**UNITED WAR WORK CAMPAIGN**

This campaign is for funds for the support of all agencies doing social, educational, and welfare work for soldiers and sailors at home and overseas.

This campaign is to raise money to sustain and enlarge the war work activities of the seven agencies now at work.

Nebraska's quota was originally \$2,000,000 of the above \$170,000,000—this was based on an army of one million men in France by the first of November; as a matter of fact, this number has been doubled. It was also thought that the total number of American soldiers on both sides of the Atlantic by next summer would not exceed three million men, whereas our military leaders are now preparing for an American army, before the end of next summer, of between four and five million men. Now take your pencil and figure—we must not stop at the two million mark, but must put this quota "Over the Top" by at least a fifty per cent increase, that any and all emergencies may be met promptly and effectively.

That the public may be relieved from the burden of an unnecessary number of campaigns for patriotic funds, the United States government, through the War and Navy Department commissions on Training Camp Activities, has advised this joint campaign, to be participated in by the seven organizations above named. A campaign of this sort should make a greater appeal to the public and to the organizations themselves than could possibly be obtained by independent approach of any one of these organizations.

Remember that even though this war should end within a few weeks, we should stand in great need of a fund of more than the \$170,000,000, because this work, unlike that of many other agencies, will have to be continued throughout the entire period of demobilization, and this no doubt will take some time after peace has been declared.

We feel sure that Nebraska will do her part in this campaign the same as has been done with other campaigns, and trust that the state's quota of three million will be raised during the period of November 11 to 18, inclusive.

**Catarrh for Twenty Years PERUNA**

Mrs. M. S. Davis, 1607 10th Ave., N. Nashville, Tenn., writes:

"After having been a constant sufferer from catarrh for more than twenty years and after trying almost every remedy advertised, and having lost all hope, I very reluctantly began the use of Peruna about 3 years ago. Everybody says I am younger now than I did 10 years ago, and I actually feel younger and better, and weigh more. I am recommending it to my neighbors and all with whom I come in contact."
