"Reed Surprises Convention"

"The change of front on suffrage and prohibition was caused by Willis E. Reed, when he surprised the convention by making a clean-cut demand for a suffrage and prohibition plank in the platform.

" 'I am for woman suffrage,' he said. 'Women are entitled to vote, not only as their right, but because of the splendid self-sacrifices they have made in the war."

"The applause from the convention prevented Reed from continuing for a time.

" 'Ratification of the national prohibition amendment ought to be the first thing the next state legislature does,' said Reed.

"Delegates rose to their feet cheering and waving their hats. Almost at the same time National Committeeman Mullen, James C. Dahlman and other leaders told I. J. Dunn, A. A. Lamoreaux and other men that they had urged the resolutions committee to include suffrage and prohibition in the platform.

"Licked, and Knew It"

"'They saw the handwriting on the wall,' said Lamoreaux. 'When the convention cheered both measures as it did, the last ounce of fight went out of opponents of suffrage and prohibition.' 'They were licked, and knew it,' said I. J. Dunn."—From Omaha Daily News, July 31, 1918.

The foregoing is taken from the report of the Omaha Daily News, of July 31st, respecting the action of the Democratic state convention, and is of special interest to the public, in view of the fact that Willis E. Reed is a Democratic candidate for United States senator.
