

FOUND BODY OF ANNA HORA, LOST TWO YEARS

Petrified Body Of Young School Teacher Found In The Dismal River

The Herald is in receipt of a letter from Vincent Hora, of Thedford, Neb., father of the young Miss drowned in the Dismal river two years and four weeks ago. The many friends of Mr. Hora will remember the incident.

Alliance, Nebr.

Dear Friend:—

Please inform the readers of your paper that the body of Anna Hora, the seventeen and a half year old school teacher, who was drowned in Dismal river, on Sunday afternoon February 6th, 1916, was found in the river last Friday, February 22nd, at 5 p. m., by Fred Magnuson, a trapper on the river in a petrified state. The attention of Magnuson to the object was called by a mud-turtle which jumped into the water whenever he passed around. The girl's body was found on a sand-bar in such a position as if seated in a declining chair. During the past winter the body was evidently raised by water to the top by some under-current under the ice and the girl's head, collar bone and one arm carried away by ice gorges. Shoes, overshoes and stockings appeared as new, with parts of underwear and two corset strings firmly held by the petrified flesh.

Anna was our oldest daughter and would now be nineteen and one-half years old. Her body was covered by quick-sand and foot-thick ice for two winters. She was found by Magnuson about 100 feet east of the place where she was drowned two years and three weeks ago, and about 200 feet west of the spot where her horse was found.

Funeral services were held Monday morning, February 25th, in the court house in Thedford and laid to rest in cemetery south of town.

With best wishes to all my acquaintances in Alliance, I am,
Sincerely Yours
Vincent F Hora.

WOMAN'S CITIZENSHIP AND INFLUENCE WANTED

All foreign-born women in Nebraska are urged to become Americanized and all American wives of foreign men are urged to influence their husbands to take out full citizenship papers, in an appeal sent out by Miss Hebkova, chairman of the Woman's Committee of the Nebraska State Council of Defense. Women of every community are also being asked to find what men have not completed citizenship and to urge them to become Americanized.

Statistics given out by Miss Hebkova show that in Nebraska last year 2346 men took out their first papers, but only 795 took all three steps, and that there are many foreign men here who have not taken even the first step. But a very few women have taken any steps toward Americanization.

Of the foreign-born in Nebraska, the Swedes dominate in Polk, Salin, Howard and Valley Counties. Bohemians are most numerous in Knox, Colfax, Butler and Saunders; Russians in Scotts Bluff, Clay and Hitchcock; Italians in Landeaster and Douglas.

A marriage license was issued Monday to Edward Brost and Miss Bertha Jesse. Mr. Brost is a son of Adolph Brost and Miss Jesse a daughter of Frank Jesse. The young couple were married by the Reverend J. W. Morris at the parsonage. They will make their home in Alliance.

Live Wire Authority Of Methods Of Modern Merchandising Procured

The merchants are assured of receiving the valuable points on merchandising that expert Stockdale will be able to give them. His message to retail and wholesale merchants is especially valuable due to his extensive experience and study of business conditions. Any merchant hearing Stockdale and applying the suggestions that he gives can without question make his business more successful, both in profits and satisfaction to the customer.

Near town clerks and merchants should make a special effort to hear this business expert. Evening meetings will be held at the Court House, March 11, 12, 13 at 7:30 p. m. Noonday luncheons at the Alliance Hotel March 12 and 13th.

RUN-A-WAY COUPLE CAUGHT AT ALLIANCE

A romance starting in Basin, Wyo., was brought to a sad ending last Saturday night by police officer Stafford, when he hauled the errant couple from the sleeper of the Casper train. Mr. Tubbs of Basin and Mrs. Scoville of Basin left Basin last Wednesday with out warning. The husband wired all along the line, his efforts being rewarded at Alliance, where the couple was apprehended. The culmination of the affair was that Mr. Tubbs was released Monday and Mrs. Tubbs to be went back to Basin with hubby.

NEBRASKA GIRLS IN WAR SERVICE

Nebraska young women who are responding to the government's call for stenographers and clerks are being advised and aided by the wives of Nebraska congressmen, who have organized into a branch of the Woman's Committee of the Nebraska State Council of Defense. Thousands of young women are crowding into Washington at this time in response to the urgent need. Mrs. George Norris, wife of Senator Norris, has assumed charge of the Nebraska girls working for Uncle Sam, as chair man of the special committee of Nebraska women. She will see that the girls are properly housed, that they are not lonesome, that they are thoroughly comfortable and happy.

Word comes from Washington that a great many more women are needed for office work. The Nebraska committee urges that girls who are trained for the work make application at once, and those who have not the required training undergo instruction at once. The entrance salary ranges from \$1,000 to \$1,200 a year, and advance is reasonably rapid. Application blanks may be secured from the U. S. Civil Service Commission, Washington, D. C.

MORE THAN MONEY IN LIFE

Those Who Look Upon Riches as the Source of All Happiness Have the Wrong Idea.

Dollars to dimes it is money, easy money, the easier the better. What do we want money for? Merely to spend. There are some, of course, who want it just for the sake of having it, but the average individual wants it to spend. He thinks he wants to live high and fine and be sporty.

What has been the fate of the average young man who has had all the money he wanted to spend? A full pocket generally leads to a pace that kills.

Only those who have earned their money know how to care for it, and to use it to the best advantage.

This is the best world there is for human beings. There may be better ones for spirits or other forms of life, but none better for spirits encumbered with the mortal coil.

This world may have been made for man, or he may be nothing more than one of the incidents of creation. There is much that leads to the latter conclusion. None of the various phenomena of nature show him the least respect. The lightnings smite him, storms regard him not at all, seasons come and go just as if he were not here, and he is not consulted about anything. If he cannot get enough to eat he must starve, and if he doesn't provide against cold he will freeze.—Pittsburgh Gazette-Times.
