

Two young girls and a young lad were picked up at the city park on Monday night by the police. According to the officers the young people were caught in a rather precarious condition and they have since been given much more careful watching. One of the girls has been paroled to Mrs. Sharp, police matron.

The police picked up a drunk the other evening and when he could not pay his fine the chief found it advisable to allow the prisoner the privilege of cleaning thoroughly the city hall, the floors were scrubbed and the place generally put in ship shape. There are a few other little jobs the officers wish to get done and the first fellow who appears before the police judge without sufficient funds to "pay out" will be given the opportunity to earn a portion of the fine, at least.

Sheriff J. W. Miller has appointed several plain clothes deputies to assist in putting an end to the boozing at the Happy Hollow dances. For several weeks there has been some disturbance caused by the visitation to the place of those under the influence of liquor and the sheriff has decided to go the "smart ones" one better and put a fellow or two with whom the s. o. are not acquainted on the job.

The display windows of the W. R. Harper Department store have a greatly enhanced appearance since the installation last week of some new and beautiful hand painted backgrounds and some very artistic display by the window trimmer. Mr. Harper has spent a lot of money preparing attractive window display materials and can boast windows as attractive as they make them.

NOTICE

I wish to announce to the many patrons of our store that on and after the first day of July 1919, we will discontinue all credits and deliveries of goods. We believe that we can best serve the public by giving fresher goods, and at a cheaper rate, than credit stores can afford to sell. You will find everything in a first class grocery store and market that is obtainable at the old stand. Yours for a safer and better business.

Few New Search for Gold.

With the exception of the years of 1915 and 1916, when discoveries of tungsten brought a horde of wealth seekers to the Colorado hills, the search for gold has steadily diminished since the gold rush 25 years ago. At that time, old mining men say, the mountains were full of prospectors searching for new veins and placer deposits. The new generation has not followed in the footsteps of the old and one of the picturesque features of Western life is becoming extinct.

Church of Christ.

Warm weather is here, but the services of the church go on just the same. We expect another one of those splendid days next Lord's Day. Something new at each service. Bible School welcomes you and has a class for you. The C. E. Prayer meetings are real live meetings for the young people. The Sermon subjects for next Sunday are: "What Next?" and "What is His Name?" Come to the Church with a message and a welcome.

Stephen J. Epler, Minister.

ASSESSMENT REGULATIONS

In assessing the city of Alliance, many seem to think that they, not the assessor should place the values. This is an error. Sec. 6309, in the Statutes, say:

Each precinct assessor shall, upon actual view, list, value, assess and

SALTS IF BACKACHY AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

return all property subject to taxation in the townships, precincts, districts, cities or wards and villages, in which he is elected.

Many also seem to think that anything purchased or acquired after April 1st should not be listed or assessed. Personal property is assessed wherever found by the assessors after April 1, unless a copy of the schedule is produced or an affidavit made that it has been assessed that year. See Sec. 6322.

Elevator companies, furniture dealers, automobile dealers, and all other merchants and traders are presumed to be assessed in the average stock carried—or rather the percent of average inventory deemed necessary by the assessor for equalization with other property.—J. A. Keegan, County Assessor.

Texas Oil

The story of the oil development of Texas reads like magic. The world has never seen such riches come from mother earth. Just think, in two small areas, of less than ten square miles, one thousand oil wells have been developed, during the past ten months, that are now producing 300,000 barrels per day of

Liquid Gold

worth half a million dollars. \$150,000,000.00 per year, and the development has only just begun. This is far greater than the balmyest days of Alaska, California, or any other excitement the world has ever seen. Texas is oil mad. Oil is found everywhere. Speculation in reliable Texas oil stocks is absolutely the best run for the money the small investor has ever had.

Fortunes

have already been made by thousands of poor people from small investments in Texas oil. You can do it too. The big fortunes have just started. Send me your spare money, any amount, and I will invest it for you in the stock of reliable companies in the proven fields of north Texas. I am in the oil game and know the best companies. I take every precaution to invest your money the same as I do my own. I am responsible and can give references. A small amount sent to me now may make a fortune for you. I will sell you stocks that I positively know will get oil. I make no charge to you for this service as I get my broker's commission from the seller. I buy stocks after a careful investigation.

Cut this ad out, pin it to your check, for any amount you wish to invest, and mail to me today.

Dr. Garfield, United States Fuel Administrator, says:
"I feel bound to say that, as I see the situation, we are likely to experience a coal famine in the early fall unless the larger users of coal begin buying—"
"I do not think I would be doing my duty if I did not let the public know the situation."
"My advice to the public is to BUY COAL RIGHT AWAY."
W. B. Wilson of the United States Department of Labor:
"Those who postpone buying now in the hope of lower prices are speculating in the future misfortune of the nation."
Harry N. Taylor, President of the National Coal Administration:
"Those who are delaying the purchase of their coal supply will find themselves unable to secure the same later, in the fall, owing to the car and labor shortage."
WE WILL BE GLAD TO TAKE YOUR ORDER FOR COAL NOW.
