Cheap and big can Baking Powders don't save you money, Calumet does—it's Pure and far superior to sour milk and soda.

### STATE CAPITAL NEWS

**Morehead Honor Camp, Composed of Penitentiary Inmates, Proves a Success, Opinion of Warden**

(By Herald Correspondent)  
Lincoln, Nebr., Nov. 3.—When State Auditor Wm. H. Smith made his campaign during the fall of 1914, he promised that if elected he would conduct his office with as much saving to the taxpayers of the state as could be done without lowering the efficiency of the service of the office. The cost of conducting the state auditor's office can be grouped under three heads, and comparing it with the record of the expense of the office for the corresponding period last year the saving in each department shows the following:

Salaries ..... \$6,10.91  
Expense of county treasurer examiners and state account. 704.01  
Office expense ..... 294.58

Total ..... \$1529.41  
In addition to this the sum of \$325 has been earned by the state accountant for the examination of various trust companies of the state and turned into the general fund, while a considerable sum has been earned and not yet paid in.

The rooms formerly occupied by the Board of Irrigation on the third floor of the state house is being fitted up as a court room for the new supreme court commission. The commission has been holding its sessions in the senate chamber.

A suit was brought by the weights and measures department under the direction of Food Commissioner C. E. Harman last week in which a man of Johnson was fined for breaking a seal on a scale condemned by one of the state inspectors. The party had removed the seal and used the scales for weighing purposes after they had been condemned.

The "Morehead Honor Camp", comprising inmates of the penitentiary, has proven an unqualified success in the opinion of Governor Morehead and Warden Fenton. During the last legislature Governor Morehead asked for an appropriation for experiment in road building, the measure providing that the work be done by the Lancaster inmates. Under the honor system which had been previously originated by the governor and Warden Fenton, the men were put to work in accordance with the provisions of the appropriation. That the system is a success was thoroughly demonstrated during the past several weeks. About fifty men are employed on the road south of the state farm and they seem to enjoy the outdoor work, and it is to their credit that not one has violated the warden's confidence in them. The men are paid \$1.50 a day, 50 cents of which is credited to each one, and one dollar goes to the institution. This year under this honor system, in addition to the above labor, these inmates have raised 5000 bushels of potatoes, 1000 bushels of onions, 700 bushels of table beets, 6000 bushels of corn, a large amount of oats, cabbage and other garden truck, besides 500 head of hogs and a great many chickens have been raised at the institution. The prison honor system has been so much of a success in Nebraska that it has attracted the attention of men and women interested in this kind of work from every part of the country. Not only has this system been a success from a humane and honor standpoint but it has helped greatly to reduce the cost of maintaining the institution.

### PERU NORMAL NOTES

Peru, Nebr., Nov. 1.—Prof. F. M. Gregg, head of the Department of Psychology, was in Friend Friday, at which time he delivered an address before the city teachers' institute. On Saturday he addressed the teachers of Otoe county at a meeting at Palmyra.

Miss Margaret Ellen Brown, general secretary of the state Sunday School association, will address the students at the regular chapel period, Thursday. Her subject will be "A Sunday School Vision." Miss Brown was formerly one of the most progressive and efficient county superintendents in Nebraska.

Miss Alice Hawthorne, upper primary critic, has been compelled to give up her work for a few weeks on account of sickness.

Miss Katherine L. Woods, proprietor of the Lincoln Fine Arts store, made a short visit with friends in Peru last week. Miss Woods was formerly an associate professor in the department of English in the Normal.

The success of the Budget System of handling school events has attracted attention in other states. President Hayes has received a number of inquiries from normal schools in the United States concerning the method of handling this system.

The Peru football squad went to Crete, Friday, where they met defeat in a closely contested game with Doane College. The team was accompanied by an enthusiastic squad of rooters, who report that altho the decisive score was 7 to 0, the Peru team was at no time outplayed. Coach Johnson states that altho Peru has had heavier teams, she has never had a faster or harder-fighting team since he has been in Peru, and he predicts some excellent work during the rest of the season.

