## A COUNTRY CLUB FOR ALLIANCE

While Alliance has been going ahead at a pace equalled by no other town of its size in the state in the past two or three years, the proposition of a country club for the town has been mentioned a few times but never acted upon. It was recently the privilege of two Alliance newspaper men to visit the home of the Scottsbluff country club, which has been organized within the past few weeks. An eighty-acre tract of land lying at the foot of the bluffs, was purchased. Golf links have been laid out and are now in daily use and tennis courts are being prepared. A fine club home is in course of construction and soon to be completed. The site is an advantageous one, the view up an ddown the valley being superb.

North Platte is now following the example set by Scottsbluff and have organized a country club, as shown by the following article from the Lincoln Daily Star:

North Platte, Neb., May 20.—The North Platte Country club has been incorporated with a capital stock of \$10,000. A tract of 145 acres just north of the city will be purchased and a club house of sufficient magnitude to accommodate a large membership will be erected. This was decided at a meeting of the directors of the club and committees appointed to look to the details of the plan. The incorporation was completed at once and the committee to have charge of the club house construction and the improvement of the grounds will draw up plans at once. The property will be purchased as soon as the stock has been subscribed. Members of the Riverside Outing club will form the holding company and as soon as arrangements are completed the books of the organization will be opened to a large membership. A golf course is to be laid out, a large number of trees planted and other improvements made. Operations toward the building of the club house and the completing of other improvements will begin early in June.

Dr. Joseph Jeffrey of Alliance is an enthusiastic booster for a country club for Box Butte county. Now is a good time to boost the proposition.

## 2924 POUNDS OF DANDELIONS

Forty-eight Alliance boys and girls under sixteen years of age proved themselves patriotic little citizens last week, for they brought to The Herald office at 6 o'clock last Friday evening a total of 2924 pounds of dandelions which had been dug by them during the week. This week there is continued interest and we look for another big bunch of these pests which disgrace the lawns of our little city.

Glady's McCool, with a total of 597 pounds to her credit, won the girls' prize, a fine pair of school shoes given to her by the Mollring store. Chester Yount, with a total of 394½ pounds to his credit, won the boys' prize, a high grade pocket knife, given to him by the Rhein-Rousey Hardware Company.

Other boys and girls, who worked faithfully and brought in big bunches, will be remembered when the big ice cream supper and party is given, at the close of the weekly contests, which will continue for some time. Among those who worked well and brought in big bunches were Mable Rocky, 314 pounds; Esther Bacon, 232; Gertrude Carpenter, 254; Jody Simmons, 133; Verne Gribble, 253; Irene Nolan, 151; and Pearl Campbell, 213. The boys and girls who are registered and who are working this week are: Helen Cleveland, Agnes Miller, Mable Rocky, Vivian Corbett, Artie Leigh, Bessie Bacon, Pearl Bacon, Dorothy Davis, Esther Bacon, Gertrude Carpenter, Marie Ozmund, Bettie Shaw, Margaret Bennett, Catherine Harris, Clifford Gregory, Mildred Gregory, George Parker Davis, Frank Lockwood, Paul Thompson, Gerald Cunningham, Lucille Cunningham, Elizabeth McCoy, Helen Malone, Marian Malone, Carl Campbell, Chester Yount, Leo Bayers, Jody Simmons, Catherine Dwyer, Gladys McCool, Verne Gribble, Kimmie Gribble, Margaret McGuire, Virginia Eubanks, Betty Shaw, Irene Nolan, Peral Campbell, Johnny Pierce, Charles Keimman, Jack Mahaffy, William Mahaffy, Dick Eubanks, Fred Hamburg, Elizabeth McCoy, Paul Thompson, Vivian Corbett, William McCoy, Robert W. Laing, William Robins and Clarence Butler. This week's contest closes at 6 o'clock Friday evening, May 26, and the prizes will be a brand new savings account with two dollars already deposited, given to the boy who wins, and another one to the girl who wins, by the First State Bank.

The next contest will begin Saturday morning of this week and will close at 6 o'clock Friday evening, June 2. The prizes to the winning boy will be a fine catcher's baseball mitt by the Brennan drug store, and a beautiful girl's dress to the winning girl, by The Fashion Shop. These are prizes well worth working for.

The judges last Friday evening were A. J. Macey, assisted by Mrs. F. W. Lester and Mrs. Leon L. Smith of the Woman's Club, and John W. Guthrie, secretary of the Alliance Commercial Club.

If you are in doubt as to what to do, read the following rules and follow them. Phone 340, The Herald office, for any further information desired.

