

## LOCAL MEN TO AID GOVERNOR IN DRIVE

LINCOLN, Neb.—Governor S. R. McKelvie has accepted the chairmanship of the Nebraska committee which is to direct a drive for \$400,000 for the relief of Jewish war sufferers in Eastern Europe.

Judge I. E. Tash of Alliance has been asked to assist the governor in this campaign by accepting the chairmanship of the committee in Box Butte county.

The Nebraska committee, under the governor's chairmanship, is composed of men of all religions and nationalities. It was organized to co-operate with similar committees in other states in this great humanitarian work. The national fund is to be \$35,000,000 this year and many states have already raised their quota.

In a time when the high cost of living is interesting Nebraska people, the problem of these destitute people abroad is how to live at all. The American Jewish Relief Committee has been carrying on non-sectarian relief work on a huge scale since the spring of 1917 and is now caring for about six million starving people. Many of these are orphaned children; in Warsaw alone, more than 30,000 youngsters are supplied with fresh milk.

America's contribution to this great work consists of shipments of foodstuffs and clothing aboard the "Hutchuga", the "Westward Ho", the "Carolee", the "Ashburn" and other relief ships which leave New York regularly with cargoes for the destitute of Eastern and Central Europe. A normal cargo on one of these ships frequently runs over \$2,000,000, five times the amount which Nebraska is asked to contribute in a campaign which will take place September 15-22.

## WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Alliance women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for kidneys only. They attack kidney diseases by striking at the cause. Here's a woman's words:

Mrs. F. W. Buchman, 311 Yellowstone St., says: "I was pretty well run down with kidney trouble and had a dull, heavy ache in my back. My back was weak and lame and I couldn't stoop over without sharp pains shooting through it. At night I was restless and got up in the morning feeling all worn out. I often became dizzy and had to sit down. Colored specks came before my eyes and for days I had a steady ache through the back of my head. A few boxes of Doan's Kidney Pills, which I bought at Brennan's Drug Store, completely relieved me, putting me in good health."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Buchman had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. 38-21

### Author of Immortal Song.

"Home, Sweet Home," was written in 1823 by John Howard Payne. In but a very few of the sixty years of his life Payne was sufficiently long at any one place to call it his home. He died in Tunis, Africa, April 1, 1852 and it was thirty-one years afterwards before his body was brought to his native country, the place he no doubt had in mind when he penned these appealing words.

### Began the Bastille.

April 21 is the anniversary of the beginning of the building of the Bastille in 1870 by Charles V. who erected it as a protection against the English. The prison became famous in French history and was finally destroyed by the people in 1789. The key was sent by Thomas Paine to George Washington.

## GLASS OF SALTS IF YOUR KIDNEYS HURT

Get less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## NEW-WORLD KNIGHTS STRONG PEACE ARMY

K-C Growth Forms Effective Barrier to Bolshevism and Other Evils.

One of the reasons why the Knights of Columbus were able to render such valuable service to the men in the uniform of the United States army, navy and marines was that back of the K. of C. and the public support they received was a thriving fraternal organization, growing rapidly in all parts of the North American continent. William J. McGinley of New York, Supreme Secretary of the K. of C., in his annual report to the Supreme Convention of the K. of C., shows that the Knights have had a magnificent organization

WILLIAM J. MCGINLEY, K. of C. Secretary, Who Plays Leading Role in Great Peace Work.

with which to put into effect their various movements for the benefit of the nation's defenders.

The K. of C. membership is now well on the way to the 600,000 mark, and by the end of the year, at the present rate of growth, it is estimated the Knights will number approximately one million.

More than 120,000 new members were added to the K. of C. in the past twelve months. A feature of this wonderful growth of the organization has been the steady increase in membership from the ranks of the U. S. Army and Navy. The K. of C. made it a rigid rule that no attempt be made on the part of their war workers to in any way recruit members among the millions of army and navy men entertained and served by the Knights. But thousands of service men have sought to join the organization.

The finances of the Knights of Columbus, Secretary McGinley's report shows, are in an exceptionally flourishing condition. The present assets of the K. of C., exclusive, of course, of the special war funds, are over \$8,500,000. The influenza epidemic cost the Knights the past year in payments to beneficiaries of insurance members \$1,140,000. The total death benefits paid during the year amounted to \$2,175,394.98, making a total of \$13,128,046.76 since the beginning of the order. The total insurance in force this year in the K. of C. amounts to \$161,303,565.33.

There were 5,676 deaths in the organization during the year, of which 3,150 were members who had insurance in the order. Despite this, however, there was a gross increase in membership of 121,891. Over 81,000 associate members joined the Knights during the year. Every insurance commissioner has pronounced the K. of C. an exceptionally strong organization.

The Knights, with this vast increase in membership, are turning their entire energies toward solving the problems of peace after having met with conspicuous success in aiding the nation during the war. The full membership of the Knights is pledged to fight Bolshevism and all expressions of extreme radicalism. The Knights will also carry an offensive warfare against economic disorders by putting into effect a nation-wide educational program—an immense chain of free night schools. The 2,000 K-C councils that are serving as employment bureaus for returned fighting men will form the K-C supplementary school units.

### NATIONAL EDUCATION CAMPAIGN PLANNED.

Leading educators of the United States are conferring in New York this week upon the plan of the Knights of Columbus to inaugurate a nation-wide program of educational work which will be one of the chief features of the great peace task of the organization. The courses proposed are for the 600,000 members of the Knights of Columbus and others not members of the organization who wish to take advantage of the free instruction. A system of night schools will be devised that will extend from the Atlantic to the Pacific. The aim will be to teach practical citizenship and to give young men executive, technical or cultural training that will make their citizenship more effective.

The K. of C. committee in charge of the work includes Supreme Knight James A. Flaherty of Philadelphia, Supreme Secretary William J. McGinley of New York and Supreme Advocate Joseph C. Pelletier of Boston.

## One Minute Store Talk

One of our own "doughboys" just returned to the store, out of curiosity made the rounds of New York clothing stores before coming home. Here's his verdict—

"Talk about service—why they don't know the meaning of the term down east. When I think about how anxious we are to serve men here and the way they handle trade down there I realize now why people swear by us."
