BOWLES LIVE STOCK MARKET INFORMATION

**Fat Cattle Strong and Higher—Good
to Choice Butchers Stock Firm—
Others Are Lower**

**Stockers and Feeders Steady—Hogs
Holding Around Minimum Sheep
and Lambs Higher**

(By C. A. Mallory, Mgr. Bowles Live
Stock Commission Company)
Omaha, Nebraska.

Union Stock Yards, Omaha Nov.
21st. The entire World is gradually
adjusting itself to the new era of
Peace and Liberty which is bound to
result in the forthcoming Peace
negotiations, which will be attended by
our President and a suitable represen-
tation of our people.

As we have often predicted during
the last six months, the conditions
were favorable for a continuation of
good prices for live stock after Peace
was declared, and we are more con-
fident now than ever that prices will
rule higher before next year is out on
practically all kinds of live stock
than it did this year. We feel more
confident regarding beef than any-
thing else, but also believe that pork
and mutton will come in for their
share.

We continue to advise everybody
who is properly situated, and who
understands the business, to keep in
the live stock "game" to the full limit
of their ability as this country must
do more than its share toward feed-
ing the World and supplying the de-
pleted countries of Europe with breed-
ing stock. The weather has been un-
usually favorable this Fall for con-
tinued free movement of range stock
of all kinds, and so long as the
weather conditions and these prices
hold up, we look for liberal receipts,
but in any event they cannot last
many weeks.

We look for higher prices on all
desirable grades of steers and "she"
stock just as soon as the supply of
range stock lets up materially.

The shortage of roughness and the
high price of hay and other feed is
having a bad effect on light and com-
mon stock, causing heavy shipments
from one end and light demand from
the other, and these cattle are selling
at big discounts and will continue so

during the balance of the year. We
continue to advise everyone who has
light cattle, especially of decent or
good quality, also all kinds of good
breeding stock, to hang on to it as we
believe it will pay them well for so
doing. We also advise all who are
able to handle any kind of cattle to
buy them as soon as possible as prices
are bound to be higher latter on.

As we have often predicted regard-
ing the hog situation, the Food Ad-
ministration was obliged to place an-
other embargo on shipments to the
Chicago market this week because
the shipments of hogs were excessive
and beyond the capacity of the pack-
ing houses to handle. Prices are hold-
ing up above the minimum and today
the good to choice hogs are selling
15 to 25c higher than the minimum
price. We still have confidence in
good prices for hogs all next year,
and under existing circumstances, be-
lieve that every farmer who has the
feed should hold his pigs and im-
mature hogs until they have more
weight and dispose of them gradually
so as to avoid congestions and em-
bargos.

Our sheep and lamb trade is show-
ing a little more life as the Eastern
mutton market has improved, but the
wool market is in bad shape so far
as the movement is concerned and
considerable anxiety and curiosity ex-
ists relative to the future.

As we have stated on several oc-
casions the amount of cattle, sheep
and lambs on feed West of the Mis-
souri river and in the South-Western
section of this country shows a con-
siderable reduction compared with
last year, and this will make it nec-
essary later for the packers in Oma-
ha to pay closer to Eastern prices,
and will therefore be a more attrac-
tive market for Western Iowa and
South Dakota, as well as Nebraska
shippers.

The market is closing very strong
on all kinds of desirable steers and
butchers stock, and prices are about
the best of the season for fat steers
and for the very best "she" stock.

Canners and the common to fair
stock are selling at about the lowest
prices of the season, causing an ex-
tremely wide range in prices. We still
advise shipping any cattle that are
ready or intended for the market
as you can get cars, and by consign-
ing them to the BOWLES outfit,
everybody will be happy.

