

## GOOD ROADS BILL TO BECOME LAW

Nebraska House of Representatives Passed Bill Wednesday by Big Majority

Lincoln, March 21—House Roll 782, known as the federal good roads bill, passed third reading Wednesday morning in the Nebraska House of Representatives with a strong majority in favor of it. Seventy-two voted for the bill, eighteen against, with ten absent and not voting. The bill will experience little difficulty in the Senate and will undoubtedly become a law.

Representative Thomas of Alliance, in voting for the bill, made the following explanation: "Mr. Speaker, I have had petitions from my district both for and against this bill. I believe this to be the most important bill before the legislature this session, with the exception of the prohibition bill. I understand that all counties will receive an equitable share of the funds appropriated for good roads and that we will be allowed to use the money on dirt roads. I do not believe that the farmers who petitioned against this bill fully understand it and when I see one of our leading farmer members here, Jacob Saas of Sarpy county, speak so strongly for the bill I believe that others will agree with him when they fully understand it. I am endeavoring to represent western Nebraska here and I know that the greatest handicap is poor roads. For every dollar we have paid to the federal government we will get back \$3.50. I vote aye."

House Roll 1, providing for a new east wing for the state capitol building, passed the house with seventy-five absent and not voting. This bill was introduced by Representative Richmond of Douglas. The plan is to build the new capitol building by sections, one wing to be constructed during the next two years.

House Roll 253, by Representative Thomas, providing that a majority of the voters in cities of the second class may carry an election for city water plant, was passed on third reading by the senate by a vote of 21 to 0, after being amended there to read a three-fifths majority in favor. The bill will now go to the governor for his signature.

The newspaper men of the present legislature are sending out a request to their fellow publishers to give all the publicity they can in this week's issue of their valuable papers for the annual banquet of the Nebraska legislative league.

This affair is to be held next Tuesday evening at the Lincoln auditorium and it promises to be the greatest ever. Secretary Henry Richmond and Senator John M. Tanner, Senator Hammond, Dennis Cronin, Lloyd Thomas and other newspapermen in the present legislature are pushing the arrangements vigorously. The program is not yet completed, but it now seems certain that Chief Justice A. M. Morrissey of the supreme court will preside and that the least list will include the most famous wits of the state who ever belonged to the legislature.

The State University band, Prof. George Condra's moving pictures, a cabaret stunts and some other "juicy" local stuff will occupy the evening. Hundreds of inquiries are already pouring in.

## ELECT TWO MEMBERS OF SCHOOL BOARD

Terms of Mrs. J. A. Mallery and K. J. Sterns Expire—They Are Candidates for Re-election

Two members of the school board are to be elected Tuesday, April 3, the date of the regular city election. The terms of both Mrs. J. A. Mallery and K. J. Sterns expire and it is necessary to elect to fill the vacancies.

Both Mrs. Mallery and Mr. Sterns are candidates for re-election and their petitions are now at a number of places about town where those who desire to sign may find them. Copies of the petitions may be found at Fleming's news stand and cigar store, at Miller Brothers' news stand and cigar store, at Thiele's drug and jewelry store, and at Holsten's drug and jewelry store.

## STUDENTS TO COMBAT HIGH COST OF LIVING

School Children to Raise Gardens Again This Summer—Will Receive School Credit

The school pupils will take a hand against the high cost of living this summer by raising gardens. Much interest was shown in this work last summer, and it is hoped that this interest will grow. As an illustration of the profit the pupils make, the average profit per hundred square feet last summer was \$1. On the same basis that an acre would yield a profit of \$435.60, which is not at all bad.

The pupils enroll for garden work as for school work, and receive school credit on the same basis. Local leaders and teachers, acting under the direction of the University Extension service, have supervision to insure systematic work and good instruction. The movement is well deserving of encouragement and support, for: (1) It keeps the youngsters at home. (2) It is pleasant and profitable. (3) It furnishes the family fresh and canned vegetables. (4) It utilizes lots that would otherwise grow up to weeds. (5) It is under the supervision of the University Extension service, and school credit is allowed. Prizes and buttons are awarded to add interest.

poultry clubs will be organized to encourage egg production to offset high prices. In these a pupil can get school credit for raising one or more hatches of chicks.

In either project, complete records must be kept of all work done and material bought or product sold, and a story written to tell about it. Altogether this furnishes a good solution of the vacation problem for the boys and girls.

The sale starts immediately after the free lunch at eleven bells. Col. Coursey is the boy that will cry the sale, and judging by his past stunts, he ought to make some sale of it. It will pay you to attend this sale if you are in the market.

**BOYS' BANQUET AT THE DRAKE HOTEL TONIGHT**  
The Boys' Banquet, the annual affair given by the Alliance Commercial Club, will be held tonight at the Drake hotel. Particular attention is called to the change in place. The first announcements stated that the banquet would be held at the opera house, but later arrangements were made for the securing of the Drake hotel, which will be more satisfactory, it is believed. The ladies of the Baptist church have charge of the serving of the banquet.

A n exceptionally fine program has been arranged and it will be one of interest not alone to the boys but to the men who accompany the boys. There will be music, special stunts, besides a number of talks. Robert I. Elliott, president of Chadron state normal, will speak. Dean William Carson Shaw will deliver a talk. There will be talks by two of the high school boys.

The price for the boys' banquet is \$1.50, which admits the elder and the boy. Those who have not yet purchased tickets but who intend to go to the banquet tonight may purchase tickets at the Commercial Club offices. This is an affair where the men pay for the banquet and each man brings a boy with him. If he chances to be the proud father of a boy or boys, well and good, and if he does not claim that distinction, then it is fitting and proper to bring a boy belonging to some one else—but the thing to do is to bring a boy tonight.

Philip Michael, Sr., passed from this life Monday, March 19, at 10:30 o'clock, at his home in this city. Mr. Michael had suffered for several years from stomach trouble, his condition not becoming alarming until about four weeks ago, when he was taken to the hospital in Alliance, where it was found that medical aid was of no avail. He was brought to his home here two weeks ago, since when he has gradually grown weaker, at times his suffering seeming beyond the power of human endurance. All that kind and loving hearts and medical skill could do was done but to no purpose and death relieved him of his suffering. Philip Michael was among the first settlers in this county. Honored and respected by all who knew him, a man whom all were proud to call friend. He leaves behind a wife, three sons and six daughters to mourn the loss of a devoted husband and father. To the sorrowing family we extend our deepest sympathies. Funeral services were held Wednesday at 1 o'clock from the M. E. church, conducted by Rev. C. H. Burleigh.
