

CAMPAIGN FOR W.S.S. NOW ON

County Officials for War Savings Stamps Have Instructions From State Headquarters.

QUOTA FOR STATE \$28,000,000.

Definite instructions are now in the hands of the War Savings officials for the various counties of the state.

School boards will play an important part in the campaign. Communication will go to the Secretary or Moderator of the School Board in each district.

During the two weeks allowed for School and Society officers to finish their work, the County Chairman and Director will determine upon a canvassing committee for each district or territory.

Remember, that while the fighting has stopped our work has not been completed. Our slogan is, "Finish The Job" or even better, "Don't Quit—Finish It."

Remember that it cost a lot to get them over, but it's worth a lot more to get them back. We are not giving money. We are lending it when we buy War Savings Stamps.

Our Slogan—"Don't Quit—Finish It," means buy War Savings Stamps. Help your society officers by going to them and not waiting for them to come to you to give your pledge.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incandescent material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

LAND SOLD HERE TO BE PLANTED IN FALL CROPS

Farmers Who Purchased Tract Recently Will Break Out Much Raw Land and Plant

A tract of land sold recently by The Thomas-Bald Investment Company of 1,120 acres will be broken out this spring by the purchasers with tractors and this fall will be planted to fall grain.

Some farmers find it extremely profitable to break the sod thinly, disc it thoroughly, and then plant to spring grain. The rich Box Butte county soil raises a good crop of corn, wheat, flax or other grains on the pulverized sod.

Among the bargains listed below are some improved places, ready to move onto. Others, as you will note by the description, are raw land or cattle ranches.
