Shall We **Discard Local Option** and Adopt State Prohibition?

Under the existing Local Option Law, it lies within the power of the citizens of any community in Nebraska to adopt local prohibition for their own city, town, or village.

In every community in this state absolute control over this question lies in the hands of the majority of the voters. No interference from the outside is possible; nothing can thwart the wishes of the majority in the city, town or village, with respect to the question of license or no license.

Many communities in this state have availed themselves of the power granted to them under our Local Option Law, and have adopted local prohibition for their own community. Where there is a dominant LOCAL public sentiment in support of that policy, it is possible to make the no-license policy respected and obeyed.

There are, on the other hand, many communities in this state where it is the opinion of the majority of the citizens that the license policy is better adapted to their own community. Where that is the prevailing sentiment, the community is permitted, under our existing Local Option Law, to license the sale of alcoholic beverages-subject of course to the provisions and restrictions of the general state law.

> In neither case, is a policy forced on a community from without. The principle of Home Rule prevails.

It is now proposed to substitute for this policy of local selfgovernment, the policy of state-wide prohibition. This prohibition policy is not intended for the relief of communities in which the no-license policy already prevails, but is designed to FORCE such a policy on other communities against their will.

The result, as the experience of other states has abundantly established, would be disastrous in every city and town on which prohibition is forced. It means, where dominant local sentiment is opposed to prohibition, lax enforcement of the law, the dividing of such towns into bitterly hostile factions, the reign of the spy and of the informer, the rapid growth of crime-and in the end it means higher taxes.

Against the substitution of such a system for that under which Nebraska is now operating, everyone having the best interests of the people of this state at heart, should solemnly protest.

The Nebraska Prosperity League OPPOSED TO STATE PROHIBITION. IN FAVOR OF LOCAL OPTION, HIGH LICENSE President, L. F. CROFOOT Treasurer, W. L. COAD Secretary, J. B. HAYNES Send for our literature. **OMAHA, NEBRASKA**
