EMPHASIZED BY CONTRAST

The enormous graft often indulged in by office holders who are in politics for what they can make out of it, is emphasized by contrast, or comparison, when a reform happens to take place in spite of their efforts to prevent it. At the last session of the Nebraska legislature Representative Charles Naylor of Dawes county was made chairman of the house committee on engrossed and enrolled bills. This was fortunate for the commonwealth but unfortunate for the hangers-on who swarm the state capitol building at every session of the legislature for a grab at legislative graft.

When Chairman Naylor brot in the last batch of bills, at the closing session of the legislature, he filed a report stating that all the work of his department had been done by four persons, where two years before twenty-three had been employed. He sent up a statement as a testimonial to the efficiency of the force working under his supervision, and it was incorporated in the record, with their names.

ALLIANCE, NEBRASKA

Do you know Alliance? It's time you did.

Alliance is the leading city of western Nebraska and the metropolis of that part of the state known as the Nebraska Panhandle.

Alliance, having complied with the requirements of the laws of Nebraska relating to changing from a city of the second-class to a city of the first-class, has been declared by the governor of the state to be a city of the first-class.

Alliance is headquarters of the Nebraska Stock Growers Association, according to the articles of incorporation. Each year in June the annual convention of the association is held at Alliance, in connection with a three days' celebration, which is attended by thousands of people from the surrounding country and neighboring towns.

Altho headquarters for the ranching interests of the nearby sand hills country, Alliance is not located in the hills but on a fertile plain or table land, on which farming and dairying are carried on successfully.

Many other good things might be said about Alliance and other western Nebraska towns, and will be in future issues, but for the present suffice it to add that at Alliance is the home office of The Nebraska Stockman, "Nebraska's exclusive live stock paper."

IT IS PAID FOR

A strictly cash in advance policy has been adopted for subscriptions to The Nebraska Stockman. The subscription price is small, and it will be less trouble for subscribers to pay in advance than it will be for us to open subscription accounts.

Each month a few sample copies will be sent out as an invitation to the persons receiving them to subscribe, but the number of copies so mailed will not exceed, on an average, ten per cent of the actual number of subscribers. All copies so mailed will have written or stamped on them, "Sample Copy."

A number of persons have subscribed for the paper to be sent to one or more of their friends. We shall try to encourage others to do the same. If you receive the paper, and if it does not have "Sample Copy" stamped or written on it, you may take it for granted that it is a present to you from some one else. When so desired by a subscriber, we send The Alliance Herald without advance payment, and collect for it afterwards, but not so with The Nebraska Stockman.

The subscription price of The Nebraska Stockman is so small that there is no reasonable excuse for opening subscription accounts. We may possibly send subscribers notices of the expiration of the time for which their subscriptions have been paid. That is a matter to be decided later. But ABSOLUTELY no statements for back subscriptions will be sent to subscribers. When the time for which a subscription has been paid expires, unless it is renewed in advance by the subscriber or some else, the paper will STOP.

"WATCH US GROW"

It's a common saying, "Watch us grow." We don't say it because others are saying it, but because we want the friends of The Nebraska Stockman to observe it push to the front. We do not refer principally to growth in the size of the paper, altho that may be increased; or to the period of publication, which will probably be changed later from once a month to semi-monthly or weekly; but we refer to the CIRCULATION.

On account of The Nebraska Stockman being printed in connection with special monthly stockmen's editions of The Alliance Herald, which has a large circulation, we have made but little effort so far to secure subscriptions for the former; but the expanding of the business is such as to make it desirable to have a large independent circulation for The Nebraska Stockman, hence we have decided to push for a large subscription list. So here goes.

When announcement of the intended publication of The Nebraska Stockman was first made, the subscription price was set at 50 cents per year. As an aid to securing a large circulation, the price has been put down to 25 cents. This does not mean that the paper is not worth the former price or that we will lose money by publishing it at the latter price. In getting out an issue of the paper, the expense preliminary to putting the forms on the press, such as writing copy, making cuts, setting type, making up forms, etc., is the same whether a hundred copies are printed, or a thousand or ten thousand or more. After the forms are on the press, the cost of paper, press work, folding, mailing, and postage (with second-class mail privilege, for which application will be made), is less than one cent per copy, hence it will be seen that three subscriptions for the monthly paper at 25 cents per year are better for us than one at 50 cents, but the paper is no less valuable to its readers than it would be if the higher price were charged.

With the low price at which the paper is now being published, we expect readers of The Nebraska Stockman to assist in increasing its circulation by subscribing for it for their friends; and in this we will not be disappointed, as they are already doing it. As a further inducement to secure this kind of co-operation, we are offering five yearly subscriptions for one dollar; that is, we will send the paper one year to each of five different addresses, or five years to one address, for one plunk. NOW IS THE TIME TO SUBSCRIBE.

LIVE STOCK PRICES AT SOUTH OMAHA

Big Run of Cattle and Prices Are Lower.

EGGS MOSTLY 15c LOWER.

Fat Lambs Score 15c Advance—Dull
Brings \$8.50—Feeder Trade Holds
Firm—Muttons Show 15c Advance.
Fat Ewes \$5.40.

