LESSON FOR OCTOBER 21

THE TEMPLE REBUILT AND DEDICATED.

LESSON TEXT—Ezra 3:8-13; 6:14-18.
GOLDEN TEXT—Enter into his gates with thanksgiving, and into his courts with praise.—Psalms 100:4.

The remnant which returned had now become settled in their new homes. As it would be a considerable time before the temple could be rebuilt, arrangement was made for the religious life as early as possible, as religion was the very heart of the nation's life. They first set up the altar of the God of Israel (3:1-3) and offered burnt offerings thereon. They next revived the annual festivals (3:4-7) which had a powerful, unifying influence upon them.

I. The Appointment of Officers to Set Forward the Work of the Lord's House (v. 8, 9). Overseers were needed to direct this great work. Rubbish needed to be cleared away so the building operations could begin; timber needed to be cut in the Lebanon forests and floated down to Joppa; stones needed to be cut from the quarries; intelligent and consecrated men were needed to direct this work, as it was needful that it be done with the utmost expedition. The Lord's house demands the most systematic adjustment of its labors. Mere zeal will not make up for lack of intelligence.

II. The Foundation of the Temple Laid (3:10-13). This was done amid great rejoicing. The consciousness that the Lord's house was taking shape, even though the mere foundations could be seen, provoked great enthusiasm on the part of the people. Musicians were appointed to furnish music while the work was being done. Under the influence of music men will do better work, armies will march and fight better when bands are playing. While there was great joy, there was also mingled sorrow. This was on the part of the elders who had seen the former temple. The meanness of the present temple in comparison with Solomon's temple caused their praise to be drowned with their sorrow. These people belonged to that class who think that nothing now is so good as in the former days. So completely were these voices mingled that the people could not discern the one from the other.

III. The Building of the Temple Delayed by Opposition. (Chapters 4 and 5). For a time matters went smoothly with them, but as soon as the work had taken such shape as to show that there was some prospect of success, the half-heathen Samaritans began to oppose them. No vital work of God will be allowed to go on without opposition. Satan resents and bitterly opposes all inroads upon his kingdom. These Samaritans sought to frustrate this work of God by:

(1) An Alliance With the Jews (4:2, 3). They wanted to bring the work in harmony with their own religious practices, as God's pure worship would be a constant rebuke to them. This is ever the way of the world, to seek to effect a compromise with God's children; but God's call is separation. "Come out from among them" (2 Cor. 6:14-18). Nothing so weakens God's cause as worldly alliance and compromise. There is but one answer to be given to such an offer of compromise. "Ye have nothing to do with us in building a house unto our God." We are in the world, but not of the world.

(2) Weakening the Hands of the People (4:4). Doubtless this included the withdrawal of supplies, the spreading of dissension among the workmen, and the employment of counselors against them.

(3) Letters of Accusation to the Persian King (4:6, 7). So severe was this opposition that the building was delayed for a term of years. These counselors succeeded in creating doubt as to whether Cyrus had ever issued a decree for their return. This wicked opposition resulted in the undoing of the opposers, for search was made and a copy was found. Darius confirmed this by his own decree, and directed that aid be given from the royal taxes so that the house of God might be built.

IV. The Temple Completed and Dedicated (6:14-18). The Prophets Haggai and Zachariah now appear, and by warnings, exhortations and entreaties stir up the people so that the work goes forward to a successful completion. Without their aid probably the work would never have been completed. Human nature at times needs to be cheered and urged forward. These prophets did not themselves work in the building of the walls, yet their work was of even greater importance. It is generally found that this is so with the religious leaders today. The words of cheer and encouragement of the Christian minister are needed daily for those who labor in the building of the Lord's house. Were it not for them many would give up the struggle. When the building was finished it was dedicated to God with great joy. This was possible because they had builded and finished their task according to the commandment of the God of Israel. The service of dedication was much after the order of that of Solomon's temple, only on a less magnificent scale.

Chamberlain's Cough Remedy the Most Reliable

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirsten, Greenville, Ills., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

URIC ACID IN MEAT CLOGS THE KIDNEY

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day eat it, but flush your kidneys with an occasional glass of Salts. A noted authority tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then suffer with a dull misery in the kidney region, sharp pains in the back or a headache, dizziness, your stomach and tongue is coated and when the weather is bad you have rheumatic twinges. Urine gets cloudy, full of sediment, channels often get sore and irritating obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, cleanse the kidneys and flush off a body's urinous waste get four ounces of Jad Salts from any pharmacy. He takes a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in uric acid so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot be pure, and makes a delightful effervescent water drink.

