Are You Going to Build?

You have been planning, perhaps, to repair your barn, build a garage, build a chicken house, put on a new roof or erect a new wing to your house.

You want to do it WELL, but CHEAPLY.

That's where WE come in. If you're going to do the work yourself or have it done by the day's work, get our figures on lumber and supplies.

We know what we are talking about. We invite you to PUT US TO THE TEST.

Alliance, Nebr.

A Word to the Farm Renter

Why not sow fall wheat on your own land this year and take all the profit that this crop is sure to bring you? Stop turning over 40 to 50 per cent of your energies and their results to your landlord. Buy some of those splendid Southwestern Nebraska or Northwestern Colorado lands,—approved wheat lands at from \$20 to \$40 an acre. This is a hog and cattle country, too, with big profits coming from dairying because you can raise forage cheaply and ensilage crops plentifully.

We can send you right now carefully prepared leaflets, "Go to Southwestern Nebraska," "There's a Farm for You in Colorado," telling you all about these low-priced deeded lands, or if you want a stockraising homestead of 640 acres in Northeastern Wyoming send for our "Free Government Lands Folder." It is my duty to help you get settled and there is absolutely no charge for my services.
 S. B. HOWARD, Immigration Agent, C. B. & Q.

CLIPPED FROM OUR CONTEMPORARIES

KEPT WIFE AT HOME FOR TEN LONG YEARS

Columbus Telegram: Admitting that he had not permitted his wife to go to town for more than ten years, Peter Johnson, wealthy farmer residing in Platte county eight miles north of Genoa, presented an unique study for the insanity board before which he was arraigned for a hearing at the court house last Tuesday morning.

Testimony given at the hearing by neighbors, members of the family and Johnson himself, unfolded one of the strangest tales that has ever come to the ears of the commission. Johnson readily admitted that he had denied his wife the privilege of going to town. "Why should she go to town," he said, "I do all the buying. Her place is at home." Similar treatment, in a lesser degree, he had accorded his children. His oldest son, about 19 years of age, it developed, had not been in town since last October. He permitted no telephone in the house. Only on rare occasions in the last decade had his wife enjoyed visits at the homes of neighbors.

Johnson, who is a native of Sweden, took out his first naturalization papers years ago in order, as he admitted, to be able to homestead. Having acquired a start in that manner, he said that he saw no reason why he should become a full-fledged citizen of the United States, and he never took any steps to secure his final papers. He now owns 240 acres of land.

The complaint against him was filed by a neighbor, D. S. Pearce, as result of an incident that occurred last Sunday evening. Two of Johnson's sons spent the evening at the Pearce home. The father thought they were staying out too late, and walked the intervening two miles to summon them home. Some words were passed among them and Johnson, it is said, knocked the two boys down. A year or two ago, so the testimony developed, Johnson struck his wife and dislocated her jaw. The boys said that their mother submitted to the treatment without complaint because she did not want to start any trouble.

Aside from his rigid ideas of discipline, Johnson seemed to be kindly disposed toward his family, in his peculiar way. "I give them warm clothes and good food," he said. "I have worked hard to get my property and it's all for them. It will be theirs when I die."

Johnson's answers to questions were apparently those of a clear mind, and at the conclusion of the hearing the board held that he was not a fit subject for the asylum. He was dismissed, but was scathingly arraigned by County Attorney Otto F. Walter who promised him a jail sentence if he again lifted a hand against a member of his family.

Mrs. Johnson remained at home on the farm and did not come down to Columbus to take part in the hearing.

TO INSTALL POTATO ELEVATORS AT GORDON

Gordon Journal: O. B. Unthank, representing the Nebraska Potato Company, was a caller at the office for a social visit. The company has a warehouse in Gordon and they are now putting another new one to take care of the business this coming fall which Mr. Unthank thinks will be heavy, with potatoes bringing an excellent price.

He stated that in about two weeks the company expects to have a force of men here to install potato elevators and sorting machinery, so when the farmer drives up with a load of spuds they will be running thru the sorters, into the elevators to the cars waiting. This will enable the company to pay a better price and deliver a better quality of goods to the markets, and keep up the standard of the greatest product of Sheridan county.

SLACKERS ARE IN THE TOILS OF THE LAW

Chadron Chronicle: That the recent registration for military duty was no joke is being realized by several slackers, who failed to register on June 5. That a comparatively small per cent failed to register, however, seems evident, but the strong arm of the law is reaching out, swiftly and surely, and bringing them in.

Frank Kline was arrested by the U. S. marshal at Harrison the last of the week for failure to register. He was brought here and lodged in jail, awaiting the arrival of federal officers to take him in charge. Kline is not only a slacker, but a deserter from the regular army at Douglas, Ariz.

