

Doings of Railroaders

Brakeman Ed Kink is on the lay-off board at present.

Mr. and Mrs. C. R. Witham have planned to visit relatives for a few days in Aurora.

New firemen seem to be the order of the day now. Eight new firemen were hired Monday.

Mrs. A. B. Wheeler, wife of Fireman Wheeler, has arranged to make a short visit at Marsland.

Ray Butler, son of C. M. Butler, a blacksmith at the round house, is visiting relatives in Lincoln.

Engineer A. H. Robbins is still laying off. He is busy looking after his potash interests in this vicinity.

Mr. and Mrs. Jim Smith and Mrs. George Ritchison, of St. Louis, have been added to the locomotive cleaner gang.

Trainmaster F. G. Gurley returned from Edgemont Sunday, where he had been for a few days on company business.

F. Nelson, engineer, will go to Broken Bow in a few days on business.

John Gibson resigned as hostler at the round house on Friday of last week and departed for Denver, where he will accept another position.

Mrs. H. F. Townley came down from Marsland last week for a short visit with her husband, who is an engineer running out of Alliance.

John Gibson, who has been employed as hostler for the past few months, resigned his position Saturday and left for Denver.

Ed. McNulty has accepted a position at the round house. He recently returned from Chadron, where he has been employed for the past few months.

Saturday was semi-monthly pay day for the railroaders, and as is the usual custom, a number called for their time. However, the regulars are all on the job.

Oscar German, machinist helper at the round house, will go to Hill City, S. D., the latter part of this week and make arrangements for moving his family to that place.

A. M. Richmond, one of the "regulars" at the round house, turned a "flip-flop" last week. He told his friends that he had resigned, but he is back on the job now.

H. Renneau has been assigned to the turn held by Engineer George Milliken. Engineer George Reid was put on Mr. Renneau's turn and J. A. McDonald got Reid's turn.

Mrs. G. F. Carlson has made arrangements to visit relatives in Lincoln and will leave in a few days. Mr. Carlson is a fireman in the passenger service out of Alliance.

Engineer C. J. Young will go to Minnekahta, S. D., in a few days for a visit with relatives. It is said that he recently committed matrimony, but as yet no convincing evidence has been secured.

H. H. Fink has obtained transportation to Billings once more. Some of his friends, however, are reported to be laying five to one that he gets no farther than Edgemont, where he usually stops.

Clarence Reed resigned his position as boilermaker handyman Saturday and went to Scottsbluff for a short visit. It is his intention to go to a Kansas City shortly and later expects to enlist in the navy.

Mrs. B. W. Beardon and daughter, Cleantha, will go to Deming, N. M., in the near future where they will visit Harold Berg, who enlisted in Alliance about four months ago and is now in training at that place.

Sunday was a busy day in the stock yards. At one time nearly every pen in the yards was full of cattle. Most of the stock was en route to the Omaha market and had been unloaded here for feed and water.

Clarence Reed, who has been employed at the round house as a boilermaker for the past few months, resigned on last Saturday and left for Scottsbluff, where he will visit with relatives for a few days before going to Kansas City.

NORTH PLATTE WINS FOOT BALL GAME

Alliance Boys, Greatly Outweighed, Put Up Hard But Losing Fight Against Experienced Team

The fast and experienced football team from North Platte high school played the Alliance high school eleven on the local field last Friday, winning the game by a 47 to 0 score. The local boys were outweighed by the visitors, who were also seasoned players, and the defeat and score is not to their discredit. The Alliance team played a stiff game and made a fine defense and the visitors did not have a complete walk-away as they anticipated. The game was attended by a small sized crowd.

A. Jacobson returned from Casper Monday morning, where he spent several days on business. Mr. Jacobson says that Casper is the busiest town that he has ever seen and is growing rapidly. The First National Bank of that city transacted over \$1,000,000 worth of business Saturday from 9 a. m. until noon. He reports that Wyoming is expected to go into the dry column at the next session.

Quality More Than Ever

We give you more than money values; we give you clothing, service and selection from one of the biggest and best stocks in the West.

Government activity in the textile industry has increased the difficulty of securing the genuine all-wool merchandise now, more than ever.

Our mammoth buying power is your protection in face of the unprecedented conditions. If it's new The Famous has it first.

There is No Chance of Getting Lower Prices. They will be Higher By Spring.

If we had to buy on present markets we could not possibly sell at the prices we quote today. We are selling to you at less than we can replace these good all-wool coats and suits. We anticipated this condition and we placed our orders far in advance of our needs—the wisdom of this action is now being demonstrated to us by the daily price advances.

Quantity Buying of Nationally Advertised Goods bought in conjunction with hundreds of stores affiliated with the "United National Clothiers" is your seal of protection.
