## THE INFANTRYMAN

"The artillery conquers; the infantry occupies."  
He gets no rides in parlor cars,  
In coaches or sedans,  
And yet his work is just as big  
As any other man's.  
He wears no winglike badges as  
The aviators do.  
But yet he's Johnny-on-the-Spot  
Whenever we're bustin' through!

He has no mathematics such  
As Redlegs all must learn;  
For engineering plots and graphs,  
He's never known to yearn;  
Machine guns with their curlykews  
Are so much Greek to him—  
What matter? Though he's short on books  
He's long on strength and vim!

The cannoners may blast away  
And make the boche go pronto,  
But infantry with bayonets  
Will send 'em to Toronto,  
To Halifax or Timbuctoo,  
And send 'em humpin' fast—  
So remount while the columns of  
The Infantry march past!

—STARS AND STRIPES.

Army and Navy Department  
Alliance Herald.  
We have lost so many ships in the last few months that it looks impossible to make up the losses. Do you know how we stand?

A. C. E., Berea, Neb.  
Ans. You need not be alarmed over the ship situation. Government construction reports recently issued show the following tonnage statistics: Since May 25th 21 ships have been completed, their total tonnage being 130,642 tons. Excluding the vessels salvaged, the U-boats have to date destroyed ten American vessels, totaling 26 thousand tons. Considering the construction the loss from the subs is far below the average construction.

Editor A. & N. Dept.

Editor A. & N. Dept.

Can you tell me what the total American casualties have been to date?

W. R. T., Bingham, Neb.  
Ans. Casualties in the war up to and including June 9 are as follows:  
Killed in action (including 291 at sea) ..... 1,033  
Died of wounds ..... 310  
Died of disease ..... 1,192  
Died of accidents and other causes ..... 392  
Wounded in action ..... 4,046  
Missing in action (including prisoners) ..... 342  
Total ..... 7,315

Who are the French Blue Devils?  
B. M., Lakeside.

Ans. The French Blue Devils are a crack regiment of Alpine Chasseurs fighting under the colors of France. A contingent of these, consisting of 100 men have recently completed a tour of parts of the United States.

Editor A. & N. Dept.

Some time ago we had an inquiry regarding the disposition of American soldiers who were killed in France. Later developments at the war de-

partment show that the bodies will be returned to American soil after the war. The letter explaining this is as follows:

"War Department  
Washington, June 5, 1918.

"Hon. J. Hampton Moore,  
House of Representatives.

"My Dear Mr. Moore:—Receipt is acknowledged of your letter of May 28, 1918, inclosing copy of a letter to you from Henry Clair, father of Capt. Frederick David Clair, United States medical corps, who was killed in France a few days ago, requesting your assistance in having the body of his son returned to this country for interment.

"The question of returning the bodies of soldiers who are killed or die on foreign service has been considered by the war department and the navy department in conjunction. The committee considering this matter went into the case in all its aspects and it has been decided that the bodies of our soldiers, sailors, marines, and civilian employees who are killed or die in France can not be returned to this country for interment until after the close of the war. General Pershing has arranged with the French government for sections of the country to be used as military cemeteries, and the quartermaster corps has organized and are now operating in France certain organizations called grave registration units. These units are charged with the duty of burying the dead, caring for the cemeteries, and the identification records of those buried. This is done in such a manner that there will be no confusion or doubt as to the identity of any soldier now buried when his body is taken up to be transported home after the war. For obvious reasons no other conclusion could be arrived at under existing conditions, the main feature being that of ocean transportation. The department regrets that it is unable to comply with the request of Mr. Clair."

Recruiting station, United States army, Alliance, Neb.

The foregoing names of men have been forwarded to Fort Logan, Colo.

for voluntary enlistment in the United States army, week ending June 14th:

- Edward Wallace, Alliance, veterinary corps, regular army.
- Edward McCall, North Lup, Neb., M. S. white cavalry, regular army.
- Peter Larsen, Scottsbluff, United States guards.
- Ernest A. Marwalder, Rushville, F. S. white infantry, regular army.
- Men to be forwarded to Ft. Logan, Colorado, June 18:
- Gering Cassel, Scottsbluff, quartermaster corps, national army.
- Major C. Forbes, Crawford, F. S. white engineer corps, regular army.
- Robert H. McDowell, Crawford, F. S. white engineer corps, regular army.
- Anthony J. Kobiella, Antioch, F. S. white coast artillery, regular army.
- Charles D. Hall, Glendo, Wyo., F. S. white coast artillery, regular army.
- Edward W. McKelbey, Seneca, F. S. white coast artillery, regular army.
- Gerald F. Cooper, Rushville, M. S. white cavalry, regular army.
- Charles N. Gambreal, Memphis, Tenn., quartermaster corps, national army.
- Burton M. Howe, Valentine, signal corps, regular army.

In addition to the opportunities offered to young men in the above named branches of the army the medical corps of the regular army offers excellent opportunities to young men for medical training and many useful trades, and to learn trades in the coast artillery schools on the coast of the United States or insular possessions young men should join now while this high class branch is open to enlistments if they desire to learn electrical, radio, wireless and cable work. The infantry offers excellent opportunities to young men who desire to be a commissioned officer after three months' service and to see foreign service very soon enlist in the infantry, cavalry or field artillery.

MATTHEW JONES,  
Corporal, General Service Infantry.

### Cleaning Silver.

A quick way to clean silver that is not tarnished, but merely discolored is to wash it in a weak solution of ammonia water. This removes the black stains. After cleaning them with the solution they should be washed and polished with a cloth. This method works well on silver spoons which have been discolored by eggs.

## TIME TO ACT

Don't Wait for the Fatal Stages of  
Kidney Illness. Profit by Alliance People's Experiences

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Alliance proves the effectiveness of this great kidney remedy.

Mrs. Thomas Ackerman, 621 West Second street, Alliance, says: "I know Doan's Kidney Pills are a wonderful medicine, as they have always relieved any kidney disorders I have had. When my kidneys have been disordered, I have suffered from a dull, heavy pain across my back that seemed to pull me down. At night I couldn't rest because of the steady aching and during the day I would feel tired and worn out. My kidneys acted irregularly, too. Doan's Kidney Pills have been the means of relieving all this trouble, so I am glad to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ackerman had. Foster-Milburn Co., Mmgers., Buffalo, N. Y.

## COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens  
so Naturally Nobody  
can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

# CHANDLER SIX

Famous For Its Marvelous Motor

Chandler Sedan

## Now Is the Best Time to Get Your Sedan

THOSE who bought Chandler sedans last Fall, with the Winter in mind, find now that they have a most delightful Summer car. And those who buy now, with the Summer in mind, will find in a few months that they have a most comfortable Winter car.

For the handsome Fisher-built convertible sedan body which is mounted on the Chandler chassis is quite as much a Summer car as it is a Winter car. It is an open car when you want it open, and a closed car when you want it closed. All the windows are instantly adjustable and may be either entirely lowered away into the body panels or removed. The car is roomy, splendidly upholstered and seats seven in perfect comfort. The auxiliary seats face forward.

There can never be a better time of year than right now to get your sedan.