Two Indian young men, Oscar Two Eagle and Arthur Long Woman, were arrested in this city Sunday and given quarters in the city jail, where they are booked as slackers. Both of these claim ignorance of the law or physical disability, mothers depending upon them and a few others of like nature. They are held awaiting the arrival of federal officers.

All the men held as slackers were given a preliminary hearing before County Judge Slattery yesterday morning, and all plead not guilty. The Indians and Kline were remanded to jail in default of bail, while Sam Tiegre furnished bond in the sum of \$200 cash. All were bound over to the federal court.

Verily, the wal of the slacker is hard!

SHE WAS NOT A GOOD BALL PLAYER

York Democrat:

Mrs. Esther Linnenkohl of Grand Island has a temper. Also a strong right arm and a good aim. Likewise, she has a vocabulary that embraces some very strong words. Dr. Milliken is suing his wife for a divorce, and Mrs. Milliken is Mrs. Linnenkohl's mother. Dr. Milliken said that Mrs. Linnenkohl's character was far from being above reproach.

"You're a d-d liar!" shouted Mrs. Linnenkohl. Then she started for the witness stand, and on her way there grabbed an inkbottle and let fly at the doctor. She missed the first shot, but grabbing a bigger and heavier inkbottle she tried again, this time with good effect. She landed squarely on the doctor's head, and cut a long and deep gash therein. Whereupon the court officials interfered and Mrs. Linnenkohl was placed under arrest. The court room furniture was badly spattered with ink, and several lawyers and members of the jury will have to go to bed while their clothes are being attended to by the cleaner.

LANSOED BIG PELICAN—THEY HAD NO SALT

Hay Springs News:

Freeman Hoefer and several of the sports fro mtown, including Wm. Jakey, Geo. Riley, Mike Riley, Prosper Lloyd, Milo Richmond, Sero Williams, Ira Richmond and others, went to alkali lake Sunday and lassoed a big pelican. It had been reported that a flock of about thirty was seen on the lake Saturday but when they got out to the lake Sunday there were only two remaining. Some of the boys went out in a boat and Freeman threw the rope and hauled in. Someone had evidently taken a shot at the bird as it was wounded in one wing, which accounted for the fact that they got close enough to rope him. The bird measured 8 1/2 feet from tip to top, and stood about three feet high. During the measurement proceedings the bird showed fight and threatened to stampede the whole bunch. Several photos were then taken of the pelican and as the law prohibits the killing of such birds it was then allowed its freedom.

LIGHTNING DOES AWFUL EXECUTION

Ord Quiz:

A little shower, which did not even extend far enough south to reach Barwell, came over the hills to the north of that town last week Thursday afternoon. Breaking sod in the hills hit by the shower was Oscar Freeman. Evidently the man had taken shelter under his wagon after tying his team to that vehicle, for a little while after the storm passed he was found lying dead under the wagon, and his horses also dead lying near by tied to the wagon.

One severe stroke of lightning had been heard but was not such as to arouse any fears from anyone. Evidently this was the stroke that proved fatal to this man and his team.

Mr. Freeman was a man of about 40 years and leaves a wife and five children, his wife being now in delicate condition.

The tragedy is therefore a very distressing one. It leaves the wife and mother with a large family of small children on her hands and not too much laid by for this pressing need.

The funeral was held from the Methodist church at Ord Sunday afternoon.

NEW DAWES COUNTY AGENT TAKES OFFICE

Chadron Chronicle: H. W. Thomas departed Monday night for his home at Lincoln, for a

few days' visit prior to leaving for his new field of work at Washington, D. C. While he will be engaged in practically the same line of work as here, he will be under the civil service, and will do more or less traveling in the interest of the agricultural department headquarters. Mr. Thomas, during his short residence here, became very popular with everybody with whom he came in contact, and proved himself not only to be very efficient as a farm demonstrator, but a gentleman in every sense of the word and while we regret to part with him, we wish him unbounded success in his new and broader field.

Mr. Thomas is succeeded as Dawes county farm agent by Mr. Taylor, a splendid young man of Broken Bow. Mr. Taylor has been with us for several weeks, laboring with Mr. Thomas, and has proven that he is well qualified in every particular to take up the vast duties of his office, and be a real help to Dawes county farmers. He is a clean and likable young man and we feel confident that he will step into Mr. Thomas' shoes and carry forward the good work already in progress. Success to him!

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, and you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, and disorders come from sluggish kidneys.

The moment you feel a dull ache in the joints or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in glass of water before breakfast for a few days and your kidneys will then act normally. This famous salt is made from acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and melt them to activity, also to neutralize the acids in urine so it no longer irritates, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Celebrate July 4th in Scottsbluff.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowdays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
