

**300 ROOMS SAFETY FIRST 300 ROOMS**  
 When you are in Omaha come where all Stockmen stop. You will always find your friends and acquaintances at the  
**HOTEL CASTLE**  
 16TH AND JONES STS., OMAHA  
 Omaha's new absolutely fire-proof hotel. We welcome the Stockmen. We'll make you comfortable and our rates are most reasonable in the city. Rooms with private bath, \$1.50 to \$1.75. Rooms with private toilet \$1. Good car service to the Stock Yards and Depots. Have your commission firm telephone for room reservation.  
**FRED A. CASTLE, Prop.**  
**COMFORT WITHOUT EXTRAVAGANCE**

**LEARN SHORTHAND BY THE NEW, SWIFT, SURE SNEEL INDIVIDUAL-INSTRUCTION METHOD**  
 Let me tell you a bit of a secret, don't let anybody teach you shorthand by the "class" method. It's the slow way, it holds you back, you've got to wait on somebody else. The longer he takes, the longer it takes you. Snell Shorthand is entirely different. The teaching is individual. We study YOU—and just what you want, then plan out a course for YOU—you can advance as fast as others. If you're apt, studious and persevering you can complete the course and qualify for \$60 to \$100 position in only three to four months—no charge if it takes you longer. Send today for full information.

**WELCOME NEWS FOR YELLOWSTONE PARK TOURISTS**  
 Commencing this Summer all tourist transportation within Yellowstone Park will be by automobile. The White ten-passenger cars that were so serviceable during 1916 over the Cody Scenic Road will be used throughout the Park.  
 Park tickets will cover a complete five-day tour—in and out the same gateway, or in one gateway and out the other, whether via Cody, Gardiner or Yellowstone. All Park tourists, whether patrons of the hotels or the permanent camps, will be carried in automobiles. Touring the Yellowstone Wonderland by automobile will, indeed, be a combination of efficiency and luxury. Nothing in the travel world could be more scenic and satisfying than touring Yellowstone by automobile in connection with the Cody scenic route.  
 This early news is given to the public that has long waited for it. Illustrated publications will later be furnished on request by the undersigned.  
**J. KRDELBAUGH, Ticket Agent, Alliance, Neb.**  
**L. W. WAKELEY, General Passenger Agent, 1094 Farnam St., Omaha, Neb.**

**"Nervous exhaustion—blinding headache"**  
 Striving to satisfy the demands of everyone is apt to affect the nerves, and continual standing may weaken the Heart.  
**Dr. Miles' Nervine** is invaluable for Nervous troubles, and for the Heart  
**Dr. Miles' Heart Treatment** is highly recommended.  
 IF FIRST BOTTLE FAILS TO BENEFIT YOU, YOUR MONEY WILL BE REFUNDED.  
**LIVED IN MISERY.**  
 "I suffered greatly from nervousness and headaches. The least excitement gave me dreadful pain. I began using Dr. Miles' Nervine and a few days later started to take Dr. Miles' Heart Treatment. I soon got so much better that I was encouraged and continued taking the two remedies until I was so well that work was no bother to me at all."

**INTERNATIONAL SUNDAY SCHOOL LESSON**

LESSON FOR MARCH 11  
**JESUS THE BREAD OF LIFE.**

LESSON TEXT—John 6:24-37.  
 GOLDEN TEXT—Jesus said unto them, I am the bread of life.—John 6:35.  
 Following the feeding of the five thousand, Jesus saw the design of the multitude (v. 15), and separated himself unto prayer. Following that communion, the disciples went over the sea toward the City of Capernaum (v. 17), but in his supernatural power he followed them, walking upon the water (v. 19). Midway he entered their ship, and immediately they reached the land toward which they had been striving (v. 21; Mk. 6:48-49). The next day (John 6:22) the people who at this period were following him in such great multitudes, took steps to reach him. Finding that he was not at their side of the lake, they took boats and came to Capernaum, "seeking for Jesus" (v. 24). We read that the common people heard him gladly. These people wanted the comradeship of Jesus, and the longest bread line in the world today is that of hungry-hearted men. The question is, are we willing to give them the loaves of comfort?

1. Bread Which Perisheth (vv. 23-25). "If you think you will always get the loaves and fishes simply because you have followed the Lord, you have handed yourself a goldbrick."—Dr. Griffin Bull. Most of us will go further for vicarious than we will for a vision. When the people found Jesus (v. 25) they rather reprimanded him for leaving them, when the fact of the matter was that he was not beholden to them in any sense whatsoever. It looks very well for these people to be "seeking Jesus," but they were seeking the wrong thing (v. 26). It was not really Jesus himself they wanted, but the loaves and the fishes. It was not the "sign" as indicating his divine character that drew them, but simply the wonder as indicated by the fact that they expected a constant supply of bread, nor did they see in that bread the sign but only the bread.  
 Salvation is the free gift of God apart from works. Nevertheless he commands the exercise of will. "This is the work of God that ye believe on him whom he hath sent" (v. 29). This is not inconsistent with I Cor. 12:3, i. e., "No man can say that Jesus is the Lord but by the Holy Ghost." Like the two blades of a pair of shears, the executive act of my will in believing on Jesus is met by the regenerating energy of God's spirit making me a son of his.

