SAYS FARMERS GROWING RICH
Omaha.—Julian Lever, general freight and passenger agent of the Wyoming lines of the Northwestern, is at headquarters for a conference with General Manager Waiters. Mr. Lever asserts that Wyoming has had the greatest crop in its history and that farmers have grown rich. His headquarters are in Casper and he says that there the oil industry has reached prodigious proportions, the output of the fields to the north continuing to yield as freely as when they first came in.

Will My Child Take Dr. King's New Discovery

This best answer is Dr. King's New Discovery itself. It's a pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven best for coughs and colds. Those who have used Dr. King's New Discovery know it are its best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for cough and cold insurance.

NEW HOTEL FOR SUPERIOR

Superior.—A project is on foot to give Superior a new \$50,000 hotel. At a meeting of the Commercial club recently L. L. Driggs of New York City made an offer of \$20,000 towards a new hotel if Superior parties will raise the balance; \$10,000 was subscribed in the meeting and a committee named to raise the balance.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

NEW HOMESTEADS IN CALIF.

The president recently signed an order excluding 140,564 acres from the Monterey National Forest, California. About 109,640 acres of this amount are vacant and subject to settlement only under the homestead laws. The order provided that the land should be subject to such settlement from 9 o'clock November 7, until and including December 4, 1916, and thereafter subject to disposition under any public land law applicable thereto. Upon the recommendation of Secretary Lane, this order has been modified so that the date of restoration of the lands to settlement and entry have been changed to November 14 and December 12, 1916. The lands lie in Fresno, Monterey and San Benito counties.

KINKS FROM COUNTY AGENTS

Extension Workers Try out Methods to Aid Their Communities

Here are a few kinks tried out and found successful by county agents in the North and West.

have Rheumatism or suffer from Neuralgia, Backache, Soreness and Stiffness, don't put off getting a bottle of Sloan's. It will give you such welcome relief. It warms and soothes the sore, stiff painful places and you feel so much better. Buy it at any Drug Store, only 25 cents. Adv.—1

FARM MANAGEMENT BULLETIN

Despite a general impression that the farmer is enjoying more than his share of the prosperity of the country, his real returns are not unduly high, according to a bulletin on "Farm Management Studies in Eastern Nebraska," just published by the Nebraska Experiment Station.

Surveys upon which this bulletin is based show that the family-sized farm pays best; that diversified farming is most profitable; that the average farmer operating his own farm receives \$203 yearly for his labor, the tenant, \$805; and that with the necessities furnished by the farm, the average farmer receives \$1,000 to \$1,200 for his labor and management.

Well Children Are Active

If your child is dull, pale, fretful and wants to lie around, chances are it is suffering from worms. Kickapoo Worm Killer, a pleasant candy confection, liked by all children, is what your child needs. You only give one-half to one lozenge at a time and you get immediate results. Every mother should have a box on hand. 25c at all druggists. Adv.—1

CLIPPING LAMBS PAYS

Clipping lambs for fall feeding pays, according to experiments at the Nebraska Experiment Station. Gains of clipped lambs cost \$6.29 per cwt., as compared with \$7.45 in unclipped lots. The blue grass pasture lot finished on corn and oil meal made the cheapest gains, the cost being \$2.55 per hundred. Lambs run in the cornfield and finished on corn and oil meal produced gains at \$5.80 per cwt.

Clear Skin Comes from Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowel. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist. Adv.—1

DAHLMAN CHANGES FRONT

Omaha.—Mayor Dahlman announces he is for woman suffrage in Nebraska and in the future he will make this one of his political issues. He will go on the stump if necessary and may take a stand for this issue in the next city campaign. The mayor formerly was not a supporter of "Votes for Women."

Calling cards for the ladies are printed promptly and neatly at The Herald office. The prices are reasonable. Phone 340 for samples and prices, or call at the office.

NEW AUTOMOBILE PLATES READY NOW ON YOUR ORDER

Alliance and Box Butte county automobile owners can secure their new license plates any time now that they desire to send for them. The new plates are in the hands of Secretary of State Pool and are now ready for distribution. The plate this coming year has a light yellow backing with black letters and figures and can be seen more readily than the 1916 kind.

Every person owning an automobile or a motorcycle, according to the secretary of state, is expected to provide himself with a new license plate before the first of the year. Those who fail to get their plates before January 1 are subject to prosecution.

So far this year 99,200 automobile numbers have been sent out, and 3,318 motorcycle numbers. These figures will probably be increased before the year ends. This month there have been 2,459 automobile numbers issued and fifty motorcycle numbers sent out. With abundant prosperity in Nebraska this year and especially in western Nebraska, it is reasonable to suppose that the coming year will prove a record breaker as far as the purchase of automobiles is concerned.

Does Sloan's Liniment Help Rheumatism?

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisons. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this limestone phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purify and freshen the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this, for a week and notice results.

DISTRESSING RHEUMATISM

How many people, crippled and lame from rheumatism, owe their condition to neglected or incorrect treatment!

It is the exact combination of pure Norwegian Cod Liver Oil with glycerine and hypophosphites as contained in

SCOTT'S EMULSION

that has made Scott's famous for relieving rheumatism when other treatments have utterly failed.

If you are a rheumatism sufferer, or feel its first symptoms, start on Scott's Emulsion at once. IT MAY BE THE ONLY WHAT YOU NEED.

TOILET ARTICLES

F. J. BRENNAN

Certain farmers of Clay county, Minn., found that potato standardization work pays. These farmers planted seed in plots of from 1 to 5 acres. They used only seed true to type, of good quality, free from disease, and carefully treated the seed before planting. The plants were inspected carefully twice and all diseased hills removed. Two of these farmers sold all of their plot potatoes for \$1.06 per bushel when the price for the ordinary run of potatoes was 45 cents. Fifteen dollars extra spent for seed for 10 acres returned a profit of \$75 on another farm.

Oneida county, Wis., is growing potato seed in more than carload lots. Twenty-five cars were contracted for at 70 cents per bushel and an option taken on 15 cars more at the same price. This same seed was sold to local buyers previously for from 30 to 40 cents per bushel. Coulee crickets threatened to become very destructive in Fremont county, Idaho. After consultation with entomologists, the following poison bait was used: Bran, 15 pounds; white arsenic, 1 gallon; sugar factory molasses, 1 gallon. Fifteen to 67 dead crickets to the square foot were found, which, it is estimated, represented not less than 95 per cent of them. Out of an appropriation of \$200 made by the county commissioners to the farm bureau for this work the county agent returned \$120. A few years ago the county spent \$4,000 in ineffective methods of control.

Grundy county, Ill., has tested the effect of rolling on the germination of oats, both drilled and broadcasted. If the germination on the rolled part of the broadcasted field in the demonstration is counted as 100, the average germination of the unrolled strips was only 67.3 per cent. In the drilled fields the unrolled check strips showed a germination of only 72.5 per cent to that on the rolled part.

Farm women in Ashland county, Wis., who were induced last winter to hatch early chickens for the broiler market found a sale at 50 cents each for all their chickens weighing 1 1/2 to 2 pounds live weight.
