

### PLATFORM OF THE AMERICAN LEGION

E. L. Meyer, Chairman of Alliance Post No. 7, Placed on Important Committee at Convention

E. L. Meyer of Alliance, chairman of Alliance Post No. 7, American Legion of Nebraska, who attended the state convention held recently at Omaha, was made a member of the committee on constitution and by-laws and entrusted with important duties on the committee.

Principles for which the American Legion of Nebraska will stand were announced in resolutions adopted at the meeting. The legion's purposes were stated to be:

Maintenance of liberty, caring for graves of fallen comrades, promotion of 100 per cent Americanism, universal military training, deportation

of alien slacker, punishment of conscientious objectors to war, occasional training of disabled veterans, homes and bonuses for soldiers, government insurance, modification of the court-martial system, prohibition of the use of the legion's name in the interest of any political party or candidate, and favoring affiliation with other "patriotic" societies and men now in the service.

**Guards Liberties Gained in 1776**

The resolutions follow:

**PREAMBLE**

Whereas, the American Legion has assembled for its first annual convention in the state of Nebraska, it is desirable at this time to state clearly and unreservedly to the membership of the legion, to those who have not as yet joined our ranks, and to the general public, the position and purpose of the world war veterans associated in this organization.

The purposes of the American Legion are very clearly defined in both the preamble to the national constitution and the actions taken at the St. Louis caucus; nevertheless at that convention many things of interest to the organization were not discussed, and since that time there have arisen many questions vital to the welfare of returned service men and their country.

At the time of the national caucus it was thought better to await the Minneapolis convention, where a more complete representation might be had and the hopes and aspirations of our members be better known. We must not, however, postpone our action on any of the things that are vital to the soldiers and sailors of our country, nor permit any of the evils that menace the civilization of Europe to gain any foothold in our beloved country.

The American Legion of the state of Nebraska indorses the action of the St. Louis caucus and, in addition thereto, desires to state clearly to the public that it stands squarely for the enforcement of law and order, and the maintenance of American institutions and liberties as fought for in 1776, guaranteed and enunciated in the constitution of the United States and of the state of Nebraska and maintained by the blood of our forefathers and our brothers-in-arms who now lie in foreign graves; and as a complete statement of our position on Americanism and American institutions, be it hereby resolved:

**To Care for Graves**

Whereas, the fundamental purpose of the American Legion is to perpetuate the principles for which our fallen comrades fought and died, and whereas, their graves at home and in foreign soil are and will ever be the shrines at which their country will render them the undying love, honor and devotion due to those who gave their lives that others might live, therefore

Be it resolved, That we pledge ourselves and our country forever to maintain their final resting places as fitting monuments to the nobility of their lives and the glory of their final passing; and to give to their graves, the shrines of our patriotism, that constant care which will insure to our departed comrades the glorious immortality of those who live forever in the memory of the country they died to save.

**For 100 Per Cent Americanism**

Whereas, the American Legion stands for 100 per cent Americanism and for the intelligent exercise of the rights and duties of American citizenship, and

Whereas, we believe that the presence of large numbers of citizens who are uneducated in the English language is detrimental to the welfare of the United States, affording in our country a fertile opportunity for the development of many of the social disorders that now threaten the nations of Europe, therefore

Be it resolved: That this convention pledge its support to the efforts now being made to insure that the education of American children in all schools be conducted in the English language.

**For Military Training**

Whereas, the future military policy of the United States has not been determined by congress, therefore

Be it resolved: That the American Legion of Nebraska favors, as the backbone of a system of national defense, based on the democratic principle of the obligation of every citizen to defend his country in time of peril, a system of universal military training. We believe the details of such a system should be left to congress; but we favor such a system thereof as will make military training a factor in the Americanization of the youth of the land; make the obligation to serve inseparable from the privileges of citizenship; add insure the removal of the civilian army that existed from every part of militarism, and from complete control by any exclusively military organization.

**Would Deport Alien Slackers**

Whereas, a law was passed by congress giving persons within the draft age, who had taken out first papers for American citizenship, the privilege of turning in said first papers to their local exemption boards and thereby becoming exempt from service, and

Whereas, thousands of men within draft age, who had been in this country for many years and had signified their intention to become citizens, took advantage of this law and thereby became exempt from military service, or were discharged from military service by reason thereof, and took lucrative positions in the mills, shipyards and factories; and

Whereas, the continued presence in the United States of these counterfeits Americans is an insult to the 100 per cent true American soldiers and sailors who have returned again to engage in civil pursuits; therefore, be it

Resolved, That the American legion of Nebraska demands that congress immediately enact a law to send these alien slacker, who withdrew their first papers, back to the countries from which they came. The country in which we live and for which we are willing to fight is good enough for us; but this country in which they have lived and prospered, yet were unwilling to fight for, is too good for them.

**Conscientious Objector Probe**

Whereas, at the St. Louis caucus of the American Legion, a resolution

**Less Strain On Your Battery**

It is easier on your starting battery when you use Polarine for engine lubrication.

Because Polarine is made at a below-freezing point temperature it does not congeal and make the engine hard to turn over in cold weather.

Polarine always assures maximum power from your gasoline, too, by maintaining a gas-tight seal between piston rings and cylinder walls. It does not disintegrate at high cylinder heat.

Polarine keeps every bearing and engaging part cushioned against friction. It doesn't cripple an engine with carbon. It is the standard oil for all types of engines and service conditions.