We quote Nebraska grass cattle:
Good to choice fat steers—\$13.00
to \$16.00

Fir to Good—11.50 to 13.00
Good to choice heavy feeders—
12.00 to 15.00

Fair to good—10.50 to 12.00
Good to choice light steers and
yearlings—10.00 to 11.25
Fair to good—11.50 to 13.00
Good to choice fat cows and heifers
—8.50 to 11.00
Fair to good—7.00 to 8.50
Canners and cutters—4.25 to 6.00
Stock cows and heifers 5.50 to 7.50
Stock calves—7.00 to 10.00
Veal calves—11.00 to 13.00

COMMON CATTLE AT THE USUAL DISCOUNTS GOOD TO CHOICE WYOMING AND SOUTH DAKOTA CATTLE AT USUAL PREMIUMS

NOTE: As the range season is draw-
ing to a close, we will not send our
market letters to the so-called Range-
trade much longer this season but if
you would like some other market
paper or report throughout the entire
year, do not fail to write BOWLES
at Omaha just what you would like,
and do not fail to write them any
time you need anything in the way of
live stock information or service.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts
or Bladder bothers you—Drink
more water.

If you must have your meat every day,
eat it, but flush your kidneys with salts
occasionally, says a noted authority who
tells us that meat forms uric acid which
almost paralyzes the kidneys in their ef-
forts to expel it from the blood. They
become sluggish and weaken, then you
suffer with a dull misery in the kidney
region, sharp pains in the back or sick
headache, dizziness, your stomach sour,
tongue is coated and when the weather
is bad you have rheumatic twinges. The
urine gets cloudy, full of sediment, the
channels often get sore and irritated,
obliging you to seek relief two or three
times during the night.

To neutralize these irritating acids, to
cleanse the kidneys and flush off the
body's urinous waste get four ounces of
Jad Salts from any pharmacy here;
take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine. This
famous salts is made from the acid of
grapes and lemon juice, combined with
lithia, and has been used for generations
to flush and stimulate sluggish kidneys,
also to neutralize the acids in urine,
so it no longer irritates, thus ending
bladder weakness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delightful effervescent
lithia-water drink.

Awarded High Honor

Brother of Walter Wightman a-
warded Military Cross for Lead-
ing Company While Wounded

Duncan Whitman, M. C. brother
of Walter Whitman of Denver, sec-
retary-treasurer of Richards & Com-
stock Company, owners of the big
Spade ranch at Ellsworth, was re-
cently awarded the military cross
of the English army for bravery in
action.

Duncan Wightman was in Canada
at the time America entered the war
and later joined the Canadian force-
s. He was assigned to the Queens
university Holland division as a
lieutenant of infantry. After some
months of training he was sent in-
to the front line trenches and with-
in a few days went over the top.
During the ensuing battle he was
shot thru the leg and his captain
was so severely wounded that he
had to be removed to a base hospi-
tal leaving Lieutenant Wightman
charge of the company. Altho he
was suffering from a gun shot
wound, the lieutenant made a suc-
cessful attack, capturing the enemy
positions, and soon after complet-
ly recovered from his wound.

It was for this act that he was
awarded the cross, which is the sec-
ond highest award for bravery in
the British forces. Immediately af-
ter his first battle he was promot-
ed to the rank of captain and since
then has been in five successive bat-
tles.

Expecting Too Much.

The girl or boy who expects her
friends to be perfect has many a dis-
appointment in store. Human nature is
full of surprises, but perfection would
be the greatest surprise of all. Do not
be astonished when you discover some
little flaw in your friend's character.
For unless love has blinded him, it is
very certain that your friend has dis-
covered a similar flaw in yourself.

ceived a soaking rain on Saturday
and Sunday, the rainfall in some
places being two inches. The subsoil
soaked to a great depth, placing it
in excellent condition for the fall
crops.

SHORTHORN CATTLE

Pure Bred Shorthorn Bulls for
sale. Raised in Western Nebraska
and thoroughly acclimated. Eight
yearlings will be sold at very
reasonable prices if taken before
January first. See them at the
farm.