For the benefit of young men and young women who are not able to attend school a full semester, short courses are offered in agriculture, sewing, cooking, manual training, commercial branches, methods of teaching common branches, and nearly all county certificate subjects. These courses will begin November 15 and continue for nine weeks. The tuition is free, and students taking these courses have the same privileges and advantages enjoyed by other students. Beginning classes will be organized in shorthand, typewriting, bookkeeping and other commercial branches, and students will be permitted to make as rapid progress as desired.

### GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka, astonishes Alliance people. Because Adler-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ka is astonishing. Harry Thiele, druggist.

### ASK FOR AGENTS

Four Additional Nebraska Counties Have Asked for County Agricultural Agents by January

There are 1,000 county agricultural agents in the forty-eight states of the Union. Of this number there are eight in Nebraska, these being employed in Gage, Seward, Madison, Thurston, Dawes, Dakota, Kimball, and Box Butte counties. Four additional counties in Nebraska have asked for agricultural agents to begin work in January.

"On the whole, these agents have been very successful in winning the support and confidence of the farming people," says the Experiment Station Record of the U. S. department of agriculture, "and tangible results of their work are very encouraging. The personality of the agent is, of course, a very large factor in determining the measure of his success. His understanding of the real problems of the region in which he is working, his sympathy with rural people, and his ability to meet them on their own ground and actually to convey to them important, practical instruction and information in a convincing way are among the essentials. When to these qualifications are added studious inclinations and habits, the possession of accurate and up-to-date knowledge of the practice and science of agriculture and business ability of high order, we have a very able and useful man whose services will mean much for the agricultural and social advancement of his county."

### Chamberlain's Tablets

This is a medicine intended especially for stomach troubles, biliousness and constipation. It is meeting with much success and rapidly gaining in favor and popularity. Obtainable everywhere.

### NATION TOOK PRIZES

Farmer Living Near Alliance Won Nine Prizes on Eight Entries

G. W. Nation, whose farm lies within a mile and a quarter from the postoffice, had an excellent exhibit of agricultural products at the exhibit hall during market week. Mr. Nation's eight entries for prizes took nine prizes, seven firsts, one second and sweepstakes.

First prizes were won on cabbage, pumpkins, squash, carrots, beets, Bermuda onions, Eureka potatoes. Second prize was won on Ohio potatoes, and sweepstakes on all articles. He had other articles entered as exhibits but they were not listed for prizes.

### RECITAL PLEASD

Students of Alliance School of Music Rendered Fine Program Last Thursday Night

The recital by the students of the Alliance School of Music at the Had-dorf Music House last Thursday evening was even more than pleasing, for the program was varied enough to suit all musical tastes, and the renditions were exceptionally fine. Those in Thursday night's program were pupils of Miss Burnett, Mrs. Zediker, Mr. Uniacke and Miss Gifford.

Miss Madeline Zediker was first on the program with the reading, "When Papa Holds My Hand", by Gillilan. Miss Madeline went through with honor, and her work showed careful work both on her part and on the part of her teacher. All the other numbers in the expression department were excellent, and much credit is due Miss Gifford for her thorough work.

All the numbers in the piano department were exceptionally good, as they always are, the expression of the little girls who took part being up to a higher standard than is usual. The voice department, Miss Burnett's, was represented by Mrs. Emma Fraker and Miss Mabel Sward, who, while they have given several private recitals, were new to public work. But they proved their ability and careful training as soon as they had rendered the first notes of their selections. Mrs. Fraker's last selection "I'm a' longin' for you," was rendered with violin obligato by Paul Thomas, and this brought forth many comments from the audience.

Mr. Uniacke's department of violin was represented by George Vandervoort, but the young man handled his part in such a creditable manner that the audience hardly noticed that he was the only student representing that department at the recital.

The recital as a whole was so pleasing that the public eagerly awaits the announcement of a similar occasion.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Dr. B. F. Lee, who was located in Alliance several years ago as government veterinarian, but who is now located on his ranch near Curly, was here during Market Week visiting with friends and attending to business matters.
