

WOULD AMEND THE PROHIBITION BILL

Nearly 100 Amendments Offered in Senate to Dry Measure Which Passed the House

(From Lincoln Star, March 22)
What the senate amendments do to the dry bill:

- Allow unlimited amount of liquor on hand.
- Allow Ethyl alcohol to be manufactured.
- Allow anyone to make wine or cider for home use.
- Give saloons 30 days after May 1 to dispose of stock.
- Give distilleries time necessary to dispose of bonded goods.
- Raise restriction against advertising liquor.
- Do not make it unlawful to have liquor in one's possession.
- Free property owners from prosecution when place is used for illegal sale of liquor.
- Remove clause allowing suits for liquor damages against cities and counties.

The first volley of the opposition to the present drafted prohibition law, H. R. 793, was fired in the Nebraska senate Thursday morning, when a batch of a hundred senate amendments were submitted by Robertson of Holt.

The prohibitory bill had been reported out on the sifting file and made a special order of business for Thursday. The gallery and the senate floor was packed with spectators expecting to see the issues threshed out on the floor.

Instead of a consideration of the bill, however, the dry wing of the senate took immediate steps to continue the discussion as a special order of business next Tuesday morning. The dries declared they did not care to consider the amendments in the spur of the moment, without first having had a chance to study and digest them.

Replying to a question from Senator McMullen of Gage, Albert of Platte, who said he had the confidence of both sides over the bill, assured him that all the substantial changes to be asked by the opposition to the measure as it came from the house were contained in the amendments as offered.

The amendments strike out completely or in part some fifteen of the sixty sections of the law and add others to the following effect:

Remove all limits on the amount of liquor that may be on hand May 1.

Tones down the most drastic measures designed to facilitate law enforcement.

Allows anyone to make wine or cider at their home providing they do not sell it.

Gives saloons thirty days after May 1 to dispose of their stock.

Permits distilleries in the state to continue disposing of their stock of goods outside the state, under fed-

eral regulation. Permits the manufacture without restrictions of ethyl alcohol in the state.

The amendments propose to strike out all those sections of the bill which relate to the restrictions hedging common carriers and consignees in the shipment of liquor into the state, on the ground that the federal Reed bill, prohibiting the shipment of liquor interstate into dry territory will take care of this contingency.

"The bill is now boiled down into a simple, workable 'dry' law, with all red tape removed," declared Senator Robertson.

Senator Beal, of the dry committee, on the other hand, declares the amendments are pernicious and such that they will positively not be endorsed by the "dry" wing of the senate.

He says that the allowing of unlimited quantities of liquor in private is the best inducement for bootlegging, which condition will inevitably result. The amendments put fatal hindrances in the path of the enforcement of prohibition, he declares.

The amendments will make it almost impossible to secure convictions since it must be established to a jury that liquor sold is intoxicating, according to Attorney E. E. Thomas, of Omaha, an executive officer of the Nebraska Dry Federation.

The amendments strike out these sections and parts of sections:

- Sec. 5. To allow judge to remit penalty for information as to where liquor can be obtained.
- Sec. 7. Clause prohibiting giving of information as to where liquor is obtainable.
- Sec. 8. Prohibition of advertising of liquor on bill boards or in newspaper or by price lists.
- Sec. 9. Making it unlawful after act goes into effect to allow old liquor signs to stand.
- Sec. 11. Unlawful to have liquor in possession, unless provisions of act are complied with.
- Sec. 12. Affidavits carriers were to require of consignees of liquor.
- Sec. 13. Requiring labelling of liquor shipped.
- Sec. 14. Filing by carriers of record of shipments.
- Sec. 21. Clause prohibiting druggist from selling liquor who is not a bonafide resident of state.
- Sec. 30. Prohibiting county attorney from dismissing action, without good reason to court.
- Sec. 35. Tax assessment of \$300 against illegally-used building.
- Sec. 39. Empowers county attorney to place witness under oath, in investigations.
- Sec. 42. No property rights in liquor or liquor utensils.
- Sec. 51. To permit "dry" organizations to hire counsel to co-operate with county attorney in prosecutions.
- Sec. 53. Action for liquor damages against city or county where liquor is illegally sold.

The following sections are amended as follows:

Sec. 16. Amended to allow ethyl alcohol to be manufactured.

Sec. 24. Amended to require

"statement," not "affidavit," in procuring sacramental liquor.

Sec. 28. Amended to exempt from prosecution owner of building used illegally, if it is without his knowledge or consent.

Sec. 29. Amended to allow only county attorney, not any citizen, to maintain action to enjoin nuisance. Owner of building exempted from such action.

Sec. 52. Amended to allow civil damages only where liquor is "sold," not "furnished."

Sec. 56. Amended to make responsible for penalty of law violations only actual offender, striking out "by himself or agent."

Some of the "dries" profess to believe that the liberal element backing the changes is asking more than it expects to get, merely to be assured that it gets what it feels the law should provide.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

DATES FOR COMING EVENTS

- April 9-14—Annual State Bowling Tournament at Fremont.
- April 21-22—Missouri Valley Chiropractor's Association Meeting at Omaha.

Treasure Found in India.

A bronze goblet secured in a copper vessel, which contained some copper coins bearing certain inscriptions which are indecipherable, was recently found by two Indian agriculturists. The coins bear the impress of an image on one side and, being of archeological interest, have been forwarded to the curator of the Government museum Madras. They are believed to have been in use during the reign of Tamerlane.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Home-Made Gas.

Home-made gas is used by the Spanish peasants living in the cork-oak regions of that country, the gas being obtained from cork refuse. As described by one authority, the process consists in filling several large tenkettles with the waste bark, and placing each in turn over the fire during the evening, burning the volatile gas as it escapes from the spouts. The carbonized residue forms the fine black-brown pigment known to commerce as "Spanish-brown."

BIG or LITTLE GOODRICH BLACK SAFETY TREAD TIRES

Are Built to Last

Whatever the size of the tire on your car, Goodrich equips you with the highest standard quality of tires at the lowest standard cost.

A big fabric tire gets nothing more from Goodrich rubber making than the smallest tire.

Goodrich can mean but one quality; the best the oldest, largest and most experienced rubber manufacturer can produce.

Goodrich means but one price, the lowest possible with highest quality conserved plus a fair return on the Goodrich investment, and fair profit to the dealer.

Moreover, the Goodrich Fair Treatment stands as staunchly behind a small as a large tire, and is just as ready to fulfill any service the tire does not.

The smaller your car the more Goodrich tires can do for you.

"WANTED---A table and three chairs, also dishes and ice chest, need not be

new if in good condition"

Can you imagine how you'd go scurrying out to the storeroom to look up "that old stuff out there" if you thought you could get \$4.00, \$5.00 or \$10.00 cash for it?

But why wait till somebody comes and rings the bell and asks the question? Hundreds of people "want three chairs," hundreds want a table, too, and dishes, and coffee pots, and urns, and hall racks, and linoleum, and odds and ends of carpet, valises, trunks, suit cases, stoves, cutlery, furniture, lamps, everything you can think of.

There's always a demand and a fair price (if you reach the actual buyers themselves), and the only way and the sure way to reach them is by a Herald Classified Ad. You can make dollars out of your put-away-old-things—if you want to—and even one ad will prove it. Make up a list and try it—and remember that
