Phone 340 Social News, Church Notes and Lodge Doings of the Week as Told the Society Reporter

Guy Smith and Lou Johnson spent the week in Denver.

Art Eastburn and family are planning to leave the latter part of the week for an auto trip through Yellowstone Park.

Miss Cynthia Davenport of Sterling, Colo., is a guest at the Rice home in this city.

Mrs. W. A. McCune and son James left Tuesday evening for a trip to Kansas City.

Ralph Blust of Crete is a guest of ED Campbell. Mr. Blust is a traveling salesman for Paxton-Gallagher Co.

Mrs. C. C. Miller received word Thursday that her son Captain Smith had landed safely in New York City.

Word was received Monday morning by Alliance friends of Victor L. Jackson of his arrival in New York after nine months service overseas. Mr. Jackson is now stationed at Camp Taylor, Ill.

Regular teachers examinations will be given at the court house July 25th and 26th. 31-21-8094 Opal Russell, Co. Supt.

The Men's Club of the Baptist church will meet Friday evening at 8 o'clock in Judge Tash's court room. All men of the congregation are urged to be present. Refreshments will be served. This is the men's club with a future.

Mr. Charles Rathburn and Miss Helen Taylor, both of Alliance, were quietly married at the home of Chaplain Gould last Saturday evening. The young couple will make their home in Alliance. Mr. Rathburn is a painter and employed by Mr. Moore of this city.

Dayton Sullenberger, former Alliance boy, whose parents live at Marsland, returned the last of the week from overseas and stopped at The Herald office to make a short visit. Dayton volunteered for service over a year ago and has seen such of the allied countries since he went overseas. He was very glad to get back with home folks again.

While on a business trip in Wyoming last week Lloyd Thomas secured a three months old gray wolf, which he shipped by express to R. D. Roberts of Alliance. The wolf is three months old, is quite tame, and is as large as the ordinary dog. It was caught when quite small in the oil fields west of Edgemont, S. D. Inasmuch as a gray wolf is quite a curiosity there have been hundreds of visitors to see it at the Roberts home on east Third street during the last few days.

An Oshkosh four-wheel-drive two-ton demonstration auto truck passed through Alliance the first of the week. The truck carried a sign announcing that it was bound from Oshkosh, Wisconsin, to Alliance, Casper, Salt Lake City, San Francisco and Los Angeles.

The mass meeting held at the court house last Thursday evening for the purpose of selecting a candidate for the campaign to elect a delegate to the constitutional convention favored Mr. J. H. H. Hewitt of this city. Mr. Hewitt has since signified his willingness to make the race and another meeting has been called for Monday evening, July 22nd for the purpose of organizing for the campaign.

Dr. George J. Hand spent Sunday at Crawford visiting with relatives

and friends. Mrs. Hand and small daughter spent last week in that city visiting and returned with the doctor Sunday night.

A real, snappy game of base ball is promised for Sunday afternoon when Crawford's fast aggregation and the Alliance ball tossers cross bats at the fair grounds. Assurance has been given the management of the local team that Crawford will send the best she has and not allow a recurrence of the unfortunate condition as happened a few weeks ago when the two teams were matched and at the last minute it was necessary for the Crawford team to substitute a team from Fort Robinson.

Five Alliance followers of the green table and a deck of cards appeared in court this week and paid a fine of \$50 each and the trappings. The officers were notified Sunday evening of the presence of "the game" by west-end citizens and upon their arrival to the place named found sufficient evidence to get convictions.

A Friday night search by the "booze squad" netted eight pints of "red-eye" from the home of Mrs. John Vogel in this city, which when the time came for the trial in Judge Tash's court proved to be the property of Herbert Vogel. The officers in making the search found the forbidden liquid carefully stowed away in an unfinished part of the house and it would seem beyond the reach of searching eyes. The judge assessed a fine of \$100 and costs against the young man which was paid by a brother, Walter Vogel.

**Church of Christ.**  
We read in the word: "The harvest is past, the summer is ended and we are not saved." This reminds us about how we are spending our summer. Many are availing themselves of the glorious opportunity to make the summer count for the most. The church helps you develop your good talents. All services are inspirational and helpful. The minister will preach both morning and evening. The subjects are: "The tree with the Broken Branches" and "The Tree of Life". The mid-week meeting of the church on Wednesday evening is a place for both the young and the old to recuperate your faculties. This is the church where everybody has a part to do. Come to the church with a message and a welcome.

