Live Wires on the Job—Pioneers

In the Live Stock Business

OUR ORGANIZATION

Organization means much in the selling of live stock. The LEE LIVE STOCK COMMISSION COMPANY is one of the best organized firms in this country for the selling of live stock on commission. The president of the Company, Thomas B. Lee, is one of the pioneers in the business and has gained a fund of information by many years' experience, which is very useful in handling the business in the interest of their many customers. It has been under such supervision, with the help of experienced partners and an ample force of expert salesmen, that they have won the right to their motto: "Our Work Wins."

OUR CUSTOMERS

The large number of ranchmen and live stock shippers in Nebraska and other states who have been shipping to the LEE LIVE STOCK COMMISSION COMPANY in the past do not need to be urged to continue their business relations with us; in fact, their commendation is our best advertising, and we thank them for their continued patronage. To the stockmen who read this paper and are not yet our customers, we extend a cordial invitation to give us a trial. When at any market call at the LEE office and get acquainted. Market information furnished by wire or mail upon request.
