Bulk of the sales was made at \$17.45@18.00, with a few up to \$19.00, the day's top. A liberal run of sheep and lambs carried only a small quantity of the

sort, and killing heads were higher than last week, best reaching \$15.25. Old sheep were generally steady and feeding lambs were steady to a little lower, the decline being on the commoner grades.

BOWLES SEPTEMBER LIVE STOCK "DOPE"

The Bowles Live Stock Commission Company of Chicago, Omaha and Kansas City have this to say regarding the live stock situation this week.

"The trade has become accustomed to and expects large receipts of cattle and sheep during this month and next, and the wonderful amount of pasture and other roughness together with the big corn crop already made furnishes a big demand and prices are holding up fairly well.

The agitation and fight against high prices and the packers have about run its course and although we will probably have some further declines we continue to advise shipping whenever you can get cars.

The packers are taking the beef cattle freely but are not competing so much for the better qualities of steers, evidently preferring to have them fed out for later use.

We are getting more of the Nebraska or Sand Hill cattle each week and when more cars are furnished there will be a heavier movement. Good to choice fat steers and heavy feeders \$12.50 to \$14.00; fair to good \$11.00 to \$12.50. Good to choice fat cows and heifers, \$9.00 to \$11.00; fair to good \$7.50 to \$9.00; canners and cutters, 6.00 to \$7.50; stock steers and yearlings, \$8.00 to \$11.00; stock cows and heifers \$6.00 to \$8.50. Quality and weight has most to do with the price, and common to fair kinds always sell at good discounts.

The hog trade is holding between \$17.00 and \$18.00 under light receipts, but we believe hogs will sell considerably lower before December.

Sheep and lambs are still coming in large numbers, in fact all the railroads can haul but the demands keep up wonderfully well and prices are showing some reaction from the bottom.

General conditions are too unsettled to warrant any thing like "plunging" but the world demand for meats, fats, wool, etc., is large and we don't fear prices going so low as to make the live stock "game" unprofitable.

The Bowles Omaha outfit is still showing good gains everywhere, but their organization with plenty of pen room makes it easier to produce good results than ever and any one not receiving their daily papers or the Bowles special letter should write them at once.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross." Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.
