

**REVISED HAND GRENADE RULES**

**Banks to Serve Children With Little Savings Banks.**

John T. Wayland, Director of Savings for the Tenth Federal Reserve District, has issued the following statement:

1—At the urgent request of the Treasury Department and in order to simplify distribution, the hand grenade savings banks will be distributed by commercial banks and trust companies instead of through County Chairmen and County Superintendents as previously outlined.

2—One grenade is to be loaned by any bank to any child under 18 years old who will sign a thrift agreement similar to the accompanying form.

3—The grenade shown here is to be used as a savings bank for money earned during vacation, and may be brought periodically to the bank that issues it, where it will be opened, the money counted, and Thrift or War Savings Stamps given in return for the contents.

4—The grenade is to become the permanent property of the child only after he has been regularly enrolled as a member of a savings society and has bought at least one War Savings Stamp, face value \$5.00, at the bank issuing the grenade. Child must buy One War Savings Stamp if under ten years old, and Two if ten years or older.

5—The bank is to fill out and give the child (if a school child) a certificate of his summer savings in order that he may present same to his teacher and get credit therefor in the War Savings Society now or hereafter organized in his grade.

6—While it is optional with the banker, it is suggested that he request contestant to write a letter or essay on how the grenade bank was won. A few of these letters might furnish the thrift impulse to many other children of the county.

The following is the form of the Thrift Agreement to be signed by the pupil giving his or her age, grade, school and postoffice address:

with the understanding that I will earn money during vacation, keeping all the money that I can save in the grenade. I will bring it to the bank to be opened from time to time before school opens, and will invest my savings in Thrift and War Savings Stamps. I understand that when I have saved enough to purchase.....War Savings Stamp...., and have been regularly enrolled as a member of a Savings Society, the hand grenade becomes my personal property. Otherwise it still remains the property of the bank. If I do not earn the grenade by October 1, 1919, I will return it to the Bank.

**YOU OWE MOTHER ANYTHING BRING HER TO SEE MADAM X**

Mother, the word that predominates the English language. Wars have been waged that it might live. In the hurry of the good times of the present day how many of us stop for just a short while and consider our most priceless possession, Mother. Mother has a deep regard for the better things in character and life. When mother sits and contemplates alone she pictures scenes of gladness and joy for the living, never does the feeling of selfishness enter her Mother's heart.

It is Mother when all goes wrong and we feel that the hard literal world is too full of thorns, that lessens all our troubles with her hands of imaginative sympathy, and you feel that never again will a care or worry get past the gates of your heart. Then for the lands sake start right now to plan to have Mother see one or more of the plays in the big tent theatre carried by the A. G. Story Shows, located out to the circus grounds, during the week of August 11.

**NEW W. S. S. CERTIFICATE**

Treasury Department Authorizes Denominations of \$100 to \$1,000 for Investors.

The Kansas City Federal Reserve Bank has ordered from the Treasury Department a supply of the new Treasury Savings Certificates, series of 1919, which on July 24 were authorized by the Department in denominations of \$100.00 and \$1,000.00. They are in registered form and are in addition to the 1919 War Savings Certificates previously issued. War Savings Stamps of the denomination of \$5.00 are convertible into these new securities which bear the same rate of interest as the Savings Stamps, 4 per cent, compounded quarterly. The \$100.00 certificates are convertible into the \$1,000.00 certificate and the limit of investment of \$1,000.00 for each individual, which is the feature of the Savings Stamp issue, is retained in the new certificates.

Treasury Savings Certificates in the denomination of \$100.00 (maturity value) may be purchased at the post-offices of the first and second class and such other postoffices as the Post-office Department may designate for that purpose. Both the \$100.00 and \$1,000.00 denominations may be purchased at incorporated banks and trust companies which are agents for the sale of War Savings Certificates.

