### Joy to All Around Her.

A cheerful, uncomplaining woman is the most wonderful human being on earth. In truth she makes life for herself and those around her "one grand, sweet song." Whether she is rich or poor, old or young, educated or uneducated, makes absolutely no difference. The example she sets and the hope she brings to others are what count, and everyone of us can, with profit, imitate her.—Exchange.

### Needed Law.

That dear young mother down the street a piece came to us almost in tears yesterday and asked us if we wouldn't use our influence for the immediate enactment of a law limiting grandmothers to an eight-hour day, explaining that then by working all night with the baby she might undo the spoiling done in the course of the time when she had no control over her child.—Columbus (O.)
