

CLEANED from the EXCHANGES

DEPOSITS OF POTASH DISCOVERED AT BROADWATER

Broadwater News:
Large deposits of potash have been discovered near town and arrangements are being made to build a big potash plant here, the indications are that the whole valley in the vicinity of Broadwater is underlaid with an immense body of potash-bearing mud and water.

There is also strong talk of building a pipe line from here to the potash fields and lakes north of town and either syphoning or pumping the water from the lakes to a refinery located in Broadwater. The plan is entirely feasible as we are at least 150 to 200 feet lower than the lake country to the north.

GERING COUPLE ELOPE—WOMAN LEAVES FAMILY

Scottsbluff Star-Herald:
Sheriff Koenig kept the wires hot all yesterday afternoon in an effort to locate Arthur Randall and a Mrs. Cohen, of Gering, who are reported to have eloped Saturday evening. According to the sheriff's reports the couple left Gering about 5 o'clock and were seen going thru this city in an auto about 7 the same evening. Since then their whereabouts has been a mystery. The Randall family is one of the pioneer families of the valley, thoroly respected in every way, and this action on the part of the man in the case is a mystery, for he leaves a young wife and two small children. The woman also leaves a husband and two children. Mr. Randall has been carrying the rural mail for some time. The couple left in a Ford of 1914 or 1915 model. Mr. Koenig hopes to locate them in the next day or so.

NINE HAVE APPLIED FOR ENLISTMENT AT RUSHVILLE

Rushville Standard:
B. A. Price, a representative of the U. S. Navy, was in Rushville Wednesday in quest of volunteers. Nine young men listed to the call and took the examination. They were: George W. Picolet, Arthur D. Pereten, Jay B. Furman, Harry R. Stwalley, Wm. T. Holsapple, William Arthur Shabram, Albert Lee Miller, Harvey Wampole and Sylvester L. Novotny. Furman and Holsapple could not pass the physical examination, and Shabram, Miller and Wampole, being under age, have to wait the consent of their parents. Picolet, Pereten and Stwalley left on the evening train with Mr. Price for Omaha, where their further examination will take place. Mr. Price was very much impressed with the pat-

riotism of the citizens of Rushville, and enjoyed the parade of sixty school tots, who marched through the town, each carrying the Stars and Stripes and keeping step to the beat of a drum. He declared that the spirit of '76 was installed in the blood of the younger generation.

SAYS NO BAN ON MARRIAGES IN SHERIDAN

Rushville Standard:
Contrary to the rumor that is going the rounds that no more marriage licenses will be issued, County Judge Dorr wishes it made known that such a state of affairs does not exist and that he is still issuing licenses at the old stand. Even war cannot outwit cupid.

DISASTROUS FIRE WORKS HAVOC AT THEFORD

Hyannis Tribune:
At about 1 o'clock Sunday morning fire was discovered in the Hyndshaw livery barn at Theford, which rapidly spread to the Theford garage, the Leper residence, Bauder's barber shop and Theford restaurant and then swung around the corner to J. H. Figard's merchandise store, destroying this entire block and entailing a property loss of between \$30,000 and \$40,000.

The large amount of oil and gasoline stored in the Theford garage exploded from time to time, shooting columns of flame hundreds of feet into the air and driving the fire fighters back from the flames and forcing the occupants of other buildings to flee.

The occupants of the several buildings destroyed being awakened by shouts of the fire fighters and explosions ran half dressed to shelter amid a roaring gale and snowstorm. Eight head of horses in the livery barn were burned to death, and a number were saved with great risk to the fire fighters.

All the glass fronts on the opposite side of the street were broken in by the intense heat and successive explosions of gas. Early in the evening a prairie fire broke out on Goose creek, about twelve miles north, and a number of the citizens had gone to assist in extinguishing the flames.

STARS ELECT OFFICERS AT SCOTTSBLUFF

Scottsbluff Republican:
Dome Rock Chapter No. 215, order of the Eastern Star, has elected officers as follows for the ensuing year: Worthy matron, Mrs. A. J. Shumway; associate matron, Mrs. A. E. Delahoyde; conductress, Mrs. W. A. McCain; associate conductress,

Mrs. C. H. Fuller; worthy patron, Clarence G. Steen; secretary, Mrs. H. A. Johnson; treasurer, Mrs. C. H. Westervelt.

Mrs. Beach Coleman, the present matron, will attend the grand lodge at Lincoln in May, as will Mrs. A. J. Shumway, the matron-elect.

