APPRECIATION FROM COUNCIL

At the recent special session of the state legislature, called as a war sesplaced in the hands of the state counbill gives the party against whom complaint is filed all the rights of any citizen in the courts, it also defines sedition and clearly outlines the work of the state council.

The editor of The Herald has received the following letter from the state council of defense:

"Lincoln, Nebr., May 2, 1918. Hon. Lloyd C. Thomas, Alliance Nebr

Dear Mr. Thomas: The State Council of Defense expresses its great appreciation of the splendid service the loyal and patriotic members of the legislature have rendered the state and nation by helping enact a law which we know will prove useful in suppressing seditious and disloyal behavior in Nebraska.

The experience of the council has shown the absolute necessity of having such a law passed. The loyal support by the legislature of the council's policies and evident desire to uphold its endeavors so that Nebraska may be enabled to

free itself from those pernicious influences which would interfere with its efforts to make a full contribution to the nation in the hour of its great needs is highly valued and appreciated by the several members of the coun-

You may feel confident that the spirt of patient tolerance which has characterized the policy of the council in the past will govern its activities in the future and it shall be our sincere purpose to co-operate with those officials having the enforcement of the law in charge to the end that it shall not be employed to impose injustice or hardship upon innocent men.

We assure you and the people o fthe state that the council's efforts and work will be governed by the supreme desire and determination that Nebraska give its full measure of support to enable America to win this war.

Sincerely yours, C. A. McCloud Dr. E. O. Weber T. P. Reynolds Herbert E. Gooch George Coupland Richard L Metcalfe Keith Neville, Governor Sarko Hebkova George O. Brophy George E Johnson H. E. Clapp, Adjutant General Robert M. Joyce, Chairman."

He stopped payment on it, not remembering anything about it, but let the little checks go thru. Whereupon the saloonkeeper of Kansas City sought to have Muloskee brought back to Missouri on the charge of having uttered a false check. A requisition for the return of Muloskee to Missouri was submitted to Acting Governor Howard last Tuesday afternoon, and a hearing was had. After listening to all the facts of the case, Acting Governor Howard rendered judgment. We insist that it deserves a place alongside many state papers that will be remembered while the republic endures.
