NEBRASKA WINS MANY PRIZES

Exhibitors from This State Make a Good Showing at Tenth National Western Stock Show

PRIZES COMING TO NEBRASKA

The tenth annual National Western Stock Show, at Denver, last month was one of the best exhibitions ever held in the history of the association having charge of it. There were cattle, horses, sheep and hogs galore, to say nothing of the big poultry show, just preceding the live stock show, or the baby contest held at the same time.

The cattle show was the biggest part of the exhibition, but that does not mean that the other parts were small. The cattle prizes went to the following ten states: Colorado, Nebraska, Iowa, Ohio, Wyoming, Missouri, Montana, Kansas, Oregon and Idaho. Colorado secured more prizes than any other one state because of its proximity to the exhibition, but some other states, including Nebraska, secured a liberal share.
