

**CHANGE IN LOOKS
SURPRISED THEM**

People Astonished By Big Improvement Shown by E. G. Bates After He Takes Tanlac.

"A number of people who ride my car every day have asked me what I've been doing to cause such a wonderful change in my condition, and all the boys who work for the company says they never saw me looking so well," said E. G. Bates, a popular street car motorman, living at 1108 North Park street, Bloomington, Ill., in relating his experience with Tanlac, recently.

"Well, it is astonishing," he continued, "how Tanlac has put me on my feet when I was completely down and out and nothing else ever did me the least bit of good. I certainly do feel thankful and everybody will agree with me that I have the best reasons for praising Tanlac when I tell them I hadn't been able to eat a meal in ten years without suffering agony afterwards. I would almost double up with cramping pains caused by the gas on my stomach and I would get so dizzy and blind that if I hadn't had something to hold on to I would have fallen off my car. If I ventured to eat anything except something very light I would have to lay off for a week and my work was just a drag and a burden to me for years. I was so badly constipated that I had to take a laxative every night, and I took so much strong medicine for indigestion that my stomach was in terrible shape. I got in such a bad fix that I couldn't stay on my run more than half the time and when I did work I was so weak and run down that I was in misery all the time.

"I knew very well I couldn't go much longer unless I got something to help me, but I was at a loss to know what to do. It was about this time that I heard some of the boys talking about what a great medicine Tanlac was. I also noticed in the papers where it had done some good work, so I bought a bottle, and it beats the world the way it helps a man when he's down and out. Just a few doses stopped gas forming of my stomach. Then I quit having cramps and dizzy spells and was so much pleased that I took care never to miss a dose of Tanlac. So I stuck right to the treatment and now I never feel a sign of my old troubles. I am now on my run every day and, as I said, all the boys say they never saw me looking better. But no wonder I'm looking better. I haven't missed eating a big meal three times a day since right soon after I started on Tanlac, and I am never bothered a particle with cramps, dizziness, constipation or anything else. In fact, I am as well and strong as I could wish to be, and I'm here to tell you that's a great change, for I was doubtful about ever being any better.

So it is that I have the best of reasons for feeling thankful and I will always boost Tanlac for the good health I now enjoy." Tanlac is sold in Alliance by F. E. Holsten, in Hemingford by Hemingford Merc. Co., in Hoffland by Mallery Grocery Co.

A PERFECT EAR.

The appeal which the government issued early this year, urging the production of a large crop of vegetables and farm products of all kinds, as a means of assisting America to check the food famine of the Old World, evidently did not fall on deaf ears in this section of the country. An early evidence of this is found in the unusually large number of early entries which have been received by the farm products show to be held at Nebraska's Victory State Fair, Lincoln, Aug. 31 to Sept. 5.

**HOME COMPANY WILL
KEEP MONEY IN STATE**
(Continued from Page 1, Section 2.)

pany has made all necessary deposits with the State of Nebraska. It has complied with all of the necessary laws, and is at the present time writing insurance, and its premiums have amounted to approximately \$100,000 since the company began business, which was in March, 1919, and since that time it has made approximately \$25,000 in profits for its stockholders. We believe it is the duty of the citizens of the State of Nebraska to support any legitimate industry which is organized to better conditions in the State of Nebraska and we feel, beyond a question of doubt, the Liberty Fire Insurance Company will do great things for this State in the way of keeping some of the vast amount of money in the state that is now being paid out to Eastern insurance companies for fire insurance protection. The Liberty Fire Insurance Company will carry large reserves on its premium income, a great part of which will be loaned to Nebraska farmers to help to improve conditions in this state, and we recommend an investment in the capital stock of the Liberty Fire Insurance Company for your consideration.

Physician's High Privileges.
In England the only civilian who has a right to pass through marching troops is the court physician on his way to a royal residence. He can make even the household cavalry open their ranks to him.

A Word from Dr. Todd

*Well Known and Popular
Dentist of Omaha*

DR. G. W. TODD
DENTIST

403 Barker Block

Over Beaton's Drug Store)

Corner 15th & Farnam Sts.

DEAR FRIENDS:

With the completion of eighteen years of practice in Dentistry we find ourselves occupying the largest, most complete and best equipped dental office in the middle west; having recently moved to our new location in the Barker Block, Fifteenth and Farnam streets, occupying the Fourth Floor.

We desire especially to express our appreciation to our friends who read The Alliance Herald, for they have been most cordial in the support of our institution. The many kind words spoken by them in behalf of our work helped to make possible the marked progress we have made.

Sunday hours: 9 a. m. to 12 m. Evening hours by appointment.

Advanced methods in dentistry, many of them the product of our own ingenuity, has contributed largely to the popularity of our service; in this connection we mention with considerable pride the Whole Porcelain Teeth, used in bridge work, and the respirator, which has proven a great success in the relief of pain in delicate dental execution.

Our service is a guaranteed dental service, and we are always glad of the opportunity for inspection of our work to enable us to make good our guarantee.

Our facilities are greater now than ever before, therefore, we are now better prepared than ever to attend your dental needs in a manner which cannot be otherwise than satisfying.

We urge you to call and see us, no matter whether you have work to be done or not, we are always pleased to welcome our friends, and to inform them of the best to be obtained in dentistry, that they may be informed when dental work becomes a necessity for them.

Extending to you every courtesy and hoping to be favored with a visit to our new home, I remain,

Very cordially,

DR. G. W. TODD

Our Progress Sale

Offers Unusual Values in Needed and Wanted Merchandise

FOR

MEN, WOMEN, CHILDREN

and for the Home

People Living in the Vicinity of Omaha

should plan to attend this monstrous sale for it represents great saving possibilities. New merchandise of the most dependable quality is priced lower than probably ever again.

ORDER BY MAIL

if it is inconvenient for you to attend the sale personally. Write to our Mail Order Department and tell them what you want. They will gladly fill your orders while the quantities last.
