

THERE CAN BE NO BETTER LESSON IN CONSERVATIVE CONSERVATION THAN

MOLLRING'S
EXAMPLE OF UNDERSSELLING
EVERY BARGAIN A REVELATION IN VALUE GIVING

It has long since been said that, "Goods Bought Right are Half Sold," and in this same old adage is the secret of the wonderful values that are offered day at our

GREAT CLOSING OUT SALE

For many years I have made a constant study of the markets—I have learned that there are times to buy and times not to buy. Two years ago, foreseeing the inevitable higher markets, I invested heavily in such goods as would be needed in all the departments, True enough, I took a chance, but after a careful comparison of values, you will realize the wisdom of taking that chance and the great savings that are available to you. There is no restriction placed on a single article in the store. I am going to close out and quit business—and fully realizing that the values under ordinary conditions would mean great savings I have gone still further and taken off an additional 25 per cent. I mean business and can assure you that you will do well to anticipate future needs in the line of Dresses, Coats, Suits, Skirts, Blouses or anything in the Dress Goods line and make your purchases now.

A Few Examples of Money-Saving Values

The Store Of Quality

High School Notes

Last Friday night was a very exciting event for the students of the High School. Our boys played their first home game with Chadron for the year. As our old principal Mr. Crawford coached the opposing team we were very anxious to show him we had not forgotten how to play Basket Ball. Then we did show him. At the end of the first half the score was 7-7. The Chadron boys thought at this time there was some hopes and played for all that was in them, but our boys seemed to think it was only play and soon made Chadron feel that Alliance was no place for them. When time was called, the score being 10-22 in our favor, a sad looking bunch of hard fighters left the gym.

On Friday night of last week, Central eight grade boys played the Freshman boys. Central put up a hard fight and was defeated by only two scores. By the time they at Freshman they will be some Basket Ball players.

The N. H. Club met at the home of Thelma Wesley, Monday evening, Jan. 20th. The evening was spent informally and a dainty luncheon was served. Nine girls were present.

Geo. Purdy, while skating, fell and hurt his back, which caused him to lose a few days of school.

We were very sorry to learn of the death of Marian Sessler last week; she was a victim of the Flu.

A girls' Basket Ball team has been organized. They are all experienced players. Just give them a chance and they will show you what they can do.

"Charley's Aunt," arrived at the Imperial Jan. 16th in her very best humor. Through the aid of Mr. Mann this play was in every way a big success. We wish to thank every one who helped to push this good cause.

Friday night, Jan. 24th, Sydney is coming to give us a real Basket Ball game,—so they say—and our boys are going to put up a good fight. If they are to do their very best they must have some support. This is going to be one of the hardest and fastest games of the season. If you want our boys to go "Over the top", just come out Friday night and show them you appreciate what they are doing,—and they will do it.

Roy Trabert left Monday night with the Fire boys for a couple of weeks' excursion. Roy's smiling face will be greatly missed.

It was quite a surprise to hear of the marriage of two of our old students, Miss Della Holsten and Mr. Marvin Dickenson. We extend our congratulations and wish them a long and happy life.

Some civilian boys were heard to say they would be very thankful when the government clothes are worn out. It certainly seems to be dead easy for a fellow in uniform to get dates.

A young man in the Senior Class recently won the reputation of being able to do an act that was 100 per cent meanness. Ask him about it.

The sum of \$51 was taken in at the door of the gym last Friday night Jan. 17th. Several were heard to express the sentiment that it was worth the price of admission to watch the change of expression on Mr. Crawford's face. Unable to restrain their excitement a long line of students paced the floor, between games, and emphatically marking the rhythm with feet and heads, chanted the following cry of defiance: "Hoo-rah-rah! hoo-rah-rah! Chadron's lost her ma-ma-ma!"

The N. H. Club had charge of a candy booth in the Gym, the night of the Alliance-Chadron game. The sale was a great success, and \$13.50 was taken in. Here they had to stop, as the candy gave out. They gave 25 per cent of their receipts to the Athletic Association.

It is reported that Ed. Morrow has gone to Omaha to undergo an operation for appendicitis.

The high school extends sympathy to Wm. Williams for the recent loss of his sister, Mrs. Strand.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Church, Lodge and Society

CHRISTIAN SCIENCE

First Church of Christ, Scientists, which is a branch of The First Church of Christ, Scientist, in Boston, Mass. Holds services as follows: Sunday School at 10 A. M.—Lesson Sermon at 11 A. M.—Testimonial meeting Wednesdays at 7:30 P. M. Subject of this weeks lesson: "Truth."

Christian Science Reading Room is open to the public on Wednesday and Saturday afternoon, from two to four o'clock. All are welcome.

