## SOUTH OMAHA LIVE STOCK EXCHANGE ENCOURAGES IN- CREASED PRODUCTION

All Men Cannot Join the Army and Fight in the Trenches, but Every  
Man Can Do His Bit by Increasing the Food Supply  
to Feed the Men Who Must Fight

The South Omaha Live Stock Exchange takes a hand in the propo-  
sition to increase the production of food in a very practical way. In  
recent years, stockmen, ranchmen and feeders have found it profit-  
able to market "baby beefs" and young hogs. Of course, sending  
their stock to the packing houses before it was matured resulted in a  
smaller amount of food being produced than would have been secured  
had the stock been held longer.

While possibly the percentage of profits to stock growers and  
feeders would continue to be larger by marketing their stock young,  
as a matter of patriotism, they ought to give close attention to the  
suggestions made in the following resolutions adopted by the South  
Omaha Live Stock Exchange, at a special meeting held the 13th of  
this month:

**WHEREAS**, there is grave danger of a serious shortage of food  
products, including meats, in this country, and as the present war is  
bound to create a still greater demand for food and meat products of  
all kinds, and a shortage of meat would work a serious hardship on  
the welfare of our country, therefore,

**BE IT RESOLVED**, by the Board of Directors of the South Oma-  
ha Live Stock Exchange, in special meeting assembled this 13th day  
of April, 1917, that the stockmen and farmers of this territory be en-  
couraged and assisted in every way in making the fullest use of all  
rough feed, pastures, and grain, in feeding, raising and fattening live  
stock, and that they be encouraged to discontinue marketing immat-  
ure cattle, hogs or sheep, and

**BE IT FURTHER RESOLVED**, that the officers be instructed to  
give this matter fullest publicity.

## Chadron State Normal School

Robert I. Elliott, President

Visitors in the primary room last  
week were Dr. and Mrs. Deemer, and  
Mrs. Tregar.

Miss Peterson went to Lincoln  
last Friday, returning Tuesday morn-  
ing.

The English XIII class have been  
preparing a list of books for country  
school libraries. This work has been  
most interesting and profitable, as  
the expenditure for the lists was  
limited to certain amounts.

Baseball practice for girls takes  
place every Tuesday and Thursday  
afternoons. The girls are showing a  
great deal of enthusiasm for this  
sport.

Professor Clements has been ap-  
pointed state director of boys' and  
girls' gardens in Chadron. He is  
busy making plans, and getting in  
touch with the boys and girls of the  
town.

The class in library methods is  
now studying the Pronouncing Dic-  
tionary and the Biographical Dic-  
tionary, by Lippincott.

Miss Work and Miss Boyer are re-  
viewing the study of Spanish, with  
Mrs. Hibbard.

Miss Scovel is engaged in working  
up some special musical numbers in  
the model school. On May 22, the  
first four grades will sing the oper-  
etta "Cinderella" and the four high-  
er grades will give the cantata "Hia-  
watha". The seventh and eighth  
grades have been singing some  
spring songs in German.

One of Miss Boyer's English class-  
es had a delightful session last  
week. A quartet, composed of Miss  
Wanda Richards, Miss Gladys Brad-  
dock, Miss Grace Fairhead and Miss  
Wilma Jeffers, rendered some of  
Burns' songs for the class who are  
now studying his poetry.

This week, the manual training  
department received a large supply  
of fine kiln-dried red oak and white  
oak, both plain and quarter sawed.  
This will be in excellent condition to  
be used this summer. A quantity of  
red cedar and poplar was also re-  
ceived and an order has been placed  
for 500 feet of black walnut.

Monday in Chapel, President Elli-  
ott presented the awards to the win-  
ners in the inter-class basketball  
games the past season. In a few ac-  
companying remarks, he emphasized  
the importance of developing equally  
the moral, physical and mental pow-  
ers, in order to be a well-rounded  
and well-balanced individual. He ap-  
plied this idea to a school, maintain-  
ing that an institution must look  
well to all the phases of school life  
in order to be at its best, the awards  
presented being a recognition of the  
excellent work being done along the  
athletic lines. The senior and jun-  
ior boys were each given a framed  
picture of their winning team and  
the freshmen girls and freshmen

boys were each presented with ban-  
ners.

