BROTHERS MET AGAIN

Box Butte County Man and Brother Meet for First Time in Over Twenty-six Years

C. V. Kennedy, well known ranchman living in Box Butte county near Marsland, and his brother, R. S. Moore, living at Snyder, Oklahoma, met two months ago for the first time in twenty-six years. When small boys they were adopted by different families in New York state and lost track of each other for twenty-four years.

Two years ago the Oklahoma brother met someone in Colorado who knew Mr. Kennedy or had known him. Through relatives he finally secured Mr. Kennedy's address and got into communication with him. The result was that two months ago Mr. Kennedy went to Oklahoma and the brothers spent the last two months visiting.

Mr. Kennedy returned last week from the trip. He states that the Oklahoma winters are very mild as compared with this part of the country, but that the people there thought the winter very severe. He states that they were able to plow all the time. However, he says every house, schoolhouse and building has to have its cyclone cellar, and old Box Butte county looks good enough to him and that he is glad to be back again.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Diabetic Foods

Persons suffering from diabetes are warned by the Home Economics Department of the College of Agriculture to see that food prepared especially for persons afflicted with this disease meets the requirements of food inspection decision No. 160 of the United States government. Investigations of some of the foods offered for sale which are supposed to contain little starch and sugar and are said to be especially adapted to diabetics, show that they contain nearly as much starch and sugar as ordinary food products altho they cost much more.

The federal food and drug officials say that "a diabetic food contains not more than half as much glycogenic carbohydrate as the normal food of the same class. Any statement on the label which gives the impression that any single food in an unlimited quantity is suitable for the diabetic patient is false and misleading."

PLENTY OF PROOF

From People You Know—From Alliance Citizens
The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Alliance, of people who can be seen at any time. Read the following case of it:

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted through my loins and it was hard for me to straighten. I tried many remedies, but all failed to help me until I used Doan's Kidney Pills, procured at Holsten's Drug Store. They brought relief in a short time and I continued using them until I was free from kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Whaley had. Foster-Milburn Co., Props., Buffalo, N. Y. Adv—Feb

NOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, etc.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Why it Pays to Trade With Firms that Advertise

Advertising creates sales. The modern business man knows this. He also knows he must depend upon many sales with a small profit, rather than on a few with big profits on each. The world knows the firm that advertises most can sell cheapest.

BALLOT IN NEW FORM

New 1915 Law Requires That Ballot Be Printed Three Columns Wide Instead of One-Column

Lincoln, Feb. 23.—(By C. Q. DeFrance and H. L. Cooper, Correspondents) — County clerks and printers, as well as candidates actual and prospective, are interested in the ballot to be used at the forthcoming primary, and a number have written Secretary of State Charles W. Pool whether the Blausser election law affects the primary law. He has ruled as follows:

"After carefully reading both the Primary and General Election laws of Nebraska, it is my opinion that House Roll No. 277, to be found at Page 94 of the Session Laws, 1915, does not in any particular change the Primary Law which has been in effect many years; therefore, you are not authorized to publish the primary election ballot form in newspapers, but should cause to be printed sample ballots on red or green paper as in former years, and in the printing of the official and primary ballots for the primary election to be held April 18, 1916, the names of candidates shall be rotated and not placed alphabetically. You should print the sample and official primary ballots in the same form as is shown in schedule "A", Chapter 20, Article V, of the General Election Laws, 1915."

General section No. 2176, Revised Statutes, 1913, provides that "The official primary ballot shall be printed substantially as is required by law for official ballots used at November elections" and inasmuch as the Blausser law of 1915 changed the ballot form from a long ballot, one column wide, to a three-column ballot, therefore the primary ballots must conform to the Blausser law as regards form of sheet. The names, however, must be rotated, as Secretary Pool points out.

Other Capitol News

Secretary O. E. Bernecker of the state board of equalization and assessment has sent the various county assessors a circular letter with blank schedules, militia blanks, and a comparative statement of real estate values. He is taking the utmost pains to secure an equitable and uniform assessment of lands and other property. He recommends that automobiles be valued according to horse power, style and make, with deductions as follows: new, 15 per cent off; one year old, 30 per cent off; two years, 40; three years, 55; four years, 70.

This week the school district, City of Omaha, delivered for registration to State Auditor Wm. H. Smith a package containing half a million dollars of school bonds. This is the last half of the million dollar issue voted by Omaha some time since. Bond Clerk Ellsworth calls attention to the fact that during 1915 he handled and entered for registration various bond issues totalling \$3,494,317.21—an increase of more than forty per cent over 1914. Notwithstanding this increase in the work, Auditor Smith's office force is reduced one person, and the saving thus far in salaries and expenses is over one thousand dollars.

Three cent a mile railroad passenger fare is a probability in the near future in Nebraska now that the Missouri Pacific and Rock Island railroads have succeeded in evading the two-cent passenger fare law by resort to the federal courts; and in the face of rising income on all roads both in freight and passenger receipts it is likely that the question of railroad taxation will again become acute. If the railroads are to boost passenger rates 33 per cent, then they should pay their full share of the taxes. And it is a serious question whether they do so now.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either use the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. The morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

DRINK HOT WATER

BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Card of Thanks

We wish to thank the people of Alliance for their kindness during the sickness and death of our sister and mother, Mrs. S. A. Ranciper. They have been kind to us in many ways, and we wish to give expression in this way to our appreciation of their kindness, and pray for the divine blessing upon one and all.

MR. AND MRS. J. H. CARROLL,
J. T. THOMPSON,
J. W. RANCIPER.