The Jews demanded a sign as a condition of believing on him, when he, himself, was the greatest of all signs (v. 30). They sought to enforce their demands by reference to Moses and the manna, but Jesus showed them that the manna was a type of "the (true) bread of God." The characteristics of this bread are: (1) It comes down from heaven; (2) It giveth life unto the world. Jesus' hearers did not understand what he meant, and exclaimed: "Evermore give us this bread." Jesus was trying to impress upon his hearers the same diligence in heavenly matters as in the pursuit of earthly needs.

3. The Everlasting Bread (vv. 33-37). Misunderstanding his teaching (v. 34) Jesus said unto them plainly: "I am the bread of life," meaning that he is the true bread of God. He is not only the giver of the bread of life, but he, himself, is the Bread of Life. As bread will satisfy the needs of the physical body, giving strength, vitality and energy, so he will supply the needs of the soul. He will satisfy the deep hunger and longing which is the evidence of need, and he will also satisfy the thirst which is the more intense desire—the spiritual craving of the soul. Jesus ministers to the never-failing strength of all who come to him, and who believe on him. Coming to him is seeking help and blessing from him. Believing on him is the absolute abandonment of self to him. This multitude had actually seen the living bread (v. 26), yet they believed not because they were so occupied with the material and unreal things of this world.  
 Today we find men so taken up with the material and unreal that they neither appreciate nor believe upon the true bread which has been sent down from God out of heaven. Not all will come to him (John 5:24), but anyone can prove that he belongs to the elect of God and the company of the Father by coming to Jesus (v. 37). If any man does come, he will be received. These words of Jesus are very positive. "I will in no wise cast him out."  
 Jesus, the One who raises the dead, is therefore coequal with God. Note the remainder of this chapter: "I will raise him up at the last day" (v. 40); "He that believeth on me hath everlasting life" (v. 47); "I am the bread of life" (v. 48); "Except ye eat the flesh of the Son of man, ye have no life in you" (v. 53); "Whoso eateth my flesh hath eternal life" (v. 54); "For my flesh is meat indeed" (v. 55); "He that eateth my flesh dwelleth in me and I in him" (v. 56); "He that eateth me, even he shall live by me" (v. 57).  
 This is symbolical, it is true, but it is very real.

**PULLED AT MASKED BALL AT HAY SPRINGS**

Hay Spring News: Marshall Smith was on duty Thursday night while the masquerade dance was in progress and made an arrest. He took Harrison Peters in charge for being drunk and disorderly. Mr. Peters was taken before his honor, Justice Bowman, and after pleading guilty to the charge was fined \$5.00 and costs. This was the first time that Mr. Peters ever got into trouble here. By way of explanation he admitted to the court that he had been drinking some but insisted that he was not disorderly. However he would rather pay a fine than to continue the case and so plead guilty to the charge.

**NEW DAWES COUNTY AGENT NOW ON JOB**

Chadron Journal: Harry N. Thomas, of Lincoln arrived Wednesday morning to assume his duties as County Agricultural Agent of Dawes county. Mr. Thomas is a young man of pleasing personality and comes well recommended. Last year he taught agriculture in the Beatrice High School and was assistant County agent of Gage county.  
 Mr. Thomas will begin work at once. He has not had time to prepare an outline of his work for the spring but will make announcements next week. One of the first things he will do is to assist in organizing more Federal farm loan boards. He will find a hearty welcome in Chadron and the county, for our citizens are deeply interested in the best way to conduct the agricultural industry.

**KINKAID'S SECRETARY TO PRACTICE LAW**

Custer County Republican: Paul Humphrey of Broken Bow who has been associated with Judge Kinkaid as private secretary for ten years as well as having served as secretary of the Sixth District, republican congressional committee for nearly as long a period, has tendered his resignation, effective March 4th. Mr. Humphrey plans to practice law in Oklahoma city or Tulsa, having graduated from the law school of George Washington University a year or more ago. During the spring months Mr. Humphrey will be disbursing officer and secretary to a committee of congress authorized to investigate Indian affairs throughout the United States of which his father-in-law Representative Stephens of Texas chairman of the Indian affairs committee of the house, will be chairman. Mr. Humphrey visited here a short time ago and stated at that time that he was looking for a location for the practice of law. He is well known here, being the son of Mayor A. R. Humphrey of this city.

