

CALL NEBRASKA TO LEND A HAND

Gentiles Join Jews in Appeal for Relief for Starving, Under Governor McKelvie's Chairmanship.

STATE QUOTA \$400,000.00

Situation Abroad, Despite End of War, Continues to Attract Sympathy of Humanity.

Prominent Nebraskans, without regard to nationality or church creed, are rallying to the support of the campaign being conducted under the chairmanship of Governor S. R. McKelvie for the relief of starving and destitute Jewish War Sufferers of Europe.

The campaign is to end in a "drive" for \$400,000 September 15-22, as Nebraska's part of the \$35,000,000 fund by which America hopes this year to save 6,000,000 people from actual starvation. Nebraska's contribution will supply a part of one of the great cargoes of food and clothing which leave New York at periodical intervals, bearing not merely cheer but literally life itself to the orphaned children, the helpless sick, aged and homeless in Poland, Czechoslovakia, Lithuania, Rumania, Palestine, Siberia and the Balkans.

Gentiles Join Jews.
This campaign is remarkable in that, this year, for the first time, the Jews are accepting the organized support of non-Jews in work for the relief of Jews. Always heretofore, the Jews have cared for their own, the American Jews having contributed \$25,000,000 since the war began for the aid of their co-religionists in Europe.

Seventy-three per cent of all the Jews in the world live in the war-swept countries of Europe. The burden was more than the remaining 27 per cent could carry. It has become, too, more than a religious charity; it is a great humanitarian work for the saving of a race.

European Jewry, because of its location in the center of war's shifting fortunes on the Eastern Front and now in the center of the chaos which has succeeded war, has suffered privations, starvation and destitution beyond imagination. Nebraska, at peace, untouched by war or by the threatening hand of social and economic anarchy, can hardly conceive a situation so pitiable as this which exists across the sea.

This is the situation which brought from President Woodrow Wilson the statement:

"The American public, irrespective of race or creed, should respond liberally to the call for help from stricken Europe."

As Senator Saulsbury of Delaware declared, after joining with all his power in the campaign in Delaware:

"This is not only a Jewish movement; it is a human movement. It will clothe where clothing is needed and feed where feeding is needed; it will go wherever the cry of humanity calls it. It is of human being, for human beings and by human beings."

The Governor's Proclamation. Governor McKelvie has issued the following proclamation:

"To the People of Nebraska:
"Peace has brought us prosperity and plenty, such as we have not known before.

"At the same time, millions of people abroad, who through years of warfare have suffered unparalleled misery, ruin, starvation and death, are now confronted not with the prosperity we enjoy, but with abject misery. Heart-rending, indeed, is the suffering and privation of millions of Jews of Poland, Galicia, Roumania and other parts of war-torn Europe and the East. Their condition stands out among the greatest horrors of history's most horrible war.

"In the face of these terrible conditions, which threaten the extinction of an entire people, I call upon the citizens of the state, without regard to creed or race, to lend their aid in service and in money in behalf of these unfortunate people.

"The Jewish people of Nebraska have answered generously and loyally every call for patriotic and humane service, without ever questioning creed or denomination, and I am confident that the people of Nebraska will come forward gladly and generously in behalf of our stricken human brothers.

"I therefore proclaim the week of September 15, 1919, to September 22, 1919, as JEWISH WAR RELIEF WEEK and I urge every man and woman of our state to aid in the fullest measure in behalf of this worthy cause.

"SAMUEL R. MCKELVIE,
Governor.

Hardener of Steel.
Molybdenite, chiefly found in Tasmania, is used for a variety of purposes, but its principal value is in the manufacture of steel, to which it gives a hardness and toughness that makes the steel suitable for use in propeller shafts, guns and boilers.

A NATION DYING.

In Warsaw, which had not been destroyed, a city of one million inhabitants, one of the most prosperous cities of Europe before the war, the streets were lined with people in the pangs of starvation. Famished and rain-soaked, they squatted there, with their elbows on their knees or leaning against the buildings, too feeble to lift a hand for a bit of money, or a morsel of bread if one offered it, perishing of hunger and cold. Charity did what it could. The rich gave all that they had, the poor shared their last crust. Hundreds of thousands were perishing. Day and night the picture is before my eyes—a people starving, a nation dying.—(From F. C. Walcott. Issued by the United States Food Administration).

Matter All Settled.

My neighbor's son came into the house the other day, leading a child by the hand. We looked our astonishment, when we saw the little quaint stranger, and he immediately made this announcement: "I adopted her; she was all alone and crying, so I adopted her and she can have all my toys, 'cepting my bicycle."—Chicago Tribune.

Differences in Fashion.

In Japan the professional beauty oves to appear with golden teeth; in India she prefers them stained red, but in certain parts of Sumatra no lady who respects herself would condescend to have any front teeth at all.

Optimistic Thought.

The greatest saints have their time of faintness.

Travel is Expensive.

"De Bible say dat de poor you hab wif you always," ruminated Shinbone, "an' I reckon dat's kase dey is too poor ter break away."—Boston Transcript.

But, Alas, He Doesn't.

The golden rule is something which we all believe the other fellow should observe.—Boston Transcript.

Often?

After sixty it is useless for a man to try to look young. He only succeeds in making himself look foolish.—Nebraska State Journal.

Doesn't Talk in Its Sleep.

"My boy," said the successful merchant, "never let your capital be idle. Remember that money talks, but it doesn't talk in its sleep."

THESE FACTS MAKE OMAHA REAL ESTATE AN INVESTMENT WHICH IS SAFE, PAYS A GOOD INCOME AND INCREASES IN VALUE

The demand for Omaha Real Estate is growing daily because the population of Omaha is growing daily.

Investors are paying more for Omaha Real Estate every day.

Some Examples:

A residence at 32nd and Farnam, in 1917 sold for \$40,000. This spring it re-sold for \$50,000. It is now being held for \$75,000.

M. J. Neary, June, 1918, bought Lot 1, Block 131, Dundee Place, for \$2,600, on terms. It brought \$3,500, cash, last April.

Bert Murphy, three years ago, bought a lot in Happy Hollow Circle for \$2,200, on terms. He sold it in May for \$3,900, cash.

Note—E. H. Peuka, Kansas City Realtor, in a speech to the Omaha Real Estate Board, June 5, said Omaha will have 500,000 population in ten years. He's one of many conservative men who have that opinion.