STOLZ RELEASED BY LINCOLN BALL CLUB

Scottsbluff Republican:
"Lefty" Stolz, who pitched for the Scottsbluff baseball team last summer, and who has been trying out with the Western League at Lincoln under Ducky Holmes, seems to be a little too wild with his delivery to suit Boss Ducky, as will be seen by the following article, which we take from Tuesday's State Journal:

"Boss Ducky has released 'Lefty' Stolz, huge twirler from Scottsbluff. Stolz has every essential but control Boss Ducky gave the big pitcher a lot of fatherly advice and 'Lefty,' if he follows it, should be back in fast company in a year. Ducky would be pleased to carry and develop this hurler but for the stringent player limit rules in this loop and but for the further fact that his staff is already complete. 'Deac' Meyers and Clifford Hans will be left at home. Ducky will make an effort to place this pair. He gives them the highest sort of praise, but the fact that both have been troubled with sore arms, hinders their progress at this time."

FREE-FOR-ALL FIGHT STAGED AT GERING

Scottsbluff Republican:
A free-for-all fight occurred at Gering Saturday night in the Japanese restaurant over there. It seems that a party of about a dozen persons started to clean out the restaurant and that as a result the whole place got mixed up in the fight. The sheriff is looking for a Jap who witnessed the affair, and whom it seems necessary to have before the guilty ones can be prosecuted. The sheriff was busy all day yesterday trying to locate his man, but up to this time, had been unable to locate him.

SUSPICIOUS CHARACTER TURNED OVER TO SHERIFF

Hay Springs News:
A man about 45 years of age, whose name we did not learn, has been wandering around south of town in the Ed Johansen, Walgreen and Ireland district. He was brought to town Saturday morning and delivered over to the sheriff. From all appearances he was not of sound mind. He claimed to have come from Chadron and to have a sister at Gordon. He also claimed to be in search of work, but seemingly had no disposition to work, as he made the same round in the neighborhood several times and came back to places where he knew work was not to be had. His stories were so conflicting that the parties in the neighborhood thought it best to give him over to the authorities for further examination and so as Mr. Housh and Mr. Sandoz were passing the Johansen place last Saturday morning on their way to town, he was induced to come along with them. As it happened Sheriff Bruce was down from Rushville that morning and took the man in charge.

OLD TIMER GOES CRAZY—SCARES WOMEN

Chadron Chronicle:
Grif Jerroldman, an old timer of the county, was taken to the insane asylum at Norfolk Monday evening by Sheriff Vet Canfield. A number of years ago he owned and lived on a farm south of Whitney, but of later years has met with financial reverses and finally his mind became unbalanced. Although apparently harmless and perfectly rational at times, he seemed possessed of a mania to frighten women, at times imagined that some one was trying to kill him, and when under one of those spells would brandish a knife or any kind of a weapon he could lay his hands on. He was picked up in Sheridan county last week by Sheriff Bruce, and as he is homeless and without any means, he became a charge of Dawes county. Despite his advanced age, it is thought that his mental recovery might be possible in the state institution.

CUSTER COUNTY PLANS A BIG CELEBRATION

Custer County Chief:
Arrangements are progressing in a most satisfactory manner for the celebration of the fiftieth anniversary of Nebraska's statehood, which will take place at Broken Bow at the time of the County Field Meet and Declamatory contest on Saturday, May 12th. The committee appointed by the mayor some time ago to carry out this matter has had several meetings. Prof. S. H. Martin has been made chairman and various other committees have been appointed and the work is now well in hand.

The celebration will be in the nature of a grand pageant, the parade being made up of historical floats, which will depict the advancement of Nebraska from the time of the Indian to the present time. There will be a large number of floats and it is expected that other towns of the county will join in furnishing features for this parade. An attractive part of this pageant will be the automobile parade. This will be made a special automobile day and the program we believe will be so attractive when it

is completed that it will attract hundreds and we believe thousands of automobiles to Broken Bow.

A feature of this celebration will be the taking of moving pictures. Arrangements have already been made for this and several thousand feet of films will be made which will later on be shown in connection with the historical work now being done by the State University Extension department.

The Chief asks the people of Custer county to keep their eyes open on future announcements of this celebration, because it is going to be well worth seeing. The athletic contests of high school students of the county in the afternoon and the declamatory contest in the evening will be big features and with all May 12th will be a mighty big day for Custer county.

