THE PUREST OF CHEWS IS "OLD KENTUCKY"

Perfect Plugs Produced by the Most Wholesome Methods

ITS FLAVOR A DELIGHT

There's more genuine tobacco enjoyment in a rich, mellow, juicy chew of high-grade plug than in any other form of tobacco.

And there's no plug made that is so delicious and appetizing as Old Kentucky. It has the fresh, sweet, mellow taste that Nature gives the tobacco leaf. You get real tobacco flavor in Old Kentucky—and you get it pure.

From the time the ripe Burley leaf reaches our factory, until it goes out to gladden your taste with its rich flavor in golden brown plugs of Old Kentucky, it is kept pure by the most modern methods ever applied to the making of chewing tobacco.

No factory could possibly be cleaner or more sanitary than the great, new factory in which Old Kentucky is made.

For a good chew—get a plug of Old Kentucky.

Try a 10c plug to-day.

OLD-TIME COLD CURE DRINK HOT TEA!

Get a small package of Haines' Brest Tea, or as the German folks call it, "Brennstee" (Brest Tea) at any pharmacy. Take a teaspoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.
