## POTATO PRICES SHOW WEAK TENDENCY

Prices Ruled Higher at Alliance Than  
at Hemingford on Account of  
the Car Supply

Potato prices for the past week have shown a weak tendency due to the large accumulations of field frosted and frost-killed stock on the cars. This has been the cause of many rejections and some stock has to be sold below the cost to the shipper.

There has been, however, a good demand for good stock, free from frost, and good prices have been realized on this class of goods. Sacked and graded stock was in better demand than field run bulk and the prices for the graded stock was from twenty to thirty cents per cwt. higher than for ungraded.

In the producing sections there has been a gradual decline in price for wagonloads, but the carload prices have been steady. This has been due to the acute car shortage in all parts of the country. This shortage of refrigerator cars threatened for a time to strangle the potato industry, but with the close co-operation of shippers, receivers and the railroad companies in seeing that all cars are loaded and unloaded in the minimum amount of time the situation is being relieved and more empty cars are in evidence. This co-operation has had a good effect but there is still plenty of room for improvement.

In the local market the prices at Alliance have ruled higher than at Hemingford on account of the cars that the local shippers were able to secure. The buyers at Hemingford were in a bad way for a time as the warehouses were full and nothing but box cars in which to load. A few cars were sent to Hemingford on last Saturday and the market picked up at once and the prices were equalized for the first time this season.

our whole heart, will we not give Him first place?

Giving Him first place in our daily experiences, we will honor Him at home or away, at business or recreation, during prosperity or adversity. In every activity of life, we can say, "This is pleasing to our Lord" and we will walk by His side.

In attendance at worship, those who give God first place can be counted. They remember the words of Scripture, "Forsaking not the assembling of ourselves together" and "On the first day of the week when the disciples came together to break bread." In the beautiful days of excursions and picnics, in the story, or in the sunshine they are at worship. They are saying to the Lord, "You can count on me." Not only are they at worship, but they are using their talents wherever needed.

Service is not given on the Lord's Day, but each day, and are busy with the cares of life, but always they can "Take time to be holy." If we survive the present, we must consider the bread and butter proposition. But even in the busiest moments there is the determination to live a Godly life. Honesty of purpose is shown by accomplished results. Efforts may be weak, but the motive was pure. To him who gives God "First Place" this is his privilege, to weigh every item and then do all in the name of the Lord.

Every institution must have support and the church is not the exception. The wonder is that the church can be so powerful for righteousness and be continued on such a narrow financial margin. The man who loves his Lord with all his soul, heart and mind, gives the church first place in his financial affections. One of the earliest plans for financing religious enterprises is the Law of the Tithes. If all of God's people were giving one-tenth of their income, appeals for money would never be made. Brief announcements outlining the need would call forth all necessary funds. Often we give God the parings after we have eaten the apple.

The world will be blessed and the church triumphant when we give God first place by loving Him with all our heart, soul and mind.

Stephen J. Epler.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to  
Darken and Beautify  
Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## TYPHOID FEVER CAUSES DEATH OF YOUNG MAN

Arthur Martin, Burlington Employee,  
Dies After Illness Lasting  
Few Weeks

Arthur Martin of Bradley, Ill., who came here some time ago to accept a position with the Burlington, died on last Friday morning after an illness with typhoid fever lasting about three weeks. His father had arrived a few days previous and was with him at the end.

The remains were shipped to Bradley for burial.

**Use for Old Rubbers.**

Old hot-water bags make fine holders to use when wringing cloths out of hot water (for compresses, facial massage, etc). Cut the bag all around the seam. Cut the stiff top off and you have two flat pieces of rubber. This is a great protection to the hands and hotter water can be used.

## TICK RELEASES BENEFIT STOCKMEN

Northern Cattle Districts Will Benefit  
From Releasing 65,520 Square  
Miles of Territory

Washington, D. C., Nov. 14.—An order signed by Secretary of Agriculture D. F. Houston lifts on December 1 from 65,520 square miles in Southern States the Federal quarantine against movement of Southern cattle. It is of great importance to cattle raisers and dealers of Northern States as well as those of the South.

In regions infested by the cattle tick it has not been held safe to import better stock for the improvement of Southern herds because cattle freshly brought in from regions where the tick is not prevalent are especially prone to sicken and die from the fever germs carried by the blood-sucking parasite. The Federal quarantine against the cattle tick, on the other hand, has prevented the shipment of cattle from infested sections for use as stockers and feeders in free territory, and permits their shipment into free territory only under quarantine restrictions and for immediate slaughter.

The release order for December 1 frees the largest amount of territory ever liberated at one time since the Federal campaign against the cattle tick started in 1906, and, added to 5,234 square miles freed in March and September, will make 1917 by far the greatest year so far in the annihilation of the tick.

Nine Southern States will benefit by the release order. The largest beneficiary will be Mississippi, which will be entirely freed from quarantine and will open a broad avenue of tick-free territory from the Northern States to the Gulf of Mexico.

## Our Churches

**M. E. Church**

What is meant by being born again? Does it mean the re-birth of a soul, or the re-birth of society, or simply the birth of a new idea or a higher conception of soul values? Come out and hear Dr. Morris at the Methodist church Sunday morning. Sunday night will close the series of special talks to young men. The subject is "Opportunity." Don't miss this one. The results of these special Sunday evening services have been gratifying. One thing especially is the large attendance of men.

**Church of Christ**

Rally Day next Lord's Day morning throws out the challenge to everyone who can be at the service by 10 o'clock and remain for the continuous uniform service until 12. The morning subject is "Dividing With God." The evening subject is "Looking Beyond."

The minister will begin a meeting at Antioch in the Christian Tabernacle on Monday evening, Nov. 19.

Prayer, real prayer, is as essential to the Christian life as food is to the body. Remember Paul's word, "Pray without ceasing."

Come to the church with a message and a welcome.

Stephen J. Epler, Minister.

Text: Matt. 22:37. Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

A few years ago, while riding on a train, a man came through the car selling religious mottoes. I purchased one of two words, "God First." Many times since, these words have given me thought for meditation. There is perfect harmony between the words of the motto and the text, for if we love God with
