

**High School Notes**

About 65 Alliance people attended the Alliance-Sidney game at Sidney, Friday, the high school running 30-minute periods in the forenoon and dismissing school in the afternoon so that the students who wished could attend. The event was one of excitement for both sides. Feeling seemed to be quite strong in Sidney, being manifested in lack of hospitality, and, in some cases, the presence of some hostility. For instance, all Alliance people were charged 50c admission to the games, while to the natives of Sidney the rates were 15c and 35c. Alliance lost. Had we been successful, we might have helped fill a few vacant rooms at the hospital. As it was, our casualties were few, and those, we are inclined to believe, were inflicted by the rougher element, which invariably carries things too far, and which, we are sure, was not sanctioned by the Sidney school authorities. Would that it were our lot to play a return game in Alliance. We could then demonstrate our idea of real hospitality, and at the same time reap coals of fire.

Miss Alice Elliott, of the faculty, and Miss Marie Howe, spent Saturday and Sunday in Scottsbluff. Miss Clayton spent the week end in Bridgeport.

The chairs in the typewriting room are a treacherous lot, and need careful manipulation. A slide, a crash and a bang, followed by some disconcerted young man or lady rising quickly from the floor is getting to be merely a matter of history repeating itself.

The girls' basketball team played Chadron last Saturday. From the moment the train pulled in our girls were entertained delightfully, and they returned, impatient for the time when they can show their appreciation to Chadron for the courteous treatment they received. The score was 19-25 in favor of Alliance. The girls were disappointed at Crawford, the high school there refusing to play, thereby forfeiting the game to Alliance.

Edward Morrow is back in our midst. We are glad to see Edward back.

Eulah Lee is suffering from a long attack of the mumps.

A meeting of the G. C. and W. Club is held in assembly each evening from 4 to 4:40 p. m. The membership varies, although a goodly number are very regular in attendance. There are many charter members, and new candidates are admitted from time to time. It can be said of all that they are good club members, for they are very earnest workers.

A stag party was given Monday evening at the home of Helen Young by the N. I. P. club. A very interesting evening was spent in playing games and singing. Later in the evening a dainty lunch was served and afterwards everyone adjourned, reporting a wonderful time.

A game will be played Friday night in the high school gym between Alliance and Bayard. A second game will be played between the eighth grade and the light-weight high school team. We need the support of the town folks.

Scene—High School assembly room.

Time—Two o'clock, p. m.

(Bell ringing for passing of classes).

Sophomore (Raising head from desk, and speaking in a distinct yet sleepy tone)—"Mother, please turn off the alarm!"

**CANTON**

One day last week while Everett Johnson and Ben Swanson were engaged in repairing a windmill on the Swanson ranch, the gin pole that was used as a hoist became loose, precipitating it, together with the mill, to the ground, striking Mr. Swanson on the shoulder and side of the head, bearing him to the ground and rendering him unconscious for some time. He is able to be around again and is spending several days in Alliance and Scottsbluff before returning to the ranch.

Lorn Dyer has been removing some outbuildings from the Jennie Broshar place during the past week, which he has purchased.

C. H. Henderson of Curly is taking chiropractic treatment at Scottsbluff for several days.

All members of John Ryan's family are sitting up again after a severe attack of the flu.

Miss Mamie Powell is spending a few days with the family of Dr. McEuen of Hemingford.

Miss Myrtle Peters spent several days last week with the family of Carey Johnson. She returned home Sunday.

The latter part of last week was a very cold, disagreeable period. Chilling south and southeast winds prevailed with a light snow, but today (Sunday) as this is written, the weather has changed very much and the snow is moving rapidly and will soon be gone unless some more falls.

A. S. Powell and son Lawrence hauled two loads of wheat to Hemingford Monday, returning with coal that they had stored.

Mrs. Albert Wright sold the Ginter place consisting of 480 acres, south of Wind Springs, one day last week.

Mrs. Fossey, Mrs. McHenry's mother, has been very ill for several days but was much improved the first of the week. Dr. McEuen called Sunday.

W. A. Rider has been having some severe trouble with his eyes.

Jim Kennedy and Norval Hurlburt made a trip to Gering for Don Zimmerman Monday, and Tuesday as witnesses in a case in district court.

Jos. Stumpf made proof on his homestead one day last week and is now working for Scotty Henderson.

The mail from Hemingford arrives a little earlier, on account of not having to stop at Blackroot.

Joseph Sandford was out to the ranch from Mitchell Saturday. He says the conditions for early grass were never better as the prairie is covered with a coating of ice.