Union Stock Yards, South Omaha, Nov. 23.—A very large run of cattle arrived yesterday, nearly 13,000 head. Choice corn fed cattle were scarce, but there was a raft of short fed and warmed up grades and the market was rather dull, with prices weak to 10@15c lower than the close of last week. The demand from dressed beef men was good for anything good enough to attract attention in the western beef line and prices held up very nearly as well as last week. On the general run of beef and near-beef the market was very slow and prices were generally lower. Cows and heifers were also slow to 10@15c lower than last week and all grades of stock cattle and feeding steers except choice yearlings were dull and 10@15c lower. With liberal receipts and extremely bearish advices from outside points there was a weak undertone to the whole market.

Cattle quotations: Prime beefs \$9.00@10.00; good to choice beefs \$8.25@8.75; fair to good beefs, \$7.25@8.25; common to fair beefs, \$6.25@7.00; good to choice yearlings, \$8.25@8.75; fair to good yearlings, \$7.25@8.25; common to fair yearlings, \$6.00@7.00; good to choice grass heifers \$5.75@6.75; good to choice grass cows, \$5.50@6.25; fair to good cows, \$4.75@5.25; canners and cutters, \$3.50@4.50; veal calves, \$6.50@9.50; bulls, stags, etc., \$4.25@6.25; good to choice feeders, \$7.00@8.00; fair to good feeders, \$6.50@7.25; common to fair feeders, \$5.25@6.25; good to choice stockers, \$6.50@7.25; fair to good stockers, \$5.25@6.25; stock heifers, \$5.50@6.50; stock cows, \$4.50@5.75; stock calves \$6.00@8.00; prime grass beefs, \$7.60@8.15; good to choice grass steers, \$7.00@7.50; fair to good grass steers, \$6.50@6.85; common to fair steers, \$5.25@6.25.

Hog receipts yesterday were quite large, about 5,000 head showing up. The market was mostly 15c lower than last Saturday. Bulk of the supply moved at \$6.20@6.30, and tops reached \$6.35. A few 99-pound Wyanoming pigs were bought as stockers at \$6.50.

Sheep and lamb receipts amounted to 13,500 head. Trade in fat lambs was every good and prices were all 15c higher than the close of last week. Bulk of the offerings were bought at \$8.50. Feeders were not in very heavy supply, and held firm at the comparatively high prices that were paid last week. Pretty good light feeding lambs went at \$8.55. Four cars of feeding wethers brought \$5.80. Muttons followed the fat lamb advance, and looked a flat 15c higher. Ewes sold up to \$5.40.

Quotations on sheep and lambs: Lambs, good to choice, \$8.40@8.50; lambs, fair to good, \$8.25@8.40; lambs, feeders, \$7.75@8.60; yearlings, fair to choice, \$6.00@6.50; yearlings, feeders, \$6.00@6.75; wethers, fair to choice, \$5.00@5.75; ewes, good to \$4.25@5.40; ewes, fair to good, \$4.50@5.25; ewes, feeders, \$4.00@5.25.

AUTOMOBILE THANKSGIVING

easily—oh, in every way they are improved.

"Improved!" shouted the deacon, unable to restrain himself longer. "You can't pick up a paper without readin' about some shockin' accident through carelessly driven automobiles. Improved! They can't be improved. They are inventions of the evil one himself. You can't tell me! I read the papers."

"Wait a minute, father!" laughed Thomas, amid the eager looks of all the others, who were evidently full of suppressed excitement. "We—well—we—we feel as though we all wanted to see more of you and mother than we have seen lately, but we don't feel safe to have you traveling around on the cars any more, and your horses can't take you as far as most of us live, so we have clubbed together and have bought you the strongest and handomest limousine car that we could find. We have put a sum at interest in the bank to pay for the keeping of it, and we have had Job taught how to run it. You know he has been away a good many afternoons. Well, he has been learning how to run a car. You can trust him, and now you and mother can heat a big soapstone and climb into your limousine and come and see us all, and we expect you to do it. Now what do you say to that, father?"

What could the old man say? He turned red, stammered, looked at his wife, who was smiling significantly, and then had the grace to accept and thank his children for their magnificent gift.

All of Deacon Phipps' neighbors laugh a little when they see him riding by in his splendid automobile. But they are wise enough to sober up when they catch his eye.

CARE OF HIDES

Hides are best for tanning from November 1 to March 1.

Hides are not as good after they begin to shed the hair.

Hides should be spread out and thoroughly salted as soon as taken off, five days before shipping them.

Roll up, flesh side out, tie well, or if you prefer, use sack, box or barrel.

Do not trim hides.

It takes from four to five weeks to finish a hide if there are not a great many ahead.

Customers will be notified when their work is finished. Do not ship dry hides.

Truth Ever Will Prevail!

Up to date business men thoroughly understand modern advertising as a business proposition.

They fully realize that they buy advertising service as a wholesale selling agent, just as they employ salesmen.

They keep their names and goods before the public to make sales or create a demand. They do this honestly or else they ultimately fail.

Our local merchants are doing this truthfully and in a businesslike manner. Consider their ads, carefully and take advantage of inducements they offer you.