### RULES OF THE CONTEST

1. Each boy and girl desiring to enter the contest must come to The Herald office and leave his or her name so that we will know who are after the prizes.
  2. The contest for the coming week opens Saturday morning, May 27. The third week closes at 6 o'clock Friday evening, June 2. Each contest lasts one week and the contests will close when the dandelions are gone.
  3. Boys and girls over sixteen years of age are not allowed to take part in the contests.
  4. Dandelions will be judged by weight. Dirt, sticks, stones or other rubbish will not count and the dandelions must be free from these things.
  5. When you leave your name at The Herald office, you will be given a list of the places on which you are to kill the dandelions. In turning in the dandelions you must tell us where you picked them. We do not want you to pick dandelions on yards where the people do not want the boys and girls to go and who are not sensible enough to realize that the dandelions are pests and should be killed.
  6. You can join the contest at any time and for any week. But you should get in early while the dandelions are plentiful.
  7. Dandelions must be brought to The Herald office in sacks, where they will be weighed by the judges. They must be in before 6 o'clock Friday evening in order to be counted.
  8. The chief judge of the contest will be A. J. Macey of the Alliance post office. He may appoint other judges to help if he needs them.
  9. The girl bringing in the most dandelions for the coming week will be given a nice dress by The Fashion Shop. The boy bringing in the most will be given a valuable catcher's baseball mitt by the Brennan Drug Store.
  10. New prizes will be given each week by Alliance merchants as long as the contest lasts, so that if you don't win out the first week you may the next, or the next.
  11. At the close of the contests every boy and girl who takes part and who makes an effort to win a prize, no matter if they are successful in getting a prize or not, will take part in a big ice cream supper, to be given to them by The Herald.
  12. All of the boys and girls are invited to be present at 6 o'clock Friday evening, when the sacks will be weighed. Grown people are also invited to be present.
- Now, boys and girls, get busy. Get your sacks and be ready to start out next Saturday morning. Come to The Herald office Friday evening or Saturday morning, give us your name, and we will give you a list of the places to work.

### TO THE OWNERS OF PROPERTY IN ALLIANCE:

If you are interested in ridding your lawns and property of the dandelion pest The Herald invites you to give us your co-operation during the above contests. The boys and girls will be required to be careful to not injure lawns or property in getting the dandelions. If you want your lawns rid of the pest we invite you to phone The Herald office, 340, at once, giving us the address of the property.

### NOTICE OF INCORPORATION of the Eagles Building Association of Alliance

Notice is hereby given that the undersigned, citizens of the United States, and residing in the State of Nebraska, have associated themselves together for the purposes of forming and becoming a corporation in the State of Nebraska, for the purposes of the transacting of the business hereinafter described.

The name of this corporation shall be the Eagles Building Association of Alliance. The principal place of transacting its business shall be at Alliance, Box Butte County, Nebraska, where meetings of the incorporators, stockholders and directors shall be held and all business transacted. The purposes for which said corporation is to be formed are as follows: To provide and own a home for the Eagles lodge of Alliance, Neb., and for such other lodges as may be desired; to take, lease, purchase, hire or otherwise acquire and to hold, use, sell lease, exchange, mortgage, improve and develop real estate, real property and any interest or right therein, and to construct or have constructed such houses and buildings as is necessary, and to buy, sell, own, use, manage, operate and lease the same or similar structures; to borrow money, with or without security, and for the repayment of the same, to give the obligations of this corporation with any necessary or required security, and to lend money, with or without security, and to do anything whatsoever necessary, useful, desirable, convenient, or auxiliary to any of the purposes of this corporation. The authorized capital stock of this corporation shall be Twenty-five Thousand Dollars (\$25,000.00) divided into two thousand five hundred shares (\$10.00) of the par value of ten dollars (\$10.00) each; the amount of capital stock with which said corporation will begin business is Five Thousand Dollars (\$5,000.00); at such time as the Board of Directors may by resolution direct, said capital stock shall be paid into this corporation either in cash or by the sale and transfer to it of real or personal property, contracts, services, or any other valuable right or thing for the use and purposes of said corporation, in payment for which shares of the capital stock of said corporation may be issued and the capital stock so issued shall thereupon and thereby become and be fully paid up the same as though paid for in cash at par, and shall be non-assessable forever, and the judgment of the directors as to the value of any property, right or thing acquired in exchange for capital stock shall be conclusive. The existence of this corporation shall commence on the thirteenth day of January, 1916, and continue for a period of fifty (50) years thereafter, unless sooner dissolved by a vote of two-thirds of the stock thereof. The highest amount of indebtedness to which said corporation may at any time subject itself shall not exceed two-thirds of the capital stock. The annual meeting of the stockholders of this corporation shall be held on the first Thursday in January each year beginning with the year 1917, at which meeting the directors of the company shall be elected, and such other lawful business done as the stockholders shall deem necessary and proper. The officers of said corporation shall be a President, Vice-President, Secretary, and Treasurer. The officers shall be chosen by the Board of Directors, and shall hold their office for the period of one year and until their successors are elected and qualified. The business of said corporation shall be conducted by a Board of Directors, of whom there shall be seven. At the annual meeting to be held in January, 1917, four directors shall be elected for a term of one year and three for a term of two years. At the annual meetings thereafter, directors shall be elected for terms of two years, the necessary number being elected to fill the expiring terms. Directors shall be elected from among the stockholders, the directors until the annual meeting in January, 1917, or until their successors are chosen shall be Jerry Rowan, T. M. Lawler, Lloyd C. Thomas, Wm. Bignell, F. E. Holsten, Albert Renswold and Carter E. Calder. These articles of incorporation may be amended at any regular meeting of the stockholders or at any special meeting of the stockholders, called for that purpose, upon due written notice having been given to all stockholders of record.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this 13th day of January, 1916.

