#### School Garden Club Picnic

On Friday of last week the Garden ing Club of the city schools spent a very enjoyable evening at Broncho Lake. About twenty-six of the grade school members were present and each pronounced the picnic one of the most enjoyable of the season. Five cars carried the members to the lake, leaving the Central school soon after Pensylvania, where they went several 5 o'clock. One of the first features of the evening by the male members of he party was a good swim which eve y one says was almost as good as the åremen's plunge. At the same time that the boys were swimming the girls would not be bested, so they went in wading. Following this, several games were staged and a potato race held for the boys and girls. as was also a sack race, relay race and other foot races. Refreshme were then water worth consisted o ice cream cones, lemonade and a il tle later roasted weinies and peand! but er sandwiches were handed out. Before leaving the lake the boys could not resist the temptation and for a second time took to the water. but they were not allowed to remain long, as the cars for the return tri, were soon seen coming over the hills and it required a little hustling to get ready by 9 o'clock for the return to the city. The members of the gardening club wish to take this means of expressing their thanks to those who so willingly furnished their cars for the picnic.

## DEPOT FOR ANTIOCH

Nebraska State Railway Commission Bulletin States That Agent and tSation to Come

The following article regarding the erection of a new Furlington depot at Antioch and the installation of an agent is taken from the Railway Commission Bulletin of July 6. The developing

Generally when this commission is called upon to investigate the ade-quacy of depot facilities at any Nebraska town or city and to issue an order predicated upon its findings, it finds the complaint of the municipality vigorously resisted by the railway companies. During the month of June, how-

ever, two complaints of this kind arose in which an agreeable conclusion was reached without the necessity of a hearing, the taking of testimony, and the issuance of an order. At Antioch, Nebr., the second station east of Alliance on the Burlingarrangements had been made for a hearing. The defendant carrier informally presented the fact that new industry was being developed at the station in question and that the bound would, without doubt, justify the construction of a depot building and installation of an agent. On this account the hearing was postponed sixty days and in the mean time an

## He's Onto His Job and Knows Where to Get Off At

CAN HANDLE A BULL, STEER OR COW SINGLY OR BY THE CAR LOAD ASSISTANT CATTLE SALESMAN

MR. JAMES J. DONAHUE, assistant cattle salesman in the employ of the Inter-State Live Stock Commission Co., was born and raised in Douglas County, Nebraska, 28 years ago, and is another of the energetic, bright, snappy and experienced type of men which the INTER-STATE possess, and making the firm more sub-

stantial to the shipping trade.

A BULLY GOOD FELLOW

Yes, he's a bully good fellow. Being a native Nebraskan and brought up to know the cattle business, Jim has a special liking for handling Nebraska cattle. Readers of this paper who have not met him yet will find it a pleasure to get acquainted with him when at the South Omaha market, and if you have any business for him to handle he'll do it right.