**SCOTT'SBLUFF BOOZE PEDDLERS GET THEIR**

Scottsbluff Republican: Judge Schenek did a land-office business this week in police court. On Tuesday, Kate Birtrum was fined \$20 and costs for selling liquor without a license. On Wednesday, Harry Lutz was fined \$100 and costs for the same offense, and on Thursday Geo. Lutz was fined \$100 and costs for doing the same.

**FELL FROM LOAD OF HAY INTO RIVER**

Bridgeport News-Blade: Merle Seogzin, the well known son of Dr. H. L. Seogzin, was severely bruised last Monday afternoon and very narrowly escaped death when he fell from a load of hay on the bridge into the river, breaking through the ice and sustaining bad bruises to his right limb and other parts about the body. He was riding on top of the load of hay, which was unusually high, with Charles Herman, and the high wind started the load to swaying and finally upset it into the river. Herman escaped from the load but Merle went with it into the cold, icy Platte below, breaking through the light covering of ice on top. Fortunately the ice was not very thick nor the water very deep, or the result of the accident might have been more disastrous. Medical aid was obtained shortly afterwards and an examination of the extent of his injuries disclosed nothing of a serious nature except to his right limb which was badly jammed.

**IRON FOUNDRY TO START AT GERING**

Gering Courier: Work begins this week on the erection of an iron foundry in Gering. A brick building 32x60 feet will be built just southeast of the Union Pacific depot for the occupancy of the new institution, the foundry department to be 32x40 feet and the other portion of the building for general machine shop and offices. C. E. Conn is the

**gentleman who will have active charge of the new concern, and understand that Chas. F. Lyman and O. W. Gardner are associated with him in the firm, which will be known as the Gering Foundry Co.**

The payroll list of the foundry will comprise about five or six employees from the start, one contract already placed with it being the casting of the manholes for the Gering sewer system, and other work naturally developing as the fact becomes known that such supplies can be secured in this section. There is no other concern located within a radius of more than 250 miles and there is every reason to believe that the heavy character of their output as measured against the long distance freight rate will enable them to get a stable business within a comparatively reasonable time. This industry will also be important to the valley from the fact that it will at once create a market for scrap iron at home. Alva Conn, a brother of Mr. Conn, who is also an experienced iron moulder, will arrive this week and be on duty at the new institution, coming here from eastern Nebraska.

**EXCITEMENT OVER THE PROPER FUMIGATION**

Custer County Republican: The county is facing several problems in connection with the impromptu fumigating of the Frank Anderson place recently released from quarantine. The place is near Anselmo and consists of a small tar paper house. The family had scarlet fever and when the time was up the place was fumigated under the direction of Dr. Kayler of Anselmo.  
 Shortly after the family was released other cases broke out until about three school district are now in deadly fear of the disease. In every case it is thought to have come from the Anderson home.  
 Dr. C. L. Mullins was called several days ago to examine conditions as County Health Officer, he found that the Anderson home had not been properly fumigated according to the rules laid down by the county health officers. None of the cracks in the building had been filled up. A large aperture was also noticeable around the stovepipe which had lead directly to the roof. The bed clothing had been rolled up and fumigated but this was about all.  
 It is understood that a complaint will be filed against Dr. Kayler. This measure was found necessary after he had told Dr. Mullins that it was not necessary to observe the rules laid down. The Anderson family nor the doctor did not report the case on the proper blank to the county clerk nor in any other manner. County attorney Kelly has the case under advisement and will file the complaint soon.  
 Acting Sheriff Osborne spent Wednesday in the Anselmo neighborhood putting up quarantine signs for the cases which have been found.

**YOUNG FOLKS ELOPE—BOYS IN JULESBURG JAIL**

Western Nebraska Observer: On last Sunday evening during the storm that was raging, two young girls, Mabel Zol and Mamie Morse, aged 16 and 14 years respectively, whose parents live at Holyoke, left that place in company with two young men, who gave their names as Robt. Tingley and James Tibets, ages about 20 years, address unknown. The boys enticed the girls to run away with them, and the party walked from Holyoke to Harton. From that place they hired a car and drove to Sedgewick.  
 The parents of the girls began a search shortly afterward, and Sheriff Humbertone was warned Sunday night to be on the lookout for the runaways. Monday the boys and girls were apprehended by Constable Mahler at Sedgewick and the sheriff at Holyoke notified.  
 The sheriff and marshal of Holyoke went to Sedgewick immediately, and the party was brought to Julesburg Monday evening from Sedgewick. The parents of the girls came to Julesburg Monday and took charge of the girls, but the boys were placed in jail here and remained in the custody of Sheriff Humbertone until yesterday, when they were taken to Holyoke, where they will be tried on a serious charge.  
 It is probable that the boys will be sent to the state reformatory as a result of their escapade. It is reported to us that the boys had only been in Holyoke about a week prior to last Sunday and hail from some place in Kansas.

