

**STATE OFFICERS WARN AGAINST LYING AGENTS**

Bureau of Securities Denies Endorsing Propositions as Claimed by Smooth Tongued Peddlers.

Prosperity has brought to the state many smooth-tongued stock salesmen who in their quest of the coin have forgotten all principle and have resorted to niggardly means to put over their propositions. The state Bureau of Securities after being informed of this practice has issued the following warning. Readers of The Herald should read this carefully and benefit by the protection therein advanced:

**TO THE INVESTING PUBLIC:**

The attention of the Bureau of Securities, Department of Trade and Commerce, has been directed to the fact that certain and various unscrupulous stock salesmen operating in the state are presenting to prospective purchasers of stock various letters and statements ostensibly drawn and signed by the various members of this department, and recommending the particular stock offered by the salesmen. Accordingly, this statement is issued to advise the people of the state that any and all such letters or statements are the rankest of forgeries and the salesmen using them are attempting to perpetrate a fraud. There has never been, and never will be, any letters or other statements of such character issued by this department or any member thereof, and should such letters or statements be presented it is requested that the individual or individuals to whom such letters or statements are presented put forth every reasonable effort to obtain possession of the forgeries and immediately notify this department of the facts, in order that the proper action may be taken against the forgers. Such notification may be made at the expense of this department.

The department is further aware that statements are being made to the effect that members of the department have purchased stock and are stockholders in various enterprises coming before it. Accordingly, let it be known that this statement is absolutely untrue. The members of this department do not own, hold or control, individually, collectively, or in any other manner, any part or portion of a share or shares of stock in any enterprise and as long as any of said members are members of this department, he or she or they will not make any investments in the stocks or other adventures of any applicant coming within the purview of the department. Kindly inform the department of any contrary statement made, together with the name of the agent or company making it, and the department will take the proper action under the circumstances.

In conclusion, the department would draw the attention of the public to the fact that under the provisions of Art. XX, Chapter 190, of the 1919 Session Laws, it is provided that no person, firm, co-partnership, corporation, company or association (except those specifically exempt under the provisions of the act) shall sell or offer for sale in Nebraska, any stocks, bonds, debentures, certificates of participation, or other instruments in the nature thereof, by whatsoever name known or called, or undivided interests in the capital, property, assets, profits or business of any such individual, co-partnership, corporation, or association, including declaration of trust association, without being licensed by the Bureau of Securities, Department of Trade and Commerce.

Sales or solicitations made in violation of this law are gross misdemeanors and punishable by a fine of not more than \$1,000 for each offense. The public is cautioned to ascertain that the company whose stocks, bonds, debentures, et cetera, are being offered has been licensed by this department; and that the person offering the same carries an agent's license card issued to him by this department. Demand a view of the actual credentials and by so doing co-operate with the department in securing enforcement of the law. In this respect it should be remembered that this department does not and cannot guarantee or recommend any securities, the sale of which is licensed by it, but a permit is a certificate as to the essential soundness of the company at the time the permit was issued. When in doubt write or wire to the department for information on any particulars surrounding the investment offered and same will be furnished without charge of any kind.

Department of Trade and Commerce

**Just to Ourselves.**

It is hard to be really just to ourselves. A great many of us are more lenient with our own faults than with those of other people, while not a few censure themselves far more harshly for a false step than they would think of censuring another. What we should strive for is to be neither too exacting nor too lenient where our shortcomings are concerned, but to give ourselves the benefit of simple justice.

**Food in the Far North.**

Reindeer stew and roast water fowl, bear meat or a walrus stew are among the dishes offered in Labrador, Greenland and Faroe islands. In time a taste may be acquired for these things if one is frozen in long enough to be of a grateful spirit. Coarse bread, plenty of codfish, cranberry jam or a blueberry (dried) cake may help matters along.

**Distinct Variety.**

There are several kinds of fools, including the smart man who thinks he is too smart to get caught.—Atchison Globe.

**HOUSEKEEPER BOOSTING FOR CONCRETE PAVEMENT**

Representative of Portland Cement Association Visited Alliance Wednesday, Boosting for Business.

J. L. Housekeeper of Lincoln, representative of the Portland Cement Association, visited Alliance on Wednesday on business, boosting concrete paving. Mr. Housekeeper is one of the most widely known good roads men in the middle west. While here he made the following statement:

"Concrete pavements are long past the experimental stage, as is evidenced by the quantities contracted for this year—32,000,000 square yards—led by Illinois with 5,000,000 square yards; 8 other states with over 1,000,000 square yards each and 5 states with over 500,000 square yards each.

"Concrete is used for boulevards, as in Chicago, Cleveland and Tulsa, and for the heaviest truck and dray traffic, as at Newport News, Detroit, Belleville and for all kinds of road traffic all over the United States.

"A contract was let at Fremont recently for six miles, on which work was begun. This road will be 18 feet wide. Ainsworth has also commenced work. Other Nebraska towns will let contracts soon."

**To Carry Heavy Loads.**

One way of carrying two buckets of water with the least possible expenditure of energy is the hoop-carrying method of Macedonia. There a small boy will carry a man's load by walking inside a hoop which keeps the weight free from the body and distributes pressure.

**Hardener of Steel.**

Molybdenite, chiefly found in Tasmania, is used for a variety of purposes, but its principal value is in the manufacture of steel, to which it gives a hardness and toughness that makes the steel suitable for use in propeller shafts, guns and boilers.

**Optimistic Thought.**

The greatest saints have their time of faintness.

**Good Furniture is the Only Kind Worth While**

**Y**OU do not buy furniture every day. That's the reason you should be careful when buying. Choose only styles that will please you in years to come. Buy quality that will give you long and satisfactory service. This is the only kind worth buying and is least expensive in the end; as it gives you the most for your money. We have built our business on just this kind of furniture. What ever you may be planning to buy, we are sure you will be interested in our stocks and prices.

Several good sized shipments have been received within the past few weeks and we feel confident that you will realize the good fortune we have had in obtaining these goods especially in consideration of the market conditions and the great delays caused by labor conditions in shipping.

Come in and see what we have; look around as long as you please. It is a pleasure for us to show our goods.

**The BLACK and WHITE SHOW WINDOW**

Everybody gets both pleasure and profit from looking at the ordinary show window. But you get the most from the Black and White Show Window—the advertising columns of your newspaper. Here the best things from your own town and from places far away are displayed. Here you judge the respective merits of articles placed side by side without the glitter and dazzle of lights and mirrors.

People who look at this advertising Show Window buy more intelligently. They purchase knowing the merits of the particular article bought. They know the best products of practically every line of manufacture.

Read the messages directed to you today—every day. Manufacturers miles away and people right here in town, who feel they have something worth talking about, are addressing you. The best of their wares are spread out on these printed pages. They are publicly making certain claims on the fulfillment of which depends their commercial success. These claims are well worth your consideration.

Cultivate a closer acquaintance with advertising. Your pocketbook really stretches if you know where to get the most value for your money. The advertisements give you that knowledge very completely.