**Stephen Epler, Minister.**  
**First Baptist Church.**  
The First Baptist Church invites you to all of its services next Sunday. The pastor is speaking on the History of the Early Church, and endeavoring to correlate the duties of the church of today with that early church, you will always find a welcome at the church on Laramie and Seventh streets. Bring your friends. Chaplain J. Orrin Gould, Pastor

**Presbyterian Church.**  
Services for Sunday July 20th. The Sunday School meets at 10 a. m. We are developing a thoroughly graded modern school. Regular attendance will greatly aid the school efficiency. Morning worship, 11 a. m. The pastor is having a most enjoyable and profitable time in the World Missionary Education Conference at Estes Park but will be in the pulpit Sunday morning and will present some features of the Inter Church World Movement. Evening service, at 8 p. m. This is a union service at the Episcopal Church at which your pastor will speak on the theme, "A Parable of the Kingdom." All are cordially invited to these services.

A. J. Kearns, Pastor

**For Sale—Four room house.** Good fences, nice lawn, trees and shrubbery; sidewalks and outbuildings in good repair. Inquire of Ray Tompkins, 2nd and Yellowstone.

Forty-nine Senators are said to oppose the League of Nations—and no two have the same reason for their opposition.

**Colors of the Sardine.**  
The fresh sardine is a beautiful little fish. The scales on its back are an iridescent blue-green, the exact tint which the sea so often takes, while beneath the scales there shows up the most wonderful peacock blue. There are bars on its back and sides when it first comes out of the water like those on the mackerel, but they seem to fade and disappear the moment it is exposed to the air. The remainder of its body is pure silver in its color scheme.

Republican leaders in the House of Representatives are claiming a fictitious saving to the nation of \$1,500,000,000 in appropriation bills, but are omitting to state that they voted for these bills at the last session and claimed great patriotic credit for doing so.

**Cooling Air in Mines.**  
To cool the air far under ground, and thereby permit the miners to work longer shifts, the owners of a European coal mine compress air at the surface of the ground and pipe it through the workings.

# Frontier Days

## CHEYENNE, WYOMING

"The Daddy of Them All"

### JULY 23, 24, 25 and 26, 1919

#### The Only and Original Wild West Show

**WILL SURPASS ALL OTHERS**  
Cheyenne's Twenty-third Annual Frontier Days Celebration will surpass any show of a similar nature ever held in this or any other country.  
The officials of the show have been working hard to make the affair an unprecedented success, and that they will succeed in so doing there is not now any doubt. It is certain that thousands of visitors will come to Cheyenne during the celebration.  
Some of the world's greatest performers will be on deck to give a show that will be worth coming far to see. The best talent in the world has been summoned. Bronco busters, lariat throwers and bulldogging experts, together with scores of other wild west performers, will give the visitors the wildest and woolliest of all wild and woolly programs.  
Joe Gardner of El Paso, Texas, who has taken part in exhibitions in South America, Canada and the United States, will probably be seen in action here. He has a record of 21 1/2 seconds for hog-tying a steer.

**WILD AND WOOLY EXPERTS**  
The aggregation of cowboys, cowgirls and Indians who are to be the principal actors, has been swelled by the announcement that Red Farrell, said to be the champion rough rider of the northwest, has signified his intention of entering the games.  
Leonard Stroud, last year's champion, who clashed with Farrell at Thermopolis in June for the world's riding championship, will compete with him for supremacy in the Cheyenne celebration.  
Since the Frontier games last year, Stroud, has entered scores of contests and has won practically every one which he has entered. Farrell has won all events in Canada and the Northwest since the fall of 1918.  
John Murrah of Lakewood, New Mexico, in a letter to Secretary Cahill states that ten of the best ropers in New Mexico will be on hand to win laurels for that state.  
Skeeter Bill Robbins of Douglas, Wyo., and Dorothy Morrell of Salinas, Calif., are two more stars who are well known and who will be on deck for the performance.

**PRESIDENT WILSON INVITED**  
President and Mrs. Woodrow Wilson have been extended an invitation to attend the Frontier Days celebration this year.  
It is stated in Washington that the President contemplates a trip westward, and if he can arrange his itinerary so that he can be here at the time of Frontier Days, he will have an opportunity to witness an exemplification of early frontier life.  
The invitation to the President was extended by J. J. Showalter representing the Industrial Club of Cheyenne. He has written to both Senators Kendrick and Warren, and it is hoped that these two in Washington will be able to complete the plans for the presidential visit.  
Tommy Grimes and Johnnie Judd, two old timers in the celebration, have just been mustered out of the federal service and write that they will be here to show their wares.  
Many other rope and riding artists will be present and participate. Space does not permit mentioning all of them here.

**FIRESTONE** records show that mileage adjustments were so few and trouble came so seldom that a new basis of adjustments was arranged:

**Fabric Tires, 6000 Miles**  
**Cord Tires, 8000 Miles**

Your dealer knows that the Firestone Gray Sidewall Tires have delivered such mileage as to make this new standard adjustment more conservative than the old standard was for ordinary tires.

**Firestone**  
**TIRES**  
**Most Miles per Dollar**

If You Want to See the Real Thing  
You Will Have to Come to Cheyenne

For further particulars, write or apply to
