Judge Cornish has served 21 years as District Judge at Lincoln. His ability, impartiality and fair-mindedness are proven by five elections to the district bench by his neighbors.

Judge Cornish is in the prime of life, alert, vigorous, human, a District Judge with an extraordinary record for decisions approved by the Supreme Court.

Three judges are to be elected. Judge Cornish's fitness for Supreme Court Judge can easily be learned. Ask the lawyers in your community.

The Commercial club is getting after the Western Union Telegraph Company, with a view of having better service in Alliance. The company does a big business here but the club is of the opinion that the service in handling the messages in the way of prompt delivery and other points of service could be improved upon greatly. The town is growing all the time and the service that was adequate ten years ago is rather slow for present-day conditions. Therefore, the Commercial club will get after the management of the company and ascertain if something cannot be done to make the service here much more satisfactory.

On October 19 and 20 there will be a united effort on the part of the members of the Alliance Commercial club to get a large class of new members for the booster organization. A systematic canvass of the business men and others will be made and all who are outside of the Commercial club fold will be urged to come in and help advance the interests of the city as it can only be done in an organization of this character. The Commercial club has done a great deal of effective work in promoting the welfare of Alliance and vicinity, but the field is wide and there is plenty of room for additional operations.

GEORGE M. ADAMS
Candidate for State Senator
28th DISTRICT

I believe in preserving our State Railway Commission, and am opposed to the Republican idea of surrendering our rights to the federal government for control over all public service corporations, for they yield to no principle of progress that is not forced upon them through legislation.

I believe you should vote the Democratic ticket because it has brought prosperity; it has given the country a financial system which makes money panics impossible. The Federal Reserve and Rural Credit acts are two of the best financial laws ever enacted for the benefit of the cattlemen and farmers, which will enable them to borrow money at the rate of six per cent interest.

Safety First! Let Well Enough Alone!
Vote for **GEORGE M. ADAMS** for State Senator

I herewith submit to you a few reasons why you should vote and support **GEORGE M. ADAMS** for State Senator of the 28th District:

I am a native of this state, born at Tekamah, Nebraska, in the year 1872. Thirty-one years of my life I have lived at Crawford, Nebraska, and, from years of experience I have had in the mercantile and other lines of business, I am in position to say what I think we need in this part of the state in the way of legislation.

Of my record in the 1907 session of the State Legislature I am not ashamed, and you are now, certainly, enjoying the social and financial benefits of some of my work performed at that session.

I believe in making all improvements possible for travel on our public highways; also working the state penitentiary convicts on the public roads, utilizing the money so earned, if they have any dependent parents or family, in full for their support.

I believe the automobile should pay a single tax for road purposes only.

I believe in the state printing the text books for the public schools.

I believe in sending the sample ballot out to every tax-paying voter, at least, ten days before election.

I also believe the mail ballot privilege should be granted to every voter in the county, if voted in some other precinct than where he lives.

AND CLERICAL, MEET**

St. Louis.—Protestant Episcopal churchmen, both lay and clerical, from all parts of the United States, and from mission fields, together with a few from England and Canada, gathered in St. Louis Tuesday for the opening of the triennial convention of the church, the supreme legislative body of the Anglican church in the United States.

The sessions of both houses, the bishops, and the deputies, will be held in Moolah temple, a building recently erected here by the Nobles of the Mystic Shrine. The session of the bishops, comprising all of the diocesan and missionary bishops of the church, will be held behind closed doors, but the meetings of the deputies, comprising lay and clerical delegates, will be open.

Every proposition affecting the constitution, law, and ritual of the church must be approved by both houses to become operative. Prayer book and constitutional changes must be approved by both houses of two successive triennial conventions to become effective.