ALLIANCE POST OFFICE TO MOVE IN DECEMBER

The First Assistant Postmaster General has instructed Postmaster Robert Graham to prepare his office for removal to the new federal building at the corner of unpaved Box Butte avenue and Fourth street between the 15th and 30th of November.

The contractors have promised that the first floor of the federal building will be ready for occupancy about the first of December and the local office is instructed to be ready to move not later than that time. Considerable delay has been experienced in the finishing of the building, said to have been caused by certain changes in the original plans. The post office will be newly furnished throughout and will contain the addition of some fifty more boxes.

NO PEDDLING FROM CARS ALLOWED IN NEBRASKA

According to an announcement made a few days ago by the Burlington and Union Pacific railroads, car peddling from cars on track will not be allowed hereafter, even in intrastate shipments. Notice to this effect has been filed with the State Railway Commission. Potato growers of western Nebraska are thus deprived of the opportunity to load a car of spuds and sell it out from the

car at some other point. Apple or other fruit peddlers may not ship a car into Alliance and sell from the car.

Late in July the Interstate Commerce Commission dismissed a complaint by Nebraska apple growers who asked that the Union Pacific be compelled to allow growers such use of cars in interstate commerce. The commission held at that time that such use was simply a toleration by certain railroads. Following this decision, which eliminated car peddling when shipped from one state to another, the roads have discontinued the practice within the state, as well as when moving from Nebraska to other states.

Will You Help the Boys Come Marching Home Again?

YOUR opportunity to subscribe to the Second Liberty Loan comes at the time when you have just begun to realize that your country is actually at WAR.

You have watched with a swelling heart, your boys and their comrades march proudly away to do their bit in the war to save civilization and preserve liberty.

Your one great regret is that you cannot go with them; your most fervent hope and prayer is that they may return safely and victorious.

This is the Purpose of the Second Liberty Loan

The purpose of the Second Liberty Loan is to help make victory sure, and to save the lives of our sons.

The money you pay for Liberty Bonds buys food, clothing, guns and ammunition for the boys you now see marching away.

They cannot fight without arms and equipment; the more quickly and liberally these needs are supplied the sooner the war will be over—and the more American soldiers will come home in safety.

The bond you buy will help buy these necessities. It will help shorten the war. It may save a precious life.

Your Part is Merely to Lend Money

Those stalwart lads you see marching past with smiles on their lips and high courage in their hearts are ready to lay down their lives for their country.

Their country—YOUR country—simply asks you to LEND your money to help our soldiers win this war—to aid in arming and feeding and clothing them—to protect them as they fight YOUR battles.

This is a Duty, a solemn, sacred DUTY, which MUST be performed. It is a Duty which falls upon all of us, rich or poor, according to our means and our ability.

The war is now a fact—an American fact. We are in it. We are in it to stay. We are in it to win it. We MUST win it. Our sons must come back to us crowned with a glorious victory. Our country must be safeguarded from disasters whose gravity we have only recently begun to realize. The world must be purged, purified and made free.

You want to do your part. You are eager to help in every way you can. The one big, fine thing you can do is to lend your money to your Government. Buy Liberty Bonds.

The Safest Investment in the World

Bear in mind that you are not asked to give anything. Liberty Bonds are an investment. The principal is safe, and you are paid interest for the use of your money.

These bonds are the safest investment in the world because the United States of America, with all its tremendous resources, stands behind them. If the United States endures, your bonds are safe. If the United States does not endure, you lose everything you possess. And we are in this war to make sure that the United States DOES endure.

When you buy Liberty Bonds you are helping to fight YOUR war and protect YOUR interests. Your interests and your country's are one and inseparable.

Liberty Bonds Are Easy to Buy

The Second Liberty Loan is now open for subscription. Liberty Bonds are easy to buy.

Your bank—any bank—will take your subscription without any fee or charge for services, and hold the bonds for you after they are issued.

You can buy Liberty Bonds on partial payments—only a Dollar Down on each bond, if you wish.

Thrift is a good habit. Liberty Bonds are a good investment. Begin now to save money by every possible economy and sacrifice.

Buy all the Liberty Bonds you can.