The new certificates will be issued only in registered form and shall bear the name of the owner inscribed by the agent at the time of purchase and will not be valid unless the owner's name is thus inscribed. The certifi-

**Crull Eats What He Wants and Sleeps Like a Log Since Taking Tanlac.**

"My opinion of Tanlac is that it can't be beat," said F. H. Crull, a well known traveling salesman, living at 312 West 31st Street, Indianapolis, Ind., while discussing the medicine, recently. Mr. Crull has lived in Indianapolis for the past twenty years. He has represented the Taggart Baking Company on the road for twelve years and is one of the most popular "Knights of the Grip" traveling Indiana.

"I can testify to both the immediate and lasting results that come from its use," continued Mr. Crull. "A little over a year ago I got rid of a bad case of stomach trouble, from which I had been suffering for two years, by taking Tanlac, and do you know I haven't suffered a particle from indigestion to this good day. I had been having a world of trouble with my stomach and awful pains in my right side and was finally operated on for appendicitis. After the operation I still suffered with indigestion. I had no appetite and what little I did eat would sour, causing gas, bloating and intense pain. It looked like I would never get my stomach back and I was as nervous as a cat. Many a night while out on the road I could not close my eyes for sleep. This condition kept up until I went down to one hundred and thirty pounds in weight and was almost a complete nervous wreck.

"About this time I read a statement about Tanlac that described my case so well that I decided to try a bottle of the medicine. Well, the first bottle helped me so much that I got another and it wasn't but a few weeks until I was free from all signs of stomach trouble and found that I had actually gained twenty pounds in weight, besides, going up from one hundred and thirty to one hundred and fifty pounds. I could go out and do a hard day's work and sleep like a log at night, and it made no difference whether I was at a hotel or a Pullman or home I could sleep soundly just the same. The medicine gave me wonderful strength and energy and such a big appetite that I could hardly get enough to eat. Well, to make it short, Tanlac fixed me up in fine shape and I haven't had the least bit of trouble with my stomach since a year ago. I just got another bottle of Tanlac the other day and my wife and I are both taking it. We had the flu this past Winter and neither of us had gotten over the effects of it. But Tanlac is going to set us right, for I already see a great improvement, especially in our appet-

ites. I am only too glad to recommend Tanlac for it is one medicine that can be depended upon for results."

Tanlac is sold in Alliance by F. E. Holsten, in Hemingford by Hemingford Merc. Co. in Hoffland by Mallory Grocery Co.

**Evolution of Clothes Terms.**  
Dozens and dozens of clothes terms there are that indicate the evolution of clothes among our ancestors. Petticoat, which has been used as a not very respectful synonym for women in general, was a garment for men originally, and was the undercoat worn beneath the heavier overcoat. It was fairly long, and eventually the word came to be applied to the garments that evolved from this "petti," or small coat.

**Palestine's Salt Mountain.**  
Palestine possesses a remarkable salt mountain situated at the south end of the Dead sea. The length of the ridge is six miles, with an average width of three-quarters of a mile, and the height is not far from 600 feet. There are places where the overlying earthy deposits are many feet in thickness, but the mass of the mountain is composed of solid rock salt, some of which is as clear as crystal.

**Maize Grown in China.**  
Indian corn, or maize, is grown extensively throughout the entire section of China. It is generally planted after the wheat is harvested and in fields with beans, the beans ripening after the corn is harvested. The lack of scientific seed selection prevents the production of as large a yield as would otherwise be obtained.

**Not to Be Thought Of.**  
Jamie was asking his mother a lot of silly questions, such as, "Why are your eyes blue?" His mother said, "Why do you ask such silly questions when I am trying to read?" "Well," responded Jamie, "do you want your little boy to grow up without a vocabulary in his mind?"

**Aid Sought.**  
"So poor William has been caught by a proposal and the bride-to-be wants it announced. What part of the paper shall I put it in?" "If you want my opinion of William's preference, I'd put it under 'Help Wanted.'"

**Something of an Earmark.**  
A German was summoned to identify a stolen hog. On being asked by the lawyer if the hog had any earmarks, he replied: "The only earmarks dot I saw was his tall was cut off."