MULES CAUSE SOME EXCITEMENT AT HAY SPRINGS

Hay Springs News:
Ples Smith who has been working his mule team and putting our streets in good condition, had a lively runaway Saturday afternoon. He had the mules hitched to a lumber wagon when the tongue dropped and away went the whole shooting match with Ples holding the ribbons. They started in front of Peck's furniture store and ran north to the first crossing and then west about a block, where they attempted to cross north up an alley. Here the tongue plowed into the dirt and brought things to a standstill. No damage was done although there were a good many autos parked on main street and Ples was exceeding the speed limit. He managed well and had the team slowed down to a trot when the tongue caught. The accident was due to someone having put the double-trees on upside down and one of the pins to the whipple-tree clevis dropped out.

REPORTS OF OIL STRUCK AT LUSK

Chadron Chronicle:
Reports reached here the last of the week that oil had been struck in paying quantities at Lusk, causing considerable excitement here, inasmuch as a few local men are interested up there, and also because it seemed to give new assurances for prospects for oil here. We have been unable to verify the report, in fact, it appears to be a false alarm, although it is said that indications are very good in that district to strike oil very soon.

CRAWFORD LADIES GIVE RECEPTION FOR RUNDIN

Crawford Tribune:
The ladies of the Congregational church will hold a farewell reception Friday evening at the church parlors in honor of Rev. and Mrs. Walter C. Rundin, who will leave here May 1 for Mitchell, Neb., where Rev. Rundin has accepted a position as pastor of the federated churches. The members of the Crawford Chamber of Commerce and Crawford Volunteer Fire department have been invited to be present.

GETS 10c EACH FOR TWO-DAY OLD CHICKS

Chadron Chronicle:
Mrs. Lucy Denton has worked up quite a chicken industry at her home on Mears street. Three large incubators full of eggs have already been hatched and sold and second on the way. With two-day-old chicks selling at 10c per, this proves a very profitable business and is worth close attention.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

4TH ORDERED TO NEW LOCATION

Present Companies of the Fourth are Moved to Fort Crook, Near Omaha

NO ORDERS YET FOR CO. "G" May Leave State—Rumored that Fifth Will Be Mustered Back into Service Shortly

Officers of the Fourth Nebraska regiment, of which Company "G" is a member, have been ordered to make their headquarters at Fort Crook, near Omaha, until further notice. At this writing no orders have been received here for Company "G", although the call is daily expected. Col. Baehr of Omaha has complied with orders and has removed his men to the government fort near Omaha.

Significance is attached by national guard officers to this move, which is taken as an indication that the Fourth will, within a month, be ordered out of Nebraska for active service, either on the Mexican border or on the Pacific slope.

place before the Fourth is ordered out of the state.

Establishment of headquarters at Fort Crook means that it will be the station not only for Colonel Baehr and his office staff, but the regimental quartermaster and supply company and the sanitary detachment. Several carloads of supplies and equipment will be stored there for distribution, when needed, to their stations about the state.

Headquarters for Major Todd of the Omaha battalion will remain in the First National bank building at Sixteenth and Farnam streets, Omaha.

Safe Medicine for Children

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere. Adv—apr

CAR OF GASOLINE BURNS

Omaha, Neb.—10,000 gallons of gasoline was destroyed at the plant of the Manhattan Oil Co., 11th and Paul street. The fire was caused by the blowing out of a stopper in the

top of a big tank of high-test gasoline. The vapor escaping from the opening traveled 200 hundred feet to the tar kettles of the National Roofing Co., which set fire to the vapor. In an instant the whole tank of gasoline was burning. Gasoline of this quality is now worth 20 1/2 cents a gallon, making the loss about \$2,000. The blaze was spectacular and could be seen for several miles.

Spring

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. Adv—apr

ARRESTED UNDER MANN ACT

Grand Island, Neb.—Claude Webb, an employe of the McDoland sheep ranch, was arrested by federal authorities and arraigned before Commissioner Cleary of this city on the charge of violating the Mann act by the transportation of a married woman from Iowa to this state. He was bound over and taken to Lincoln for await trial.

Calling cards for the ladies are printed promptly and neatly at The Herald office. The prices are reasonable. Phone 340 for samples and prices, or call at the office.

Paint is Best for Walls and Ceilings

Lincoln Walamo is a sanitary dull finish paint for walls and ceilings. It combines the durability of an oil paint or an enamel with the soft, velvety beauty of water color or fresco.

Lincoln Walamo

is the ideal finish for walls and ceilings. It is much superior to wall or wall coverings which are held in place with unsanitary, germ breeding paste.

Let us assist you in selecting suitable colors and estimating the quantity requirer for those rooms that need refinishing.
