# BOX BUTTE BOY IS REPORTED KILLED WHILE BRAVELY FIGHTING IN FRANCE Moving the Old Court House From Hemingford to Alliance by Train. Many Old Box Butte Settlers Remember This Historic Incident

RICHARD HAUGH, AGED TWENTY-FIVE YEARS, WHO WAS DRAFTED FROM BOX BUTTE COUNTY, IS REPORTED TO HAVE BEEN KILLED.

## OLDER BROTHER LEFT FOR TRAINING CAMP IN JUNE

Haugh Is the First Box Butte Soldier to Lose Life on Foreign Soil-Worked for a Farmer Northeast of Alliance—Claimed No Exemptions When Called By Draft.

Richard Haugh, aged twenty-five years, who left Alliance in September, 1917, as a member of the national draft army, is reported to have lost his life in France last week, according to the news dispatches. If the report is correct, Haugh is the first Box Butte boy to lose his life on foreign soil.

Haugh, when called by the draft, was working for Charles Heath, a Box Butte county farmer, living northeast of Alliance. Haugh August 13, 1917. He was accepted for the army on September 21, 1917, and left for Camp Funston on September 22, 1917.

Haugh was born at Sault St. Marie, Michigan, on August 4, 1892. His parents are now living near Pontiae, Michigan, and were paid a visit by the boy before leaving for the training camp. He has an older brother, Roy Haugh, who is twenty-eight years of age and who was born at Donaldson, Michigan. Roy formerly worked for L. M. Beal, of Alliance, and was called in the draft on May 1, 1918, and accepted on June 5, being sent to Columbus Barracks, Ohio.

The fallen soldier is remembered by his friends in Box Butte county as a steady, industrious young man, who gladly responded to the call of his country when it came. He fell while doing his duty and he will be remembered as the first hero from Box Buttee county who died on foreign soil fighting to free the world from the dastardly influence of the Hun.

## FORDSON TRACTOR GIVES DEMONSTRATION DEMOCRATIC CONVENTION

Many Box Butte County Farmers Watched Work of New Ford Tractor With Much Interst.

A good crowd of Box Butte county Pursuant to the call of William farmers attended the Fordson tractor Mitchell, county chairman, the andemonstration on the Thomas Beal nual Democratic county convention farm, south of Alliance Saturday aft- was held in the district court room at rnoon. The doughty little tractor handled two plows like a veteran and representation of delegates was presdid other stunts as well, in order to ent from over the county. On motion show those there what the newest Ford product can do.

Leonard Pilkington, of the Coursey & Miller garage, was the tractor "engineer" and handled the machine like an old-timer. The tractor astonished those watching when it plowed a furrow nine inches deep in blackroot

The announcement of Coursey & Miller in this issue of The Herald sisted of the following: Morrow, Zothat another carload of these tractors bel, Berry and Caha. Their report, can be obtained, providing the orders are sent in previously, will be read as follows: with interest by those who need trac-

The Beal farm, on which the demonstration was made Saturday, has some crops on it which are well worth making the trip to see. Tom has one field of potatoes that, from present appearances, should run not less than 300 bushels per acre. He is practicing intensive farming this year and will make a good success of it.

George Neuswanger, Boxe Butte county agricultural agent, goes to Kimball the last of the week to attend the potato meeting at that place. This meeting will be attended by the agricultural county agents of western Nebraska and by J. G. Milward, secretary of th eWisconsin Potato Growers' association, and by R. F. Howard, secretary of the Nebraska Potato Growers' association. They will go from Kimball to Greeley, Colo., to visit the potato experiment station.

Mrs. Glen Runyan arrived on Wednesday from Broken Bow where she has been visiting with her husband's parents. She will visit with ner parents here before returning nome.

### SERVICE FLAG FOR AL-

LIANCE The Herald in this issue wishes to make the following suggestion for Alliance-that a service flag be made for the city and that the flag be hung on the welcome sign. Eastern cities, both large and small, have made for them- \\* selves service flags, which are proudly hung where all may

A service flag could be made in a short timeand there are undoubtedly plenty of people who would be glad to donate the time and material necessary for a flag of this nature.

Our brave boys in the army, both in France and sill in this country, would be glad to know that they are being remmembered in this manner.

ICHARD BEVAN, one of the old Box Butte county settlers, vis ited Alliance a short time ago and noticed the fine, new court house. The visit to the scenes of the old days brought back to him a poem which he had composed, and which was printed in The Hemingford Herald (now The Alliance Herald) when the campaign was on for the removal of the county seat to Alliance from Heming-ford. Mr. Bevan, since returning to his home at Colorado Springs, has written the following article to The Herald and sends with it the

poem which he had written over twenty-two years ago. THE FIGHT FOR THE COUNTY SEAT

(By RICHARD BEVAN) The following poem was composed and published in The Hemingford Herald, at the time of the political fight for the county seat of Box Butte county, between the two rival towns-Alliance and Hemingford, the latter of which won the contest after a terrific struggle, but about four years later, Alliance having outgrown Hemingford in population and influence, wrested again and won the honor from her, where it has remained since and permanently too, for the county has erected a court house there, at much cost, and from the time this poem was written, some twenty-two years ago, the county has continued to grow and prosper, from a sparsely settled ranch country to one of the leading agricultural districts in Nebraska. And little wonder because here lies one of the most beautiful and level prairies in America with a dark loamy soil, fit to grow anything. Our experience is, and many of the older settlers will bear us out, that the precipitation of moisture has claimed no exemptions and was accepted by the Box Butte board on doubled and trebled since that time, and it would not surpise me, if in the coming years, we may see this county with a family on every quarter sec tion. "TRANSPLANTING" THE BOX BUTTE COUNTY COURT HOUSE.

(This article was published with the above cut in The Alliance Herald on

April 8, 1904). The above illustration graphically portrays the moving of the county court house from Hemingford to Alliance. This feat of engineering was successfully accomplished in 1901. After an attempt was made to move the large buildings overland, a distance of 20 miles, the railroad company, through its efficient employes, succeeded in hauling it to this city without damage and in a short time. The "house of justice" is 40x50 feet in size, two full stories, with a heavy truss roof, constructed with a heavy pine frame, weighing ten tons. On the road there were two cuts to pass through, and an effort was made to get the building high enough on four 50,000 capacity trucks to clear the banks. The building was thus "in the clear," and with several loaded flat cars to balance the engine, No. 185, with W. A. Korth, of Ashley, Indiana. They went Meyers at the throttle, moved slowly to its destination, 20 miles away. Once the court house reached Alliance, the building soon rested on its present home on Tuesday. Mr. Perrin is exsite and today the story of its strange adventure can only be verified in the tra dispatcher along this line and minds of the astounded hearers by a photographic representation of the they live in Alliance much of the With the Sells-Floto Shows Monday

DEATH OF QUENTIN ROOSEVELT

London.—Lieut. Quentin Roosevelt, Colonel Roosevelt's young-est son, who has been attached to the American line forces on the Marne front, was killed at Chateau Thierry on July 14, says a dispatch from Paris to the Exchange Telegraph company. Lieutenant Roosevelt, the dispatch says, was returning from a patrol flight when he was attacked by a German squadron.

Oyster Bay, N. J .- A ray of hope that Lieut. Quentin Roosevelt may not have fallen to his death in a combat was brot to Col. Roosevelt and his wife in a cable message from Mrs. Theodore Roosevelt, Jr., in Paris, in which she says the report was "absolutely unconfirm-