**AND THEREBY HANGS A REGULAR TALE**

Bayard Transcript: Two of Bayard's prominent business men, one a rising young attorney, the other a custodian of the wealth of a large number of its citizens were called upon to solve a question this week that would have taxed the mental powers of a Daniel Webster. As the story goes, 2 Mexican ladies appeared before the above named (?) gentlemen, with two tales one a harrowing account of how some good-for-nothing lubberly cuss had, with apparent malice of forethought, cut, mangled or torn off the misquoting-killing portion of a much beloved bovine; the other, with the tail itself. Not being or considering himself in the Mayo Brothers class, the latter named gentleman, after dint of much thinking, was forced to confess that he knew of no method by which he could stick back the removed organ,

so kindly directing them to his friend of legal mind he bade them adieu. The cub reporter was informed that the attorney could promise them nothing in the way of relief for the bovine, but assured them that there would certainly be something doing if he could get hold of the perpetrator which he certainly expects to do.

**SCOTT'SBLUFF TO HAVE NE WHOLE, SURE**

Scottsbluff Star-Herald: The Omaha Bee says: "Omaha capital is to lead in the building of a \$100,000 modern hotel building in Scottsbluff, Neb., on the corner of Main and Sixth streets. Preliminary arrangements have been completed, some of the details having been completed this morning when the stockholders met with William H. Schmolter in Omaha.  
 "Among those interested financially are W. H. Osterberg, president of the Scottsbluff National bank, and an Omaha capitalist; W. H. Schmolter, president of the Schmolter & Mueller Piano company, and Dr. Herman Reinhold of Omaha. Others are interested also, but the full list of the stockholders is not yet being made public.  
 "They have guaranteed to erect a \$100,000 hotel building of four or five stories, with 75 rooms, over half of which will be furnished with bath and hot and cold water.  
 "The architect has not yet been selected, but sketches are being made. The work is to begin just as soon as the plans can be drawn and the contract awarded.  
 "Already a lease of the building has been perfected whereby an experienced hotel man takes hold of the new establishment to run it. This man is J. A. McDonald, at present the proprietor of the Emory hotel at Scottsbluff."

**SOME DIFFERENCE BETWEEN THEN AND NOW**

Sheridan County Democrat: While in Rushville we overheard a couple of oldtimers discussing the difference between the conditions in this section now and 20 years ago. We wonder if any of us realize the prosperity which has befallen western Nebraska since that time. This instance will no doubt bring it to your mind.  
 In the general discussion one gentleman said he remembered one time that his wife wanted a sewing machine ever so badly, but they had neither the money to get it nor could they borrow one. However, an idea occurred to him, so he went to a jeweler who handled sewing machines and with him made a dicker he would give the pick of the two best mares he had in his bunch if he would let him have a sewing machine. The dealer being a little skeptical thought he had better take a look at the two horses first and after he went to the ranch and picked the two best mares he could find, consented to make the trade, but he asked the former owner if he wouldn't keep them till fall for him, which was granted.  
 Time passed on and the two increased to four and the jeweler hired the rancher to continue keeping them for him and when he brought them to town the following fall, he found that he was the owner of six head of horses and the only investment he had made was a sewing machine.  
 Of course horses at that time were not worth very much and the jeweler no doubt considered he was getting a small price for his wares, but suppose some farmer should make that kind of a crack today, how many sewing machines could he get for that same stout team of mares?  
 This is only one of many instances but serves to show the difference of the Sheridan county of 20 years ago and the present time.

**JOY-RIDING BOYS LAND IN ROUGH DITCH**

Sidney Telegraph: On last Thursday about 5 o'clock when Harry Philson had his father's big car loaded up with boys and was returning from a drive, they had an accident at the top of the Haskell hill by which the car ran into one of the gutters a tire was thrown off the boys tipped out and Kenneth Swatzlander aged 11 son of Dr. Swatzlander, sustained a break of the femur at a point half way between the knee and hip. The rest of the boys escaped miraculously. The joy riders were Harry Philson, aged 14, Kenneth Swatzlander, Ray Sanford, Fritz Runge and Sonny Riggs. Sonny is 5 but quite old enough to keep a secret until it leaked out otherwise. This accident will tend to make more popular the enforcement of the antikid driving law. It was thoughtful a boy had to get broke, to select a doctor's son which reduced the ordinary expense. Kenneth is improving but for a live 11 year old boy to be kept bedfast is a hardship not to be endured in silence.  
**Will My Child Take Dr. King's New Discovery**  
 This best answer is Dr. King's New Discovery itself. It's a pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven best for coughs and colds. Those who have used Dr. King's New Discovery know it's their best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for cough and cold insurance.
