**SEIDELL SPEAKS AT
FARMERS' INSTITUTES**

Visits Three Adjoining Counties in
Interest of Farmers' Institutes
and Demonstrator Work

County Agricultural Agent F. M. Seidell left Saturday morning on a trip into Sioux, Dawes and Sheridan counties, where he made addresses in the interest of Farmers' Institutes and Farm Demonstrator work at meetings held at various places in those counties.

Saturday he spoke on "Farm Management in Western Nebraska," at the Glen Farmers Institute. Monday a conference was held between the county agents of Box Butte and Dawes county agents at Chadron. The purpose of this meeting was to discuss plans for the co-operation of the two counties in the work for 1916. Arrangements will be made to hold the Farmers' Institutes, Good Roads Campaigns, Boys and Girls Club meetings and other meetings at such times that the two counties can make the best use of the workers sent out from the Lincoln office.

Tuesday afternoon Mr. Seidell addressed the newly organized Sheridan County Farmers' Association at Hay Springs. That evening he attended a meeting at Rushville. Wednesday afternoon meetings were held at Gordon.

The Sheridan county farmers have been watching with interest the work done the past season in Box Butte county and it is proposed in that county to support a county agent with county funds. A. E. Anderson, a state leader in county agent work, was present at these meetings.

Quite a large number of the newspapers in various counties in western Nebraska and as far east as Custer county published articles concerning the Herald's special edition containing the annual report of County Agent Seidell, some of them copying extracts from the report and as a result a number of these counties are investigating the plans and trying to make arrangements for similar work during the 1916 season.

The Best Recommendation

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendations of those who have used it that makes Chamberlain's Cough Remedy so popular. Mrs. Amanda Gierhart, Waynesfield, Ohio, writes: "Chamberlain's Cough Remedy has been used in my family off and on for twenty years and it has never failed to cure a cough or cold." Obtainable everywhere.

The business man who does not advertise has little faith in what he offers for sale. Why then should the buying public have any faith in his wares. Patronize the Herald advertisers. They are the real live business men of the community. They are the ones who turn their stock most frequently and you are assured of goods that are fresh, new and in first class shape.

Don't Scold Fretful Children

That nervousness, fretting and restlessness is no doubt caused by worms or constipation. Instead of whipping or scolding, give your child a treatment of Kickapoo Worm Killer. Nice candy confections that kill the worms and are laxative enough to move the bowels and expel not only the worms but accumulated poisons. These poisons and worms bring on fever, make children nervous and irritable, reduce their vitality and make them victims of sickness. Get a box of Kickapoo Worm Killer today at your druggist, only 25c.

Business Trip to Omaha

John Krause, well known Sheridan county ranchman, returned Saturday from Omaha, where he spent last week on business. Mr. Krause is well pleased with weather conditions in this part of the country and states that the fine weather is having a beneficial effect on stock which required much feeding during the extreme cold weather of a couple of weeks ago.

**OLD-TIME COLD CURE—
DRINK HOT TEA!**

Get a small package of Hamburg Broom Tea and the German folk call it "Bannigee" and "Thee" at any pharmacy. Take a half-spoonful of the tea, put a cup of boiling water over it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**RUB RHEUMATISM FROM
STIFF, ACHING JOINTS**

Rub Soreness from joints and muscles
with a small trial bottle of
old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25-cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

To have the greatest amount of milk and butter when there is ordinarily the least work to do on the farm and when the price of milk and butter is highest is naturally a matter of interest to the average farmer. In order to provide for this, cows must be bred this month at the latest. The Dairy Husbandry Department of the College of Agriculture says that cows calving in the fall produce not only a larger part of the butter fat when it is most valuable but that they produce one-tenth more butter fat than when calving at other times during the year. In addition, cows which freshen in the early winter and are well cared for during the winter period go on pasture at the time when they would naturally be drying up, and this lengthens the milking period and increases the annual yield of butter. The climate is also more favorable in winter where good shelter is available.

For a Bilious Attack

When you have a severe headache accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere.

Alfalfa Increases Yields

The United States Department of Agriculture says that data on many farms throughout the corn belt show it to be as easy to grow 45 to 60 bushels of corn per acre after a clover or alfalfa crop as it is to secure 30 to 35 bushels after a corn or an oat crop in this section. It offers data from the Agricultural Experiment Station of Nebraska to the effect that among investigations, 31 farmers reported average yields of 34.5 bushels of corn per acre on land before seeding it to clover and alfalfa and 68.2 bushels per acre on the same land after it was plowed up and again planted to corn.

**CREAM FOR CATARRH
OPENS UP NOSTRILS**

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.