## TANLAC SECURES HIGHEST RECORD

Quality Tells the Interesting Story of This Extraordinary Medicine.

No other medicine ever has approached the wonderful record of Tanlac. Its success is a romance of the staid business world—a success built on merit so unusual that in just nine months after Tanlac had been introduced, one million bottles had been sold to men and women who had learned its superior qualities for the relief of ailments of the stomach, liver and kidneys and catarrhal affections.

Tanlac appeals to the best people everywhere. These are the men and women who judge intelligently and impartially, and the result always is a Tanlac verdict. Upon the endorsement of many thousands of well known people rests the great and secure popularity of Tanlac.

Those who take Tanlac always return for the second bottle because the first few doses establish its merits. Tanlac is so efficient and pure, it at once makes known its value in derangements of the stomach, indigestion upset nerves and debility.

Tanlac, that has come to be generally known as the Master Medicine may now be obtained in Alliance at the Harry Tulee Store where it is explained daily to many people.

ATTENTION DRUGGISTS  
An exclusive Tanlac agent is wanted in every Nebraska town. For particulars address Agency Department, Cooper Medicine Co., Dayton, Ohio.

## ORGANIZE BALL CLUB

Meeting of Interested Parties Held at Times Office Last Tuesday Evening

The directors of the association are W. R. Harper, Dr. H. A. Copsey, Lloyd Thomas, J. L. Nicolai and B. J. Sallows. Robert Morgan is manager, Ben Sallows, secretary, and P. D. Gleason is chairman.

The first practice of the club will be held at the Fair Grounds at 2 o'clock Sunday afternoon.

## KEEP BATTERIES CHARGED

Valuable Information for Every Car Owner Regarding Care of the Electric Battery.

The owner of a modern motor car is often heard to ask, "How can I keep my battery charged? My lamps burn dim and the starter is weak."

In a great many cases this complaint is due to the fact that the owner does not drive his car sufficiently without the lights burning or the starter being operated to generate enough current so that the battery will supply the demand of the lights and the starter when necessary.

This is especially true among the class of car owners who drive short

distances daily, using their starting motor considerably and not putting back into the battery the same amount of current they take out. Then they drive their cars at night with the lights burning and oftentimes let their cars stand at the curb with the motor dead and the lights still burning and using current from the battery.

According to the Willard Storage Battery Co., this is being overcome to some extent through the educational measures which have been adopted by their service stations throughout the country. In every case possible, the car owner is instructed in the proper care as well as operation of his entire electrical system, so that he will know why he is doing certain things.

Every car owner must remember that it is necessary to drive at 15 or 20 miles an hour to generate enough current to effect the battery to any extent. A well cared for battery is just about as dependable a thing as there is on a motor car, but one which is not given the proper attention will soon cause a lot of trouble and expense to the owner.

### Presto Welding Outfit

Charles Schafer, manager of the Willard storage battery service station in Alliance, has installed a new Oxy-Acetylene Presto welding outfit, the only one of its kind in the city. The outfit generates an intense heat, capable of cutting fourteen inches of steel, and will be used in connection with the Willard battery work. It will give uniform well welded joints in battery repair work. Welding of all kinds will also be handled by Mr. Schafer with the outfit.

### Install New Air Compressor

J. W. Tynan and J. C. Atwell, who are engaged in the run cleaning business, Wednesday morning received a large two-cylinder air compressor, to handle their rapidly increasing patronage. The cylinders of the compressor are 7 by 7 inches and will furnish a pressure of 120 pounds for the work.