Mrs. Amelia Johnson is visiting with the family of her son, Carey.

Mrs. Anna Lipe and two daughters of Minatare, accompanied by Mr. and Mrs. I. N. Ware, of Mud Springs, passed thru here one day last week on the way to John Kinion's. Mrs. Lipe recently lost her husband from tuberculosis.

**Purely Personal**

Manager F. W. Hargarten of the Dierks Lumber Company yard at this place returned last Thursday from Minneapolis, Minn., where he was called by the illness and death of a brother, William. The deceased was a victim of influenza. He leaves a wife and several children.

Mr. Reynolds, Standard Oil representative in this section, is back on his territory again after having been discharged from the service of his country. Mr. Reynolds is very popular among his customers and friends and all are glad to see him again on the job.

The Southwestern Iowa Editorial Association, which meets in Council Bluffs, March 13 and 14, will visit Omaha on Saturday, March 15, where they will be tendered a luncheon at the Chamber of Commerce by the Omaha Bureau of Publicity. In the afternoon they will visit the Omaha Auto Show.

Mrs. Ira E. Tash is visiting with her daughter Mrs. Axel Johnson at Mason City, Iowa.

The Herald is now \$2 per year, in advance, but worth it and more. Now is a good time to have your name added to the already large list.

Dr. C. E. Slagle performed a very critical operation last week when he removed from the body of John Dumas, Seattle, Wash., who is visiting with relatives at Hemingford, a rubber tube six inches long, left there by accident by the attending physician during a recent sick spell. The tube had lodged near the spine and was located by the aid of the X-ray machine. Mr. Dumas is rapidly recovering and his condition gives every promise of an early and complete cure.

Deputy Internal Revenue Collector George Burke, recently appointed to look after the collection of income taxes and other government revenues in this section of the state, spent several days this week explaining the new income tax blanks to those who did not fully understand them and who availed themselves of the opportunity of his aid. Mr. Burke is at Hemingford today doing a like work and will go to Harrison for Friday and Saturday, and Monday he will be at Crawford.

Olga Samaroff will sing in Omaha Friday evening, February 21, under the auspices of the Tuesday Musical Club, at popular prices. She is an American girl who has won great success in Europe and is classed with the great pianists of the day.

Mr. and Mrs. Marvin Dickinson now occupy the Ralph Cox home on Big Horn. Mr. Cox was taken to St. Louis last week, where he will enter a hospital for treatment, and the family will probably be gone about a year.

**During Convalescence**

the aftermath of acute disease, when physical strength is at low ebb, the body needs particular, effective nourishment to hasten restoration of strength and vim. There is no better time to utilize the peculiar nutrient qualities of

**SCOTT'S EMULSION**

Being a rich food and tonic, it quickly aids in the restoration of the depleted vitality and improves the blood quality. Scott's builds up the body by Nature's best medium—nourishment.

**A Club Breakfast for Every Taste**

**The Silver Grill**

"THE NEATEST, CLEANEST PLACE IN TOWN"

JOE C. HARVEY, Prop.

**\$2.26 FOR WHEAT NOW**  
**Guaranteed**

President Woodrow Wilson has signed the measure which guarantees the price of wheat to the farmers, and nothing now remains that will prevent them from realizing this exceptionally good price for their crop. At this figure the farmer who, by aid of the tractor, is in shape to handle a large acreage is going to make some real money. Power farming means larger crops, better handled and bigger profits because of the increased production possible with decreased labor and expense, minimum waste because of ability to care for crop when needed and smaller per bushel harvesting and marketing costs. The Fordson tractor will do all these things for you and it will also do the other jobs around the place wherein power, dependable and accessible, is desired. The Fordson tractor was designed to revolutionize farming just as the Ford car revolutionized the motor car transportation.

**There won't be enough Fordson Tractors to go 'round!**

THE demand for the Fordson tractor is so great that it will be a long time probably before everyone will be able to get one. Therefore, if you are looking for a tractor and wish a Fordson you should see us at once.

The Fordson has more than fulfilled expectations. With its economy—efficiency—durability—it is ideal for the average farm.

Burns kerosene—has special air washer—and all moving parts are enclosed—there is practically nothing to cause trouble.

**Use it with the Oliver No. 7 Plow**

Here are some of the big Oliver features: The combined rolling coulter and jointer buries all stalks, weeds and trash at the bottom of the furrow; and the stop device maintains an even depth of furrow. The best plow for your Fordson—that's the Oliver.

Come in and let us show them to you.
