

Complete Draft List For Box Butte County, Nebraska

CUT THIS OUT AS A REFERENCE, FOR IT WILL STAND AS ORDER IN WHICH YOU ARE LIABLE TO SERVE

Below are the numbers drawn on Friday, July 20, for the selective draft army that affect Box Butte county.

In the list of numbers below, all numbers above 798 do not appear, as being of no interest in Box Butte county.

At 2 o'clock Saturday morning the blindfolded teller in Washington drew from the glass globe the last of the 10,500 numerals.

As each number was drawn it was announced, chalked up on a blackboard and telegraphed to the newspapers to be published for an expectant nation of relatives and friends of those registered.

Each numeral drawn called forth from one to 4,557 men in the 4,557 exemption districts of the country to take their places for examination or to hold themselves in readiness for military service.

To obtain the 687,000 men needed at first the exemption boards will be required to examine 1,374,000 registrants or more if this number does not suffice to furnish quotas assigned to the states.

Box Butte's quota is 31. Under this plan 62 will be called for examination and if by reason of many exemptions, more would be called until the quota is supplied.

The Alliance Herald has taken great care to make the list below as reliable as possible, but it should be understood that this is not the official list, and is subject to corrections.

Eventually you are likely to be called, so CUT THIS LIST OUT OF THE HERALD AND KEEP IT FOR REFERENCE, because it will tell you your position on any succeeding call that is made for more men.