Tuesday morning, Dr. Deemer met  
the classes in Personal Hygiene and  
Physiology. The subject of the day  
was bandaging and Dr. Deemer dem-  
onstrated different processes of band-  
aging and the various materials  
used. The girls were keenly inter-  
ested in the subject and are very  
grateful to Dr. Deemer for his kind-  
ness in giving his time to this work.

Our agriculture work has started.  
A man has been hired with a team  
to have charge of this. Thirty bush-  
els of potatoes have been purchased  
and are being planted this week.  
School gardens have been made, and  
the lawn has been sown to blue grass  
and white clover. A barn will be  
constructed from the material taken  
from the old academy building, and  
live stock will be purchased during  
the summer. We have plenty of  
room on our campus for an excellent  
experimental farm, and we are go-  
ing to have not only such a farm,  
but will also be able to produce po-  
tatoes and other vegetables, pork,  
milk, butter and eggs for the dormi-  
tory. Great interest is being shown  
in this by the students and the fac-  
ulty.

The 7:45 division of Algebra II  
had a test in two unknowns last  
Tuesday, and on Wednesday the stu-  
dents in Higher Algebra were given  
a test in complex numbers.

The art department of the Wom-  
an's Club met with the president,  
Mrs. Rustin, last Monday night. Miss  
Lucy Clark of the Normal gave a  
splendid paper, her subject being  
"The Cultural Value of Art", which  
was a fitting closing for a profitable  
and happy year's work. The new  
year promises to be one of unusual  
interest with Mrs. Elliott as presi-  
dent, Mrs. W. T. Stockdale as asso-  
ciate and Miss Kate Driscoll as sec-  
retary. All old members are plan-  
ning to continue in the department  
and many new names have already  
been added.

Last week a great deal of the  
time in the manual training shop  
was spent in wood finishing. Most  
of the articles are being finished in  
shellac and wax. When the new  
wing is completed, there will be a  
room fitted up especially for this  
work, where all kinds of finishing  
will be done.

On April 15, the junior class had  
charge of the chapel period, at which  
time they presented to the school a  
very handsome oil copy of the "Song  
of the Lark," by Jules Breton. This  
picture was purchased with the prof-  
its of the junior class play, and was  
secured from the Bodelian Society of  
Chicago, of which firm Mr. Carl  
Stough, son of Dr. Stough of our  
city, is manager. The following pro-

gram was arranged by a committee  
in the junior class, of which Miss  
Helen Rust is chairman. It was one  
of the best chapel progra given  
this year and was a credit to the  
school, all of the young people doing  
especially well:

Piano solo, To A Skylark—Florence  
Sheehan.  
Presentation of Gift—Glenn Emick.  
Acceptance—President Elliott.  
Piano solo, Two Larks—George  
Costly.  
Artist's Life, Jules Breton—Florence  
Collins.  
Story of Picture—Mary Baker.  
Junior Quartet, Hark, Hark the Lark  
—Ellen Macmillan, Alice Blanch-  
ard, Elsie Rash, Helen Blush.  
On April 19, Miss Swedberg gave a  
talk at Y. W. C. A. meeting on the  
influence of music, which was much  
appreciated by the young women.  
Miss Ethel DeLand played the pre-  
lude and Miss Grace Fairhead gave  
a vocal selection.

