## This is a Sectional View of the Kee- Lock Lens Mounting

No. 1.—A slot is ground in the end of the lens. No. 2.—Into this a little wedge or key fits snugly and is held hard and fast with a specially prepared wonderfully strong cement. No. 3.—The complete mounting is smaller than the old style with screws which you may be wearing. And it is much better looking, too. There is no strain on the lens and it is not so apt to break as when lenses are put in with screws. We can duplicate your lenses and make you a pair of KeeLocks or your lenses you have can be slotted and mounted in a KeeLock frame or mounting.

About fifteen students of the Alliance high school are in preparation for the declamatory contest to be held here about the middle of March. This contest will be held for the purpose of selecting representatives from the Alliance school to go to the district declamatory contest to be held at Sidney the latter part of March.

10c bar of Trilby soap; 4 for 25c at the Standard.

Two Alliance young men have broken into the limelight with a poem entitled "Summer Morn" that has made an instant hit and which is being published. Now if one of our local painters will paint a picture which will attract as much attention as "September Morn" it will prove a great advertising feature for the song.

The Alliance Orchestra went to Bridgeport Tuesday and played for a dancing party there in the evening, returning home on the Denver train. Speaks pretty well for the musical ability of this organization, and we should be proud of the fact that our city can in one other way be of use to neighboring towns.

THE Dining Room should be a cheerful place, for when you eat your meals amid pleasant surroundings you do much to aid digestion. And good digestion means health.