METHODIST CHURCH

The gain in S. S. attendance during the last six weeks has been sixty. When all classes get organized for work, and canvass the town for new pupils we can easily reach our goal of 250 before Easter. Let every teacher take up the matter at once, and lead a movement for an increased class attendance. Next Sunday at both the S. S. hour and the church hour we shall take an offering for Armenian and Syrian relief. These people are starving by thousands, and 15c a day will save a life. Shall we let them die while we live in luxury; or at least have a plenty and to spare? Let everyone do his very best!

The sermon subject for the morning hour will be "The Macedonian Cry."

Epworth League at 6:30 p. m. there's a welcome for you. Where could you spend an hour to a better advantage to your soul? Subject, "Catching Up With Columbus." At the evening hour the sermon

subject will be "Destiny Decided in Youth." Every one decides what the future holds for him and youth is the decisive period. Our congregations are splendid for a few weeks, but there is room for still more. Bring your friends! And don't forget to boost your pastor, and your church, for neither can succeed without your cooperation and prayers. Music always fine. Come and worship with us!

FIRST BAPTIST CHURCH

Sunday school 10 a. m. Preaching 11 a. m. and 7:30 p. m. Young Peoples Service 6:30 p. m. Mid week service Wednesday 7:30 p. m. The pastor will speak Sunday evening on "Why Men Hesitate to be Christians" All cordially invited to these services. The Men's Bible class extends an invitation to be present at 1:30 a. m. classes to be present at 10:30, a. m. A. A. Layton, pastor

CHURCH OF CHRIST

"Efficiency" and "Specialist" and prominent words of today. We are working for efficiency which means that each Christian should specialize in one or more departments of Christian work. Find your place and work in it.

The Bible School welcomes you at its opening service. This is the modern way of teaching the Scriptures. Classes are graded according to age. Communion and preaching at Eleven o'clock. The subjects for the day are: "The Life and the Name" and "A Certain Official's Disposition of Religion." The Endeavor Prayer meeting at 6:30 p. m. is always helpful. Mid-week meeting of the church on Wednesday evening. Come to the church with a message and a welcome.

PRESBYTERIAN

We were very much gratified by the attendance all day at the Presbyterian church. Next Sunday morning we plan to begin all services on time

and close on time as we were unable to do last Sunday, Sunday school at 10 a. m. sharp. We will begin our new system of grading. At 11 a. m. we will have the preaching service. Rev. Kircher will speak on "The Last Christ." Everyone should hear this. We will close early and have a ten minute period of group meetings at the close of the service, to begin the new era movement. All

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

should be there as the success or failure of this movement means success or failure to our church. At 6:30 the Young People will meet. At 7:30 p. m. there will be delivered the first of a series of services on popular subjects as "Heaven—What is It Like?"—"Would you really want it if You Knew?"—"Another will be "Hell—Is It Really Fire, or only a place in the Mind?"—"Another is Christ's Second Coming—When Will He Come—How?—What Are the Signs of It?" Feb. 2nd at 11 a. m. we will hold our quarterly Communion.

The Junior Class Presented its annual play Thursday night to a large and well pleased a dience. The play, a three-act comedy entitled, "Charley's Aunt" was very well delivered. The cast of characters included Ray Edwards, Stanley Wright Horace Fuller, Glen Joder, Katherine Baker Madeline Zediker, Aseenth Schill, Ruth Hawes, Marie Reeves. All the characters were well portrayed, Ray Edwards was especially good in the role of "Charley's Aunt." Mr. Mann coached the players and deserves a great deal of credit for the success of the performance. The total receipts were about \$400, leaving the class a profit of \$250 which will be applied on the Junior-Enior Banquet which will be given in the spring.

The fairs of 1918 showed much interest in the county type of live stock exhibits, and stirred the interest of every lover of good live stock. The 1918 Nebraska State Fair was of unusual importance last year because of the economic importance of meat and milk animals in war time, when "Patriotism-Production- and Preparedness" held its field meet in Lincoln. Food production will be given a greater "BOOST" at the 1919 Nebraska State Fair, which should be known as our VICTORY FAIR.

TAGG NEW HEAD OF THE OMAHA RED CROSS

W. B. TAGG

W. B. Tagg of Omaha, head of the well known live stock commission firm of Tagg Brothers & Moorhead, has been elected chairman of the Omaha Red Cross chapter. The election was held on Saturday, January 11th. He had made a distinguished record in each of the Red Cross drives in South Omaha.

Mrs. Tagg, who also has many friends in western Nebraska, is active in Red Cross work. She was the head of South Omaha auxiliaries and was chairman of the public workshop when it was organized.

Good roads mean social improvement. "No man liveth unto himself alone," but bad roads tend toward