On Monday evening, April 30, at  
the Pace opera house, will occur the  
concert given by the Normal Concert  
Orchestra. The following is the pro-  
gram which will be rendered at that  
time:

March, "In Storm and Sunshine"—  
Heed.  
"Gloria in Excelsis", 12th mass —  
Mozart.  
Overture, "Caliph of Bagdad"—Bo-  
ieldien.  
"Intermezzo from Cavalleria Rusti-  
cana"—Mascani.  
"The Lost Chord", Sullivan—Mrs.  
Mann.  
March, "Mt. Healthy", Gus Bess.  
"Barcarolle from Tales of Hoffman",  
Offenbach.  
"Ballade Romantique", Katherine  
Jazzl—Mr. Thomas.  
"Larboard Watch", Williams—Mr.  
Clements, flute; Mr. Thomas, vio-  
lin.  
"Fifth Hungarian Dance", Brahms.  
March, "Vashti", Henry Fillmore.  
March, "Crusader", J. Sousa.  
Clarinet solo, "The Rose"—Mr.  
George Costly.  
"A Night in June", King.  
"The Birds and the Brook", Stults.  
Vocal solo, selected—Miss Hazel  
Beckwith.  
"Anvil Chorus" from Il Trovatore,  
Verdi.  
March, "The Cuckoo", Fillmore.  
Hilo, Hawaiian hit by H. Lua.  
"The American Habit", Scouton.  
"Pahon Trombone", Fillmore—Mr.  
James Boyd.

March, "Happy Go Lucky", Barnard.  
International Medley, "Songs of the  
Nations", composed by Professor  
Thomas.  
This will be an especially delight-  
ful program and the Normal is look-  
ing forward to a good attendance  
that evening. Remember the date,  
April 30.  
Professor Wilson at chapel Mon-

day morning gave a very interesting  
talk on the seriousness of the food  
shortage throughout the world,  
dwelling especially upon the condi-  
tions in this country.

## PATRIOTIC AMERICAN GREEKS LISTEN TO

(Continued from page 1 this section)  
and you can do a great deal for us,  
and for yourselves as well in joining  
our army of democracy.

You will be at home there, for the  
Greek army is an army of democracy,  
too, from its commander in chief,  
the King, down to the lowest man in  
the ranks. I saw the King the 16th  
of October, when he reviewed the  
sailors of the Greek fleet, after the  
fleet had been taken away. A great  
crowd had gathered about the exer-  
cise field to see the review. And  
when the ceremony was over the  
Koumaros rode straight out into  
the crowd, without a guard or a po-  
liceman or anyone else, safe among  
his own people. And the crowd  
gathered around him, and touched  
his horse, his stirrups, his person.  
And he called to men he knew as he  
might call to several of you, calling  
them by name, as one soldier to an-  
other, when both soldiers had been  
comrades on the field of battle. It  
was a wonderful sight. Not a sov-  
ereign in the whole world has dared  
do such a thing since the days of  
Napoleon—for not a sovereign in the  
world has been so beloved by all his  
people.

You Greeks here in America, who  
admire and look up to him as the  
splendid and successful soldier that  
he has proven himself—why listen  
to talk of going to Saloniki to join an  
army that though it has been there  
for two years and a half has never  
yet been in a position to do anything  
of military value? You will serve  
exactly the same end, fight for the  
same principles and carry out the  
real, profound, sincere ideal of the  
Greek King and the Greek people if  
you will join this other democratic  
army, as democratic as your own,  
the army of the United States!

Zito ho Basileus Konstantinos!  
Zito He Hellas!

Chalmers 7-Passenger Touring Car—Price \$1350 Detroit

## Chalmers Sensational Run Sets New Motor Car Standard

A Chalmers on March 26-27 set a new high mark in motor car history. On  
that date was established a standard in city traffic performance that promises  
to endure. To cover 586.8 miles through dense Chicago traffic in 24 hours is  
no mean feat. To do it with a stock 7-passenger touring car, carrying 4 pas-  
sengers, on high gear only, without motor stop, and making 14 miles to the  
gallon of fuel is a superlative performance.

Chalmers accomplished the feat  
with ease. It did it because of the  
quality of its motor, the excellence  
of its design, the thoroughness  
with which it is built. Thus is  
proven the flexibility that a motor  
car owner of today demands. Thus  
is insured that economy that ap-

peals in this day of high cost of  
gasoline. Thus is demonstrated  
the ability of a builder like Chal-  
mers to produce a car of super-  
lative merit at a price far below  
what is necessarily asked by  
manufacturers of a limited out-  
put.

The conclusion is inevitable—Buy a Chalmers
