Social News, Church Notes and Lodge Doings of the Week as Told the Society Reporter

**Drs. Jeffrey and States, Chiropractors.** 78591f

At the regular meeting of the Public Service Club Tuesday night the members and others present were given a short but splendid talk by former state representative Lloyd C. Thomas, editor of Alliance's leading newspaper. Mr. Thomas' talk was along the line of co-operation and good roads. He stated that he was pleased to find Oshkosh living up to her name of being a live wire in the matter of public improvements and that by more concerted action and hanging together we, as a community organization, can get most anything we go after. This is not only the opinion of Mr. Thomas but it is the opinion generally held throughout the pan-handle district of this part of the state. To say that we are proud of this reputation is putting it mildly and to further say that we are going to live up to said reputation is also stating it mildly.—Garden County News (Oshkosh).

\$1,950 has been subscribed in the Victory Fund Campaign in the local Presbyterian church. The quota for Benevolences has been over-subscribed. The local budget is well established with a substantial sum but as yet not quite sufficient to meet the budget. The committee is still taking subscriptions. \$407 is the figure subscribed to benevolences, insuring the Alliance Presbyterian church a full share in the \$13,000,000 benevolent work of the whole Presbyterian church throughout the world. Seven men of the church took part in the canvass, as follows: Messrs. Zamow, Miller, Rhein, Hutchinson, Overman, Wilson and Kearns.

Eighth grade county pupils' examination will be given at the court house April 10 and 11. 17-21-7861

They have a homestead near town.

Lyle Berry, son of Judge L. A. Berry of Alliance, was released from army service at Ellington Field, Texas, two weeks ago. Lyle is now back at his old job in charge of the light plant at Lusk, Wyoming, the booming little oil city. He says that he liked aeroplane flying with the exception of the nose dive, which was rather uncomfortable until a person became used to it.

The fire department was called out for the second time on Tuesday at 9 o'clock in the evening by a prolonged alarm from the city light plant. It appeared for a time that the entire plant might be endangered by a fire which had caught in the roof above the boilers. A bad fire plug, adjoining the plant, caused the fireboys much grief and no water was available until a line of hose was run from a plug at the other corner of the block. It then took only a few minutes to put out the blaze. Throwing water near high-tension electric wires was not an enjoyable experience for the volunteer fireboys but none of them shirked their duty in spite of the danger. The fire loss was not heavy.

**Sloan's Liniment Kills Pain**

A very pleasant affair took place at the home of Mrs. John Smart, on Cheyenne Ave., Saturday evening, when a shower was given in honor of Miss Elsie Johnson, who leaves the city March 30. Since the important event is to take place at Easter time, each guest was required to picture some scene or person closely connected with the bride, on paper cut in the shape of an Easter egg. Also, on papers cut to represent rabbits each guest wrote a wish for the future. The gifts, consisting of silver, selected to correspond with the pattern already chosen by the bride, were secreted, each with an alarm clock, which was set to go off at a stated time. Several excited searches were made before the recipient discovered the gifts. Dainty refreshments were served, and singing and Victrola music helped to make the evening enjoyable.

**Church of Christ**  
We are expecting another of those record-breaking services next Lord's Day. The minister is attending the State Ministerial Institute of the Churches of Christ at Lincoln this week and will be back refreshed in mind for pulpit work. The morning subject for the sermon is, "The Christian's Opportunity." The evening subject is, "Addition or Subtraction."

Both Endeavor Societies meet at 8:30 p. m. A place for all ages in the Bible school and C. E.

How much depends upon your talents to make every service a success. The church will begin a series of evangelistic meetings Sunday April 6. Come to the church with a message and a welcome.

STEPHEN J. EPLER, Minister.

**Presbyterian Church**

All are cordially welcome to these services. A. J. KEARNS, Pastor.

**Methodist Church**  
Our Sunday school goal before Easter is 250 in attendance regularly. We lack only about 50 members. Why not each member of the church adopt as his motto, "Every member of the church in the Sunday school; and every one in the Sunday school at the church services." That

will immediately put us beyond our goal.

The evangelistic meetings have been announced to begin next Sunday morning. The pastor will have for his sermon subject, "Each One Win One". Let us respond heartily to this service, as the congregation plans to join the Baptist church in a farewell to the Laytons, whom we greatly love. Let us crowd the Baptist church to the doors Sunday night!

The evangelistic meetings will continue thru the week, excepting Saturday night. Tuesday night we shall have Dr. J. M. Taylor, just returned from a trip around the world. It will be a free lecture, also illustrated by lantern slides. Let us fill the church to the walls, and catch the world vision which Dr. Taylor always inspires. Every Methodist is expected to support the evangelistic meetings every night if possible. All other denominations are heartily welcome; and the general public is urged to get the spirit of these evangelistic meetings. We shall sing the old time songs, and listen to a warm spiritual sermon nightly. Come! and again we invite you to COME!

**First Baptist Church**  
Sunday school at 10 a. m. Preaching service at 11 a. m. and 7:30 p. m. Young people's service at 6:30 p. m. This will be the closing Sunday of the present pastor, A. A. Layton, who has been in Alliance three years and three months. There will be baptism at the evening service. Mr. and Mrs. Layton go next week to Billings, where he will make his headquarters for evangelistic work. Mrs. Layton and daughters are well qualified to co-operate with him in this work. Annual election of the church will occur Wednesday at 7:30 p. m.

## CHIROPRACTIC FOR ACUTE CASES

Some people have a mistaken idea that Chiropractic only accomplishes results in chronic cases and can do little in acute cases. This idea has exploded during the recent "Flu" epidemic when the record made by this great science was simply astounding. If you are suddenly taken sick send at once for the Chiropractor. He will at once ascertain the cause of your sickness and will adjust same. You will probably be saved many days and perhaps weeks of sickness. The result will be that your health will be quickly restored and that there will not be such a big dent in your pocketbook.

One of the important features of a gas engine is the cost of upkeep and operation. The Cushman Light Weight will handle any work that any other engine of its size will handle and the cost will be very low. Among the several sizes you are sure to be able to select one suited for the job you have. They are compact, yet powerful; improved to the last word of gas engine perfection, yet priced very reasonable. See them on pany. 78651f
