There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires con-

stitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

PROMOTING Prosperity and Protection

That is what the man does who writes the right kind of Life Insurance. Let us give you information about our "Three in One Policies." Almost EVERY MAN EXPECTS to some time have a competence and when he dies leave those dependent upon him well provided for. The large majority never do, because they neglect or refuse to pursue the course that will most surely produce the desired result.

Reliable Statistics Show

That, on an average, only five men in a hundred make a financial success in this life and carry it thru to the end. Only 4.3 per cent leave an estate of from \$500 to \$1,000 when they die; only 1.5 per cent leave more than \$25,000; and only 1.3 per cent leave an estate of from \$5,000 to \$10,000. In other words, 87 men out of every 100 fail to leave an estate of more than \$1,000, and more than 90 out of 100 leave no estate or less than \$300. These figures are startling, but as they are furnished by the best statistics in the United States, they must be true.

Systematic Saving with Interest Compounded

With Life, Health and Accident Insurance combined, will accomplish the desired result. By taking out one of our Combination Policies you will within a few years, if you live, have a "nest egg" worth while. At the same time you protect yourself in case of accident or sickness, and protect those dependent upon you, in event of your death.

Let Us Tell You

All about it. We shall be glad to do so, without obligation on your part, and also give you such information as you may want on Life Insurance in general.

COUNTY AGENTS BOOST LIVE STOCK INTEREST

Work of Agents in Gage and Seward Counties Shows Wonderful Results in Bettering Conditions

How county agricultural agents boost the farming interests of a country is shown by work being carried on in Gage and Seward counties thru these representatives of farmers' associations, in co-operation with the extension service of the University of Nebraska and the United States department of agriculture.

In hog cholera control for example, Gage county has taken a lead. How county agricultural agents boost the farming interests of a country is shown by work being carried on in Gage and Seward counties thru these representatives of farmers' associations, in co-operation with the extension service of the University of Nebraska and the United States department of agriculture.

Among other things conducted thru the breeders' association are boys' and girls' contests of various sorts, exhibits at county fairs, and similar public enterprises.

Seward county is the first in the state to boast a woman county agent. At a meeting at Seward on October 28, 175 women members of the newly organized Seward County Home-Makers' association held their first formal meeting, elected officers, and chose Miss Esther Warner, of the home economics department of the University of Nebraska, to act as their agent. She began work November 1.

Her Son Subject to Croup
"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.
