volunteer fire department to take a prominent part in the Labor Day celebration September 6. Relay races will be run by the different companies, hose company number one, hose company number two and the hook and ladder company each being represented. There is intense rivalry between the boys and a great match is expected.

A wrestling match between two of the expert wrestlers of the department is another feature. The boys who will take part are training each night and will be in fine shape. The contest will be quick and snappy and worth seeing.

A feature of the day's entertainment will be a water fight between picked and experienced men from the department. The men will be given the same lengths of hose and the first side to drive the others across a line will win the money. A water fight held two years ago between T. P. A. members and members of the fire department proved a source of much amusement to large crowds.

The official labor day dance will be held in the evening at the opera house under the auspices of the fire department. Music will be furnished by a six piece orchestra and a very reasonable charge will be made for dancing. The committee appointed to handle the dance is composed of experienced men who know how to provide entertainment that will suit the guests. The committee consists of Myers, Rockey, Ralston, Vaughan, Keiser and Hill.

The members of the fire department have agreed to turn all money received for prizes and from the dance to the swimming pool fund, to help complete the payment of all costs of the big pool.

New Barber Shop

John J. Rankober last week leased the northeast corner room of the Holsten building occupied by The Herald, and will open in it a first-class barber shop. The material has been ordered for several days and is expected so that the shop can be opened for business the latter part of this week or the first of next week. Mr. Rankober will start business with two chairs, and these will be added to as the business demands. He is a barber of many years' experience, coming here from Sioux City, Ia., where he had been in business for a number of years. He is a brother-in-law of Mike Bayer.

Who is a Farmer?

The man that raises the best of all kinds of field and garden products on any old kind of soil, any old year, and a bumper crop when seasons are at all favorable. This has been that kind of a season. If you have been a good farmer under adverse conditions, your crop must be a drea this season, one that would bring you great credit as a farmer and properly advertise your community if properly exhibited to the public.

An inexpensive way to accomplish this purpose is to gather a good exhibit of your crop and send to the Tri-State Fair at Crawford, Nebraska, September 9, 10, 11. They pay the freight, you get the credit.

For Sprained Ankle

If you will get a bottle of Chamberlain's Liniment and observe the directions given therewith faithfully, you will recover in much less time than is usually required. Obtainable everywhere. Adv.—August

Sheep and lamb receipts yesterday totaled 27,000 head. Prices were generally 10@15c lower. Bulk of the decent lambs moved at \$3.25@3.40. Old sheep took the big end of the day's break, fat ewes being quoted as a flat quarter off. The best sale reported was a bunch at \$5.25. Yearlings showed about the same decline as lambs, some selling as high as \$6.25. There were not a great many wethers on hand, but a little bunch was reported at \$6.45, which was a dime above last week's high figures. Feeder lambs were uneven. There was a broader supply here than at any previous time this season, but buyers went right after them, and took the bulk of the good ones around \$3.00@3.15, with some on down to \$2.75 and one load was reported as high as \$3.30.
